INDEPENDENT AUDITORS' REPORT

September 6, 2018

Board of Education
Hesperia Community Schools
Hesperia, Michigan

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of *Hesperia Community Schools* (the "District"), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of Hesperia Community Schools as of June 30, 2018, and the respective changes in financial position, thereof and the budgetary comparison of the general fund and the major special revenue fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Implementation of GASB Statement No. 75

As described in Note 15 to the financial statements, the District implemented the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* in the current year. Accordingly, beginning net position of the governmental activities was restated. Our opinion is not modified with respect to this matter.

Restatement

As described in Note 15 to the financial statements, the beginning net position of the governmental activities was restated to correct errors in the Districts long-term debt and deferred outflows of resources reported in the prior year. Our opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules for the pension plan, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued, under separate cover, our report dated September 6, 2018 on our consideration of Hesperia Community Schools' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

HESPERIA COMMUNITY SCHOOLS

Management's Discussion and Analysis

As management of Hesperia Community Schools, we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2018.

Financial Highlights

- The District is required to report its proportionate share of the MPSERS net pension and other postemployment benefit liabilities on the statement of net position. This change has resulted in a deficit net position of governmental activities of \$22,581,394.
- The District's total net position increased by \$778,151.
- As of the close of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$1,288,385, an increase of \$241,886 in comparison with the prior year, which was largely attributable to a reduction in expenditures. The budget was closely monitored and emphasis was placed on reducing all possible expenditures.
- At the end of the current fiscal year, unassigned fund balance of the general fund was \$1,030,502 or 10.7% percent of total general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements, including management's discussion and analysis, budgetary schedules and combining statements for nonmajor and fiduciary funds.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private sector business.

The *statement of net position* presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference being *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused compensated leave).

Both of the government-wide financial statements display functions of the District that are principally supported by taxes and intergovernmental revenues (*governmental activities*). The activities of the District include instruction, supporting services, community services, and food services. The District has no business-type activities as of and for the year ended June 30, 2018.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

HESPERIA COMMUNITY SCHOOLS

Management's Discussion and Analysis

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The District maintains numerous individual governmental funds and one agency fund. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the general fund and food service fund which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. These funds include several debt service funds. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The District adopts an annual appropriated budget for its general and special revenue funds. Budgetary comparison statements or schedules have been provided herein to demonstrate compliance with those budgets.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are *not* available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information*. This is limited to this management's discussion and analysis and the schedules for the MPSERS pension and other postemployment benefit plans immediately following the notes to the financial statements. The combining statements referred to earlier in connection with nonmajor governmental funds and General Fund detailed schedule of revenues, expenditures, and changes in fund balance - budget to actual and Agency Funds statements are presented immediately following the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of the District's financial position. The District reported a deficit net position of \$22,581,394 at June 30, 2018. The requirement to report the District's proportionate share of the MPSERS net pension liability and other postemployment benefit liability on the statement of net position is a significant contributor to this deficit balance. In addition, the debt service payments and depreciation expense of capital assets will impact the District's net position.

HESPERIA COMMUNITY SCHOOLS

Management's Discussion and Analysis

	Net Position	
	2018	2017
Assets		
Current and other assets	\$ 2,340,428	\$ 2,082,756
Capital assets, net	15,617,679	16,098,302
Total assets	<u>17,958,107</u>	<u>18,181,058</u>
Deferred outflows of resources	<u>4,258,151</u>	<u>1,767,236</u>
Liabilities		
Current and other liabilities	21,341,360	17,398,208
Long-term liabilities	22,108,128	19,412,837
Total liabilities	<u>43,449,488</u>	<u>36,811,045</u>
Deferred inflows of resources	<u>1,348,164</u>	<u>1,728,829</u>
Net position		
Net investment in capital assets	(3,537,582)	(4,941,345)
Restricted	113,679	225,462
Unrestricted (deficit)	(19,157,491)	(13,875,697)
Total net position	<u><u>\$(22,581,394)</u></u>	<u><u>\$ (18,591,580)</u></u>

A portion of the District’s net position reflect its investment in capital assets net of related debt (e.g., land, buildings and improvements, machinery and equipment, and vehicles, less any related debt used to acquire those assets that is still outstanding). The District uses these capital assets to provide services to the students it serves; consequently, these assets are not available for future spending. Although the District’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District’s net position represents resources that are subject to other external restrictions on how they may be used. The remaining balance of unrestricted net position, when available, may be used to meet the District’s ongoing obligations to its general programs.

HESPERIA COMMUNITY SCHOOLS

Management's Discussion and Analysis

	Change in Net Position	
	2018	2017
Revenues		
Program revenues:		
Charges for services	\$ 135,682	\$ 136,608
Operating grants and contributions	2,702,869	1,567,711
General revenues:		
Property taxes - operations	891,979	878,804
Property taxes - debt service	1,002,190	1,000,344
Grants and contributions not restricted to specific programs	6,428,293	7,050,053
Unrestricted investment earnings	2,503	1,617
Gain on sale of capital assets	13,895	-
Other revenues	66,224	302,765
Total revenues	<u>11,243,635</u>	<u>10,937,902</u>
Expenses		
Instruction	6,029,581	6,703,660
Supporting services	2,580,949	3,410,736
Community services	15,920	17,134
Food services	501,698	511,262
Interest on long-term debt	740,868	773,324
Unallocated depreciation	596,468	597,351
Total expenses	<u>10,465,484</u>	<u>12,013,467</u>
Change in net position	778,151	(1,075,565)
Net position, beginning of year	(18,591,580)	(17,516,015)
Restatements (Note 15)	<u>(4,767,965)</u>	<u>-</u>
Net position, end of year	<u><u>\$(22,581,394)</u></u>	<u><u>\$(18,591,580)</u></u>

Governmental Activities. Net position increased by \$778,151 compared to a decrease of \$1,075,565 in the prior year. Expenditures decreased largely attributable to changes in staffing with district hired staff with benefits being replaced with contracted employees, a small decrease in food service expenditures, and some debt principal being refinanced resulting in less interest expense on long-term debt.

HESPERIA COMMUNITY SCHOOLS

Management's Discussion and Analysis

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a District's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$1,030,502, while the total fund balance was \$1,073,213. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance and total fund balance represent 10.7% and 11.1%, respectively, of total general fund expenditures.

The fund balance of the District's general fund increased by \$252,176, or 30.7% from the prior year. The reason for the increase in the fund balance was attributed to staffing that resulted in less expenditures than anticipated. The District also monitored the budget closely with the intent of reducing expenditures when it reasonably could.

The fund balance of the District's food service fund increased by \$3,752 from the prior year. The reason for the increase was attributed to increase in food sales.

General Fund Budgetary Highlights

Amendments to the original adopted budget are passed in order to reflect changes in information and circumstances. Some of the more significant changes between the original adopted and final amended budgets were:

- The budget for state revenue sources increased based on the results of the actual count in the fall of 2017 and the adjustment for Section 25 students. Also included were some additional grants that the District received.
- Budgeted revenue and expenditures for certain federal awards increased because the full outstanding award balance is budgeted upon notification of award receipt which was unknown at the time of the original budget adoption.

In accordance with State statute, the District is prohibited from amending the budget after year-end. As the District's books are not closed for accounting purposes at that point, a certain level of estimation is required in determining actual expenditures. Some of the more significant differences between the final amended budget and the actual financial results were:

- General fund supportive services expenditures decreased by \$95,933 from amended budget to actual. The reason for the decrease was attributed to decreases in spending at the various function levels resulting from staffing changes, less spending for professional development, grant carryovers, less utility expenditures than estimated, less in transportation costs than estimated, and overall budget monitoring with the intent of reducing expenditures where the District could.

HESPERIA COMMUNITY SCHOOLS

Management's Discussion and Analysis

- General fund state revenues decreased by \$37,040 from amended budget to actual. The reason for the decrease was attributed to the carryover in At Risk funds due to not spending as much as anticipated.

Capital Asset and Debt Administration

Capital Assets. The District's investment in capital assets for its governmental activities as of June 30, 2018 amounted to \$15,617,679 (net of accumulated depreciation). Significant additions included renovations and additions to the District's facilities funded through voter-approved bond issues. Capital assets at year-end included the following:

	Capital Assets (Net of Depreciation)	
	2018	2017
Land	\$ 75,012	\$ 75,012
Buildings and improvements	14,221,314	14,580,045
Furniture and equipment	1,037,782	1,059,586
Vehicles	283,571	383,659
Total capital assets, net	<u>\$ 15,617,679</u>	<u>\$ 16,098,302</u>

Additional information on the District's capital assets can be found in Note 7 of this report.

Long-term Debt. At the end of the current fiscal year, the District had total long-term debt outstanding of \$22,108,128. The District's total debt increased by \$88,815 during the current fiscal year as a result the increase in the School Revolving Loan fund. Additionally, the District issued 2017 refunding bonds in the amount of \$4,595,000 to refund a portion of the 2009 refunding bonds.

Additional information on the District's long-term debt can be found in Note 8 of this report.

Factors Bearing on the District's Future

The following factors were considered in preparing the District's budget for the 2018-2019 fiscal year:

- The District increased revenue to reflect the increased foundation allowance. The District is estimating 25 students less in the fall and subtracted prior year one-time revenue sources.
- The District added for staffing cost increases such as retirement, insurance, and wage increases. The District also added additional programming sections to the high school schedule and will replace retired teachers with less costly new teachers.
- The District increased utility costs and other fixed expenditures for inflation.

HESPERIA COMMUNITY SCHOOLS

Reconciliation

Net Change in Fund Balances of Governmental Funds
to Change in Net Position of Governmental Activities
For the Year Ended June 30, 2018

Net change in fund balances - total governmental funds \$ 241,886

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital assets purchased/constructed	161,935
Depreciation expense	(596,468)
Proceeds from sale of capital assets	(59,985)
Gain on sale of capital assets	13,895

Bond proceeds provide current financial resources to governmental funds in the period issued, but issuing bonds increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but a reduction in long-term debt on the statement of net position.

Principal payments on long-term debt	1,704,835
Issuance of long-term debt	(5,880,721)
Premium on long-term debt	(173,720)
Accrued interest on School Loan Fund added to principal	(53,446)
Payment to refunding bond escrow agent	4,671,059
Amortization of bond premiums and discounts, net	47,127
Amortization of deferred charge on advance bond refunding	(30,991)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.

Change in the net pension liability and related deferred amounts	810,862
Change in the net other postemployment benefit liability and related deferred amounts	12,233
Change in accrued interest payable on bonds	17,540
Change in compensated absences payable	(107,890)

Change in net position of governmental activities \$ 778,151

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies of Hesperia Community Schools (the “District”), consistently applied in the preparation of the accompanying financial statements, is as follows:

The Reporting Entity

As required by generally accepted accounting principles, these financial statements present the reporting entity of Hesperia Community Schools. The criteria identified in GAAP, including financial accountability, have been utilized in identifying the District’s reporting entity which includes no component units.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The District had no *business-type activities* during the year ended June 30, 2018.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental and fiduciary funds even though the latter is excluded from the government-wide financial statements.

Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. The agency fund follows the accrual basis of accounting, but does not have a measurement focus.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period or within one year for expenditure-driven grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

Property taxes, State aid, expenditure-driven grant revenue and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

General fund - This fund is the District's primary operating fund. It accounts for all financial resources not accounted for and reported in another fund.

Food Service fund - This fund accounts for the District's food service operations.

Additionally, the District reports the following fund types:

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

Agency funds are used to account for resources held on the behalf of other individuals and governments.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. The District had no capital grants and contributions for the year ended June 30, 2018. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes, unrestricted grants and interest income.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

The effect of interfund activity has been eliminated from the government-wide financial statements.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

Property Taxes

Property taxes are recognized as revenue in the general and debt service funds on a levy year basis. The 2017 levy amounts are recognized as current property tax revenue to the extent that they are collected during the year or within 60 days after year-end. Collections of delinquent taxes in subsequent years are recognized as property tax revenues in the year collected. Property taxes are levied December 1 on the assessed valuation of property located in the District as of the preceding December 31, the lien date. Assessed values are established annually by the various governmental units within the District and are equalized by the State of Michigan.

Cash and Cash Equivalents

The District considers all highly liquid investments with an original maturity of three months or less when purchased to be cash and cash equivalents.

Investments

Investments consist of participation in an external investment pool. In accordance with GASB 79, the District's shares are recorded at amortized cost, which approximates fair value.

State statutes authorize the District to invest in:

- a. Bond, securities, other obligations and repurchase agreements of the United States, or an agency or instrumentality of the United States.
- b. Certificates of deposit, savings accounts, deposit accounts, depository receipts of a qualified financial institution.
- c. Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
- d. Bankers acceptances of United States banks.
- e. Obligations of the State of Michigan and its political subdivisions that, at the time of purchase are rated as investment grade by at least one standard rating service.
- f. Mutual funds registered under the Investment Company Act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- g. External investment pools as authorized by Public Act 20 as amended through December 31, 1997.

Receivables

The District follows the practice of recording revenues that have been earned but not yet received as receivables. Receivables consist primarily of state aid payments from the State of Michigan and federal grant funds earned but not yet collected. No amounts have been identified as potentially uncollectible by management, and therefore, no amount has been recorded as a provision for bad debts.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

Other Assets

Inventories consist of office supplies and food items. Inventories are stated at cost (first in, first out). Payments to vendors for services that will benefit periods beyond a fund's fiscal year-end are recorded as prepaid items in both the government-wide and fund financial statements.

Capital Assets

Capital assets, which include property and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$500 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition cost at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Capital assets of the District are depreciated using the straight line method over the following estimated useful lives:

	Years
Buildings and improvements	15-50
Furniture and equipment	5-10
Vehicles	5-20

Deferred Outflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future periods and will not be recognized as an outflow of resources (expense/expenditure) until then. The District reports deferred outflows for the charge on advance refunding. This amount represents the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The District also reports deferred outflows of resources related to the net pension liability and the net other postemployment benefit liability. A portion of these costs represent contributions to the plan subsequent to the plan measurement date.

Salaries Payable and Accrued Employee Benefits

A liability is recorded at June 30, 2018 for those amounts owed to teachers and other employees of the District who do not work during the summer when school is not in session but have elected to have their salaries paid over an entire year. This has the effect of properly charging their salaries to expenditures in the fiscal year in which their services are received, even though they are not paid until July and August of the following fiscal year.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

The liability for accrued retirement and the employer share of FICA related to the salaries payable has been recorded as has the liability for employee health insurances for the months of July and August. The District pays these insurances for this period as a part of the compensation for services rendered in the preceding school year.

Compensated Absences

It is the District's policy to permit employees to accumulate various earned but unused vacation and sick pay benefits. These accrued when earned in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations or retirements.

Deferred Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time. The governmental funds also report unavailable revenues, which arise only under a modified accrual basis of accounting that are reported as deferred inflows of resources. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The District reported deferred inflows in governmental funds at June 30, 2018 for amounts related to pension and other postemployment benefit costs in the government-wide statement of net position.

Long-term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the related bonds using the straight-line method which approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognized bond premiums and discounts, during the current period. The face amount of debt issued is reported as an other financing source. Discounts and premiums on debt issuances are reported as other financing uses and sources, respectively.

Fund Equity

Governmental funds report nonspendable fund balance for amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Restricted fund balance is reported when externally imposed constraints are placed on the use of resources by grantors, contributors, or laws or regulations of other governments. Committed fund balance is reported for amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Education. A formal resolution of the Board of Education is required to establish, modify, or rescind a fund balance commitment. The District reports assigned fund balance for amounts that are constrained by the District's intent to be used for specific purposes, but are neither restricted nor committed. Assignments are made by the Board of Education and this authority has not been delegated. Unassigned fund balance is the residual classification for the general fund.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

When the District incurs an expenditure for purposes for which various fund balance classifications can be used, it is the District's policy to use restricted fund balance first, then committed fund balance, assigned fund balance, and finally unassigned fund balance.

Interfund Transactions

During the course of normal operations, the District has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as transfers. Operating subsidies are also recorded as transfers. The amounts recorded as subsidies or advances are determined by the District. Balances outstanding at year-end are reported as due to/from other funds.

Pensions and Other Postemployment Benefits

For purposes of measuring the net pension and other postemployment benefit liabilities, deferred outflows of resources and deferred inflows of resources related to pension and other postemployment benefits, and pension other postemployment benefits expense, information about the fiduciary net position of the Plan and additions to/deductions from the plan fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. ACCOUNTABILITY AND BUDGETARY COMPLIANCE

Budgets and Budgetary Accounting

Budgets are adopted for general and special revenue funds as required by state law and are adopted on a basis consistent with generally accepted accounting principles (GAAP). The District considers the debt service payment schedule to be an adequate budgetary control for the debt service funds. The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. The Superintendent submits to the Board a proposed operating budget for the fiscal year commencing the following July 1.
2. Public hearings are conducted to obtain taxpayer comments.
3. The budget is legally enacted through passage of a resolution.
4. Formal budgetary integration is employed as a management control device during the year for all governmental funds.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

5. Adoption and amendments of all budgets used by the District are governed by Public Act 621, which was followed for the year ended June 30, 2018. Expenditures may not exceed appropriations at the function code level. The appropriations resolutions are based on the projected expenditures budget of the department heads of the District. Any amendment to the original budget must meet the requirements of Public Act 621. Any revisions that alter the total expenditures of any fund must be approved by the Board of Education.

3. STATE OF MICHIGAN SCHOOL AID

The District reports State of Michigan school aid in the fiscal year in which the District is entitled to the revenue as provided by State of Michigan school aid appropriation acts. State funding represented 83% of the District's general fund revenue during the 2018 fiscal year.

4. DEPOSITS AND INVESTMENTS

The captions on the financial statements relating to cash and investments are as follows:

	Governmental Activities	Fiduciary Funds	Total
Cash and investments	\$ 681,704	\$ 62,843	\$ 744,547

Cash and investments are comprised of the following at year-end:

Checking and savings accounts	\$ 740,848
Investments	3,599
Cash on hand	100
Total	\$ 744,547

Cash and cash equivalents are comprised of deposits in various financial institutions located in Michigan. State policy limits the District's investing options to financial institutions located in Michigan. All accounts are in the name of the District and a specific fund or common account.

The District chooses to disclose its investments by specifically identifying each. As of year-end, the District had investments in the Michigan Liquid Asset Fund Plus (MILAF+) Max and management series in the amount of \$3,599. Investments in MILAF+ are carried at amortized cost, in accordance with GASB Statements 72 and 79.

Investment and Deposit Risk

Interest Rate Risk. State law limits the allowable investments and the maturities of some of the allowable investments as identified in Note 1 of the summary of significant accounting policies. The District's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The MILAF+ investment does not have a stated maturity date.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

Credit Risk. State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of District's specific financial institutions, qualified mutual funds, and qualified external investment pools as identified in Note 1 (summary of significant accounting policies). The investment policy does not have specific limits in excess of State law on investment credit risk. The District's investments were rated by Standard and Poors as AAAM as of year-end.

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned. The District minimizes this risk by pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors to be in compliance with the requirements set forth in the District's investment policy. As of year-end, \$694,911 of the District's bank balance of \$1,095,601 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Custodial Credit Risk - Investments. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District minimized this risk by pre-qualifying the financial institutions, brokers/dealers, intermediaries and advisors to be in compliance with the requirements set forth in the District's investment policy. The District is exposed to no custodial credit risk on its investments because they are held in the name of the District.

Concentration of Credit Risk. State law limits allowable investments but does not limit concentration of credit risk as identified in Note 1 of the summary of significant accounting policies. The District's investment policy does not have specific limits in excess of state law on concentration of credit risk. All investments held at year-end are reported above.

5. RECEIVABLES AND PAYABLES

Receivables in the government-wide financial statements at June 30, 2018 are as follows:

	Governmental Activities
Due from other governments	\$ 1,612,954

Accounts payable and accrued liabilities in the government-wide financial statements at June 30, 2018 are as follows:

	Governmental Activities
Accounts payable	\$ 196,311
Accrued liabilities	813,597
Interest payable on long-term debt	101,493
Totals	\$ 1,111,401

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

6. INTERFUND RECEIVABLE, PAYABLES AND TRANSFERS

At June 30, 2018, interfund receivables and payables consisted of the following:

	Due From	Due To
General fund	\$ -	\$ 34,771
Food Service fund	34,771	-
	<u>\$ 34,771</u>	<u>\$ 34,771</u>

The District often reports interfund balances between many of its funds. These interfund balances result primarily from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Transfer Out	Transfers In
	General Fund
Food Service fund	<u>\$ 12,060</u>

Transfers are used to: (1) move revenues from the fund that is required to collect them to the fund that is required or allowed to expend them; (2) move receipts restricted to or allowed for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due; and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

7. CAPITAL ASSETS

A summary of changes in capital assets activity for the year ended June 30, 2018 was as follows:

	Beginning Balance	Additions	Disposals	Transfers	Ending Balance
Governmental activities					
Capital assets, not being depreciated:					
Land	\$ 75,012	\$ -	\$ -	\$ -	\$ 75,012
Capital assets, being depreciated:					
Buildings and improvements	19,715,141	-	-	-	19,715,141
Furniture and equipment	2,892,113	161,935	(22,909)	-	3,031,139
Vehicles	1,489,653	-	(847,339)	-	642,314

8. LONG-TERM DEBT

The following is a summary of long-term debt transactions of the District for the year ended June 30, 2018:

	Beginning Balance	Additions	Deductions	Ending Balance	Due Within One Year
Governmental activities					
General obligation bonds	\$ 19,981,142	\$ 4,595,000	\$ (6,008,740)	\$ 18,567,402	\$ 1,672,402
Installment purchase agreements	256,326	116,392	(71,095)	301,623	99,813
Total installment debt	<u>20,237,468</u>	<u>4,711,392</u>	<u>(6,079,835)</u>	<u>18,869,025</u>	<u>1,772,215</u>
Unamortized premiums and discounts	856,041	173,720	(47,127)	982,634	49,139
School Revolving Loan	802,179	1,222,775	-	2,024,954	-
Compensated absences	123,625	157,890	(50,000)	231,515	83,331
Total governmental activities	<u>\$ 22,019,313</u>	<u>\$ 6,265,777</u>	<u>\$ (6,176,962)</u>	<u>\$ 22,108,128</u>	<u>\$ 1,904,685</u>

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

The District's installment debt consists of the following items:

	Ending Balance	Due Within One Year
2009 refunding bonds due in amounts ranging from \$300,000 to \$335,000 plus interest at 3.75-4.30% through 2025.	\$ 2,200,000	\$ 325,000
2009 building and site bonds due in amounts ranging from \$210,000 to \$215,000 plus interest at 3.25-3.50% through 2018.	215,000	215,000
2016 school bond loan refunding bonds due in amounts ranging from \$765,000 to \$975,000 plus interest at 1.49-2.53% through 2023.	4,500,000	825,000
2016 refunding bonds due in amounts ranging from \$290,000 to \$355,000 plus interest at 4.00% through 2038.	7,040,000	290,000
2017 refunding bonds due in amounts ranging from \$215,000 to \$290,000 plus interest at 3.00% through 2038.	4,595,000	-
2014 qualified zone academy bonds (QZAB) due in annual installments of \$17,402 plus interest of 4.73% through 2019.	17,402	17,402
2016 bus installment purchase agreement due in annual installments of \$45,594 plus interest of 1.69% through 2019.	45,594	45,594
2016 IPA installment purchase agreement due in amounts ranging from \$25,487 to \$29,338 plus interest of 2.5% through 2023.	139,637	26,556
2017 computer installment purchase agreement due in amounts ranging from \$27,663 to \$30,564 plus interest of 3.38% through 2022.	116,392	27,663
Total	\$ 18,869,025	\$ 1,772,215

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

Future principal and interest payment requirements on outstanding installment debt are as follows:

Year Ended June 30,	Principal	Interest	Total
2019	\$ 1,772,215	\$ 599,029	\$ 2,371,244
2020	1,785,820	548,896	2,334,716
2021	1,873,039	497,429	2,370,468
2022	1,873,615	439,903	2,313,518
2023	1,914,336	349,243	2,263,579
2024-2028	3,710,000	1,350,800	5,060,800
2029-2033	3,040,000	796,400	3,836,400
2034-2038	2,900,000	260,600	3,160,600
Totals	\$ 18,869,025	\$ 4,842,300	\$ 23,711,325

Advance refunding. During 2018, the District issued \$4,495,000 of 2017 Refunding Bonds to purchase U.S. government securities that were placed in an escrow fund for the purpose of generating resources for all future debt service payments of \$4,375,000 for the 2009 Refunding Bonds. As a result of the refunding, the bonds are considered defeased and the liability has been removed from the statement of net position. The refunding resulted in a savings of \$674,823 and an economic gain of \$544,751. The balance of defeased bonds outstanding as of June 30, 2018 was \$4,375,000, which represents amounts placed in escrow as part of the 2017 debt refunding.

The State of Michigan school loan funds represent amounts borrowed from the State of Michigan school bond loan program to supplement property tax revenue for making payments on the District's general obligation bonds. Although interest accrues each year, no payment is due until such time as the District's property tax revenue is sufficient to support the debt service requirements on the general obligation bonds. Changes to the school loan funds for the year ended June 30, 2018, are as follows:

	School Loan Revolving Fund		
	Principal	Interest	Total
Beginning balance	\$ 802,179	\$ -	\$ 802,179
Additions	1,169,329	53,446	1,222,775
Deductions	-	-	-
Ending balance	\$ 1,971,508	\$ 53,446	\$ 2,024,954

Compensated absences are expected to be liquidated by the general and food service funds.

Bond issuances are expected to be liquidated by the debt service funds while QZAB bonds and installment purchase agreements are expected to be liquidated by the general fund.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

On August 31, 2017, the District received proceeds of a State Aid Anticipation Note in the amount of \$1,700,000 which was repaid in full prior to year-end. The interest rate at June 30, 2018 was .94%.

	Beginning Balance	Additions	Deletions	Ending Balance
Note payable	\$ -	\$ 1,700,000	\$ (1,700,000)	\$ -

9. PENSION AND OTHER POSTEMPLOYMENT BENEFITS PLANS

Plan Description

The Michigan Public School Employees' Retirement System (the "System" or MPSERS) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (the "State") originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the provisions of the System. The board consists of twelve members - eleven appointed by the Governor and the State Superintendent of Instruction, who serves as an ex-officio member.

The System's pension plan was established by the State to provide retirement, survivor and disability benefits to public school employees. In addition, the System's health plan provides all retirees with the option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employees' Retirement Act (1980 PA 300 as amended).

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State Treasurer serves as the investment officer and custodian for the System.

The System's financial statements are available at the ORS website at www.michigan.gov/orsschools.

Pension Benefits Provided

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Depending on the plan option selected, member retirement benefits for are determined by final average compensation, years of service, and a pension factor ranging from 1.25% to 1.50%. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

A DB member plan member who leaves Michigan public school employment may request a refund of his or her member contributions to the retirement system account if applicable. A refund cancels a former member's rights to future benefits. However, returning members who previously received a refund of their contributions may reinstate their service through repayment of the refund upon satisfaction of certain requirements.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

Other Postemployment Benefits Provided

Benefit provisions of the postemployment healthcare plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage, which, through 2012, was funded on a cash disbursement basis. Beginning fiscal year 2013, it is funded on a prefunded basis. The System has contracted to provide the comprehensive group medical, prescription drug, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by the System with the balance deducted from the monthly pension of each retiree healthcare recipient. For members who first worked before July 1, 2008, (Basic, MIP-Fixed, and MIP Graded plan members) the subsidy is the maximum allowed by statute. To limit future liabilities of Other Postemployment Benefits, members who first worked on or after July 1, 2008 (MIP-Plus plan members) have a graded premium subsidy based on career length where they accrue credit towards their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012 sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date. Dependents are eligible for healthcare coverage if they meet the dependency requirements set forth in Public Act 300 of 1980, as amended.

Public Act 300 of 2012 granted all active members of the Michigan Public School Employees Retirement System, who earned service credit in the 12 months ending September 3, 2012 or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's transition date, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above, or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contribution to retiree healthcare as of the day before their transition date, and their prior contributions were deposited into their 401(k) account.

Contributions

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of active and retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis. The unfunded (overfunded) actuarial accrued liability as of the September 30, 2016 valuation will be amortized over a 20-year period for the 2017 fiscal year.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

The table below summarizes pension contribution rates in effect for fiscal year 2018:

Benefit Structure	Member Rates	Employer Rates
Basic	0.00% - 4.00%	17.89% - 19.03%
Member Investment Plan (MIP)	3.00% - 7.00%	17.89% - 19.03%
Pension Plus	3.00% - 6.40%	16.61% - 18.40%
Pension Plus 2	6.20%	19.74%
Defined Contribution	0.00%	13.54% - 15.27%

Required contributions to the pension plan from the District were \$1,498,043 for the year ended June 30, 2018.

The table below summarizes OPEB contribution rates in effect for fiscal year 2018:

Benefit Structure	Member Rates	Employer Rates
Premium Subsidy	3.00%	5.91% - 7.67%
Personal Healthcare Fund (PHF)	0.00%	5.69% - 7.42%

Required contributions to the OPEB plan from the District were 356,670 for the year ended June 30, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the District reported a liability of \$15,031,701 for its proportionate share of the MPSERS net pension liability. The net pension liability was measured as of September 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation rolled forward from September 2016. The District’s proportion of the net pension liability was determined by dividing each employer’s statutorily required pension contributions to the system during the measurement period by the percent of pension contributions required from all applicable employers during the measurement period. At September 30, 2017, the District’s proportion was 0.05801%, which was a decrease of 0.00008% from its proportion measured as of September 30, 2016.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

For the year ended June 30, 2018, the District recognized pension expense of \$1,420,425. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
Differences between expected and actual experience	\$ 130,636	\$ 73,757	\$ 56,879
Changes in assumptions	1,646,842	-	1,646,842
Net difference between projected and actual earnings on pension plan investments	-	718,614	(718,614)
Changes in proportion and differences between employer contributions and proportionate share of contributions	40,454	381,478	(341,024)
	<u>1,817,932</u>	<u>1,173,849</u>	<u>644,083</u>
District contributions subsequent to the measurement date	1,413,804	-	1,413,804
	<u>1,413,804</u>	<u>-</u>	<u>1,413,804</u>
Total	<u>\$ 3,231,736</u>	<u>\$ 1,173,849</u>	<u>\$ 2,057,887</u>

The \$1,413,804 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2019	\$ 136,236
2020	392,066
2021	149,856
2022	<u>(34,075)</u>
Total	<u>\$ 644,083</u>

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2018, the District reported a liability of \$5,156,123 for its proportionate share of the MPSERS net OPEB liability. The net OPEB liability was measured as of September 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation rolled forward from September 2016. The District's proportion of the net OPEB liability was determined by dividing each employer's statutorily required OPEB contributions to the system during the measurement period by the percent of OPEB contributions required from all applicable employers during the measurement period. At September 30, 2017, the District's proportion was 0.05823%.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

For the year ended June 30, 2018, the District recognized OPEB expense of \$344,929. At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
Differences between expected and actual experience	\$ -	\$ 54,898	\$ (54,898)
Net difference between projected and actual earnings on OPEB plan investments	-	119,417	(119,417)
Changes in proportion and differences between employer contributions and proportionate share of contributions	216	-	216
	<u>216</u>	<u>174,315</u>	<u>(174,099)</u>
District contributions subsequent to the measurement date	329,801	-	329,801
	<u>329,801</u>	<u>-</u>	<u>329,801</u>
Total	<u>\$ 330,017</u>	<u>\$ 174,315</u>	<u>\$ 155,702</u>

The \$329,801 reported as deferred outflows of resources related to OPEB resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2019	\$ (42,076)
2020	(42,076)
2021	(42,076)
2022	(42,076)
2023	<u>(5,795)</u>
Total	<u>\$ (174,099)</u>

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

Actuarial Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The total pension and OPEB liabilities in the September 30, 2016 actuarial valuation were determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method	Entry age, normal
Wage inflation rate	3.5%
Investment rate of return:	
MIP and Basic plans (non-hybrid)	7.5%
Pension Plus plan (hybrid)	7.0%
OPEB plans	7.5%
Projected salary increases	3.5% - 12.3%, including wage inflation at 3.5%
Cost of living adjustments	3% annual non-compounded for MIP members
Healthcare cost trend rate	7.5% Year 1 graded to 3.5% Year 12
Mortality	RP-2000 Male and Female Combined Healthy Life Mortality Tables, adjusted for mortality improvements to 2025 using projection scale BB. This assumption was first used for the September 30, 2014 valuation of the System. For retirees, 100% of the table rates were used. For active members, 80% of the table rates were used for males and 70% of the table rates were used for females.
Other OPEB assumptions:	
Opt out assumptions	21% of eligible participants hired before July 1, 2008 and 30% of those hired after June 30, 2008 are assumed to opt out of the retiree health plan
Survivor coverage	80% of male retirees and 67% of female retirees are assumed to have coverages continuing after the retiree's death
Coverage election at retirement	75% of male and 60% of female future retirees are assumed to elect coverage for 1 or more dependents.

Assumption changes as a result of an experience study for the period 2007 through 2012 have been adopted by the System for use in the annual pension valuations beginning with the September 30, 2014 valuation. The total pension liability as of September 30, 2017, is based on the results of an actuarial valuation date of September 30, 2016, and rolled forward using generally accepted actuarial procedures, including the experience study. The recognition period for pension liabilities is 4.5188 years which is the average of the expected remaining service lives of all employees. The recognition period for OPEB liabilities is 5.4744 years which is the average of the expected remaining service lives of all employees. The recognition period for assets is 5 years.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

Long-Term Expected Return on Plan Assets

The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the plan's target asset allocation as of September 30, 2017, are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return	Expected Money-Weighted Rate of Return
Domestic equity pools	28.00%	5.60%	1.56%
Alternative investment pools	18.00%	8.70%	1.57%
International equity	16.00%	7.20%	1.15%
Fixed income pools	10.50%	-0.10%	-0.01%
Real estate and infrastructure pools	10.00%	4.20%	0.42%
Absolute return pools	15.50%	5.00%	0.78%
Short-term investment pools	2.00%	-0.90%	-0.02%
	100.00%		5.45%
Inflation			2.05%
Investment rate of return			7.50%

Discount Rate

A discount rate of 7.5% was used to measure the total pension and OPEB liabilities (7.0% for the Pension Plus plan, a hybrid plan provided through non-university employers only). This discount rate was based on the long term expected rate of return on pension and OPEB plan investments of 7.5% (7.0% for the Pension Plus plan). The projection of cash flows used to determine this discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension and OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension and OPEB plan investments was applied to all periods of projected benefit payments to determine the total pension and OPEB liabilities.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

Sensitivity of District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.5% (7.0% for the Hybrid Plan), as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
District's proportionate share of the net pension liability	\$ 19,581,307	\$ 15,031,701	\$ 11,201,223

Sensitivity of District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the discount rate of 7.5%, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage higher:

	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
District's proportionate share of the net OPEB liability	\$ 6,039,310	\$ 5,156,123	\$ 4,406,573

Sensitivity of District's Proportionate Share of the Net OPEB Liability to Healthcare Cost Trend Rate

The following presents the District's proportionate share of the net OPEB liability calculated using the assumed trend rates, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a trend rate that is 1 percentage point lower or 1 percentage higher:

	1% Decrease (6.5%)	Current Healthcare Cost Trend Rate (7.5%)	1% Increase (8.5%)
District's proportionate share of the net OPEB liability	\$ 4,366,543	\$ 5,156,123	\$ 6,052,636

Pension and OPEB Plans Fiduciary Net Position

Detailed information about the pension and OPEB plan's fiduciary net position is available in the separately issued MPSERS financial statements available on the State of Michigan Office of Retirement Services website at www.michigan.gov/orsschools.

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

Payable to the Pension Plan

At June 30, 2018, the District reported a payable of \$192,816 for the outstanding amount of pension contributions to the Plan required for the year ended June 30, 2018.

Payable to the OPEB Plan

At June 30, 2018, the District reported a payable of \$39,328 for the outstanding amount of OPEB contributions to the Plan required for the year ended June 30, 2018.

10. FUND BALANCES - GOVERNMENTAL FUNDS

In accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the District classifies fund balances based primarily on the extent to which it is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Detailed information on fund balances of governmental funds is as follows:

	General Fund	Food Service Fund	Nonmajor Governmental Funds	Total
Nonspendable Inventory	\$ 42,711	\$ 3,059	\$ -	\$ 45,770
Restricted				
Debt service	-	-	116,439	116,439
Food service program	-	95,674	-	95,674

11. NET INVESTMENT IN CAPITAL ASSETS

The composition of the District's net investment in capital assets as of June 30, 2018, was as follows:

	Governmental Activities
Capital assets:	
Capital assets not being depreciated	\$ 75,012
Capital assets being depreciated, net	15,542,667
	<u>15,617,679</u>
Related debt:	
Installment debt	18,869,025
Premiums/discounts on bonds payable, net	982,634
Deferred loss on advance bond refundings, net	(696,398)
	<u>19,155,261</u>
Net investment in capital assets	<u>\$ (3,537,582)</u>

HESPERIA COMMUNITY SCHOOLS

Notes to Financial Statements

12. CONTINGENCIES

Federal Grant Programs

The District participates in federally assisted grant programs, which are subject to program compliance audits by the grantor or its representatives. Such audits of these programs may be performed at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the District expects such amounts, if any, not to be material.

Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended June 30, 2018, the District carried commercial insurance and participated in a public entity risk pool. The District has had no settled claims resulting from these risks that exceeded their commercial coverage in any of the past three fiscal years.

13. OPERATING LEASE

The District leases nine buses under an operating lease. Operating lease expense for the year ended June 30, 2018 was \$100,324. Future minimum operating lease payments on noncancelable lease terms having initial or remaining lease terms of one year or more are as follows for the years subsequent to June 30, 2018:

Year Ending June 30,	Amount
2019	\$ 84,973
2020	87,191
2021	<u>416,012</u>
Total	<u>\$ 588,176</u>

14. SUBSEQUENT EVENT

On July 11, 2018, the District received proceeds of \$1,800,000 from a State of Michigan School Aid anticipation note due in June 2019. The note has an interest rate of 2.39%.

15. RESTATEMENTS

The District adopted the provisions of GASB Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other Than Pension*, in the current year. As a result of this change beginning net position of governmental activities was decreased by \$5,012,654.

The beginning net position of governmental activities was restated to correct errors in the District's long-term debt and deferred outflows of resources reported in prior year. As a result of this change, beginning net position of governmental activities was increased by \$244,689. The effect on the prior year change in net position was also \$244,689.
