Compiler's note: Senate Bill 393 (SB 393) was enrolled on August 13, 2003, and presented to the governor for her approval on September 8, 2003, at 5:00 p.m. On September 18, 2003, the senate requested that the bill be returned to the senate. The governor granted the senate's request on that same date and returned the bill to that body (without objections), where a motion was made to vacate the enrollment and the motion prevailed. On September 23, 2003, the house of representatives approved a motion to send a letter to the senate agreeing with the senate's request that the governor return SB 393. Neither the Senate Journal nor the House Journal entries reveal any other action taken by the house of representatives regarding the return of SB 393.

In order to determine whether SB 393 had become law, as requested, the attorney general examined whether SB 393 was recalled by concurrent action of the house of representatives and the senate within the 14-day period afforded the governor for vetoing a bill under the last sentence of Const 1963, art 4, § 33: "SB 393 was presented to the Governor on September 8, 2003, at 5:00 p.m. The 14-day period afforded for consideration, measured in hours and minutes, therefore expired on September 22, 2003 at 5:00 p.m. While the Senate had acted to recall the bill within that 14-day period (on September 18, 2003), the House did not. Its action concurring in the request to recall SB 393 was not taken until September 23, 2003. In the absence of concurrent action by both houses of the Legislature within the 14-day period, SB 393 was not effectively recalled and 'further legislative action thereon' was not authorized." The attorney general declared that "in the absence of a return of the bill with objections, SB 393 therefore became law by operation of the last sentence of art 4, § 33." 380.12 Loss of organization and dissolution of school district; attachment of disorganized district to organized school districts; distribution of property; taxation; bonded indebtedness; duties of board of trustees; audit; payment of discrepancy.

Sec. 12. (1) A school district shall lose its organization if there are not enough persons in the district qualified under the law to hold district offices or who will accept the offices. Under either condition, the intermediate school board of the intermediate school district to which the district is constituent shall declare the district dissolved and immediately shall attach the territory, in whole or in part, to other organized school districts and make an equitable distribution of the money, property, and other material belonging to the district among the districts to which the territory is attached.

(2) The property of the disorganized district is subject to all increases in the constitutional limitation on taxes which have been voted by the school electors of the district to which it is attached. The disorganized district shall receive a credit in the amount of a levy remaining to be paid on an outstanding debt in the disorganized district, which shall be paid until debt is retired. The disorganized district shall pay an amount equal to the amount levied for debt retirement by the district to which it is attached not to exceed 5 mills on the state equalized valuation in the disorganized district. All other taxes levied for the purposes of the combined school district, including taxes for the retirement of bonded indebtedness, shall be spread over the entire area of the combined district.

(3) A disorganized district having a bonded indebtedness shall be attached in whole to another school district by the intermediate school board. The identity of the district is not lost because of the attachment, and its territory remains as separate assessing unit for the purpose of the bonded indebtedness until the indebtedness is retired or refunded. The board of the district to which the disorganized district is attached shall constitute the board of trustees for the disorganized district having the bonded indebtedness. Its officers shall be the officers for the disorganized district. The board of the district to which the disorganized district is attached shall certify the levy of taxes for bonded indebtedness in the name of the disorganized district, shall not commingle the debt retirement funds of the disorganized district with those of the district to which it is attached, and shall do all things relative to the bonded indebtedness required by law and by the terms under which the issuance and sale of the bonds were originally authorized. All other taxes levied for the purposes of the combined school district, including taxes levied for the retirement of bonded indebtedness, shall be spread over the entire area of the combined school district.

(4) Upon the attachment of a disorganized district to another school district, the intermediate school board shall audit the assets and liabilities of the disorganized district. If a considerable discrepancy is found, the intermediate school board shall order the receiving district to pay the discrepancy. The disorganized district shall repay that amount from moneys available including voted millage within a time to be determined by the intermediate school board.

Sec. 13. (1) Beginning 3 years after the effective date of the disorganization of a school district which has outstanding bonded indebtedness, the combined school district may assume and pay the obligation of the bonded indebtedness by spreading a debt retirement tax levy uniformly over the territory of the combined school district, if the school electors of the combined school district approve the assumption of the bonded

indebtedness. The assumption of the bonded indebtedness shall not release the territory of the district originally incurring the bonded indebtedness from the final responsibility of paying the obligation. The election may be held following the effective date of attachment at a time when a proposal is made to increase the bonded indebtedness of the combined school district. If the assumption of indebtedness is approved, it shall become effective immediately.

(2) At an election to issue new bonds of the combined school district, outstanding bond issues of the original districts may be refunded as part of the new bond issue. The question of assumption of the indebtedness need not be presented as a separate proposition. If a school district is attached to another school district under section 12, the vote by the school electors of the combined school district may be held at any time following the effective date of attachment.

After the initial election, the members elected under this subdivision shall be elected for a term of 4 years at the November general election held 2 years after the initial election and at the November general election every 4 years thereafter.

(e) Each candidate shall be nominated by the registered school electors of each voting district at the preceding primary election held in the city with the greatest population in which the first class school district is located. The local elections official of the city shall notify the county clerk of the name and address of each candidate not later than 3 days after the last day for candidate withdrawal. 380.501 Public school academy; scope; powers; definitions.

Sec. 501. (1) A public school academy is a public school under section 2 of article VIII of the state constitution of 1963, is a school district for the purposes of section 11 of article IX of the state constitution of 1963 and for the purposes of section 1225 and section 1351a, and is subject to the leadership and general supervision of the state board over all public education under section 3 of article VIII of the state constitution of 1963. A public school academy is a body corporate and is a governmental agency. The powers granted to a public school academy under this part constitute the performance of essential public purposes and governmental functions of this state.

(2) As used in this part:

(a) "Authorizing body" means any of the following that issues a contract as provided in this part:

(i) The board of a school district that operates grades K to 12.

(ii) An intermediate school board.

(iii) The board of a community college.

(iv) The governing board of a state public university.

(b) "Certificated teacher" means an individual who holds a valid teaching certificate issued by the superintendent of public instruction under section 1531.

(c) "Community college" means a community college organized under the community college act of 1966, 1966 PA 331, MCL 389.1 to 389.195, or a federal tribally controlled community college that is recognized under the tribally controlled community college assistance act of 1978, Public Law 95-471, 92 Stat. 1325, and is determined by the department to meet the requirements for accreditation by a recognized regional accrediting body.

(d) "Contract" means the executive act taken by an authorizing body that evidences the authorization of a public school academy and that establishes, subject to the constitutional powers of the state board and applicable law, the written instrument executed by an authorizing body conferring certain rights, franchises, privileges, and obligations on a public school academy, as provided by this part, and confirming the status of a public school academy as a public school in this state.

(e) "Entity" means a partnership, nonprofit or business corporation, labor organization, or any other association, corporation, trust, or other legal entity.

(f) "State public university" means a state university described in section 4, 5, or 6 of article VIII of the state constitution of 1963.

History: Add. 1993, Act 362, Imd. Eff. Jan. 14, 1994;—Am. 1994, Act 416, Eff. Mar. 30, 1995;—Am. 1995, Act 289, Eff. July 1, 1996;—Am. 2003, Act 179, Imd. Eff. Oct. 3, 2003.

Compiler's note: Former § 380.501, which pertained to public school academy, scope, and definitions, was repealed by Act 362 of 1993, Imd. Eff. Jan. 14, 1994.

Senate Bill 393 (SB 393) was enrolled on August 13, 2003, and presented to the governor for her approval on September 8, 2003, at 5:00 p.m. On September 18, 2003, the senate requested that the bill be returned to the senate. The governor granted the senate's request on that same date and returned the bill to that body (without objections), where a motion was made to vacate the enrollment and the motion prevailed. On September 23, 2003, the house of representatives approved a motion to send a letter to the senate agreeing with the senate's request that the governor return SB 393. Neither the Senate Journal nor the House Journal entries reveal any other action taken by the house of representatives regarding the return of SB 393.

In order to determine whether SB 393 had become law, as requested, the attorney general examined whether SB 393 was recalled by concurrent action of the house of representatives and the senate within the 14-day period afforded the governor for vetoing a bill under the last sentence of Const 1963, art 4, § 33: "SB 393 was presented to the Governor on September 8, 2003, at 5:00 p.m. The 14-day period afforded for consideration, measured in hours and minutes, therefore expired on September 22, 2003 at 5:00 p.m. While the Senate had acted to recall the bill within that 14-day period (on September 18, 2003), the House did not. Its action concurring in the request to recall SB 393 was not taken until September 23, 2003. In the absence of concurrent action by both houses of the Legislature within the 14-day period, SB 393 was not effectively recalled and 'further legislative action thereon' was not authorized." The attorney general declared that "in the absence of a return of the bill with objections, SB 393 therefore became law by operation of the last sentence of art 4, § 33." However, the combined total number of contracts for public school academies issued by all state public universities shall not exceed 85 through 1996, and, after the initial evaluation under section 501a, shall not exceed 100 through 1997, 125 through 1998, or 150 thereafter. Further, the total number of contracts issued by any 1 state public university shall not exceed 50 through 1996, and thereafter shall not exceed 50% of the maximum combined total number that may be issued under this subdivision.

The oversight shall be sufficient to ensure that the authorizing body can certify that the public school academy is in compliance with statute, rules, and the terms of the contract.

(5) If the state board finds that an authorizing body is not engaging in appropriate continuing oversight of 1 or more public school academies operating under a contract issued by the authorizing body, the state board may suspend the power of the authorizing body to issue new contracts to organize and operate public school academies. A contract issued by the authorizing body during the suspension is void. A contract issued by the authorizing body before the suspension is not affected by the suspension.

(6) An authorizing body shall not charge a fee, or require reimbursement of expenses, for considering an application for a contract, for issuing a contract, or for providing oversight of a contract for a public school academy in an amount that exceeds a combined total of 3% of the total state school aid received by the public school academy in the school year in which the fees or expenses are charged. 380.503 Public school academy; issuance of contract; petition to place question on ballot; submission to state board; resolution; contents of contract; compliance with applicable laws; governmental immunity; exemption from taxation; acquisition of property.

Sec. 503. (1) An authorizing body is not required to issue a contract to any person or entity. Public school academy contracts shall be issued on a competitive basis taking into consideration the resources available for the proposed public school academy, the population to be served by the proposed public school academy, and the educational goals to be achieved by the proposed public school academy.

(2) If a person or entity applies to the board of a school district for a contract to organize and operate 1 or more public school academies within the boundaries of the school district and the board does not issue the

contract, the person or entity may petition the board to place the question of issuing the contract on the ballot to be decided by the school electors of the school district. The petition shall contain all of the information required to be in the contract application under section 502 and shall be signed by a number of school electors of the school district equal to at least 15% of the total number of school electors of that school district. The petition shall be filed with the school district filing official. If the board receives a petition meeting the requirements of this subsection, the board shall have the question of issuing the contract placed on the ballot at its next regular school election held at least 60 days after receiving the petition. If a majority of the school electors of the school district voting on the question vote to issue the contract, the board shall issue the contract.

(3) Within 10 days after issuing a contract for a public school academy, the authorizing body shall submit to the superintendent of public instruction a copy of the contract and of the application under section 502.

(4) An authorizing body shall adopt a resolution establishing the method of selection, length of term, and number of members of the board of directors of each public school academy subject to its jurisdiction.

(5) A contract issued to organize and administer a public school academy shall contain at least all of the following:

(a) The educational goals the public school academy is to achieve and the methods by which it will be held accountable. To the extent applicable, the pupil performance of a public school academy shall be assessed using at least a Michigan education assessment program (MEAP) test or an assessment instrument developed under section 1279.

(b) A description of the method to be used to monitor the public school academy's compliance with applicable law and its performance in meeting its targeted educational objectives.

(c) A description of the process for amending the contract during the term of the contract.

(d) All of the matters set forth in the application for the contract.

(e) For a public school academy authorized by a school district, an agreement that employees of the public school academy will be covered by the collective bargaining agreements that apply to employees of the school district employed in similar classifications in schools that are not public school academies.

(f) Procedures for revoking the contract and grounds for revoking the contract, including at least the grounds listed in section 507.

(g) A description of and address for the proposed physical plant in which the public school academy will be located.

(h) Requirements and procedures for financial audits. The financial audits shall be conducted at least annually by a certified public accountant in accordance with generally accepted governmental auditing principles.

(6) A public school academy shall comply with all applicable law, including all of the following:

(b) The freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(c) 1947 PA 336, MCL 423.201 to 423.217.

(d) 1965 PA 166, MCL 408.551 to 408.558.

(e) Sections 1134, 1135, 1146, 1153, 1263(3), 1267, and 1274.

(7) A public school academy and its incorporators, board members, officers, employees, and volunteers have governmental immunity as provided in section 7 of 1964 PA 170, MCL 691.1407. An authorizing body and its board members, officers, and employees are immune from civil liability, both personally and professionally, for an act or omission in authorizing a public school academy if the authorizing body or the person acted or reasonably believed he or she acted within the authorizing body's or the person's scope of authority.

(8) A public school academy is exempt from all taxation on its earnings and property. Instruments of conveyance to or from a public school academy are exempt from all taxation including taxes imposed by 1966 PA 134, MCL 207.501 to 207.513. A public school academy may not levy ad valorem property taxes or another tax for any purpose. However, operation of 1 or more public school academies by a school district or intermediate school district does not affect the ability of the school district or intermediate school district to levy ad valorem property taxes or another tax.

(9) A public school academy may acquire by purchase, gift, devise, lease, sublease, installment purchase agreement, land contract, option, or by any other means, hold and own in its own name buildings and other property for school purposes, and interests therein, and other real and personal property, including, but not limited to, interests in property subject to mortgages, security interests, or other liens, necessary or convenient to fulfill its purposes. For the purposes of condemnation, a public school academy may proceed under the uniform condemnation procedures act, 1980 PA 87, MCL 213.51 to 213.75, excluding sections 6 to 9 of that act, MCL 213.56 to 213.59, or other applicable statutes, but only with the express, written permission of the

authorizing body in each instance of condemnation and only after just compensation has been determined and paid.

380.503a Public school academy; power of school or intermediate school district to levy taxes; use of revenues.

Sec. 503a. If a school district or intermediate school district applies for and obtains a contract to operate 1 or more public school academies under this part, the power of the school district or intermediate school district to levy taxes for any purpose under this act is not affected by the operation of a public school academy by the school district or intermediate school district. Sec. 503b. (1) An agreement, mortgage, loan, or other instrument of indebtedness entered into by a public school academy and a third party does not constitute an obligation, either general, special, or moral, of this state or an authorizing body. The full faith and credit or the taxing power of this state or any agency of this state, or the full faith and credit of an authorizing body, may not be pledged for the payment of any public school academy bond, note, agreement, mortgage, loan, or other instrument of indebtedness.

Compiler's note: Senate Bill 393 (SB 393) was enrolled on August 13, 2003, and presented to the governor for her approval on September 8, 2003, at 5:00 p.m. On September 18, 2003, the senate requested that the bill be returned to the senate. The governor granted the senate's request on that same date and returned the bill to that body (without objections), where a motion was made to vacate the enrollment and the motion prevailed. On September 23, 2003, the house of representatives approved a motion to send a letter to the senate agreeing with the senate's request that the governor return SB 393. Neither the Senate Journal nor the House Journal entries reveal any other action taken by the house of representatives regarding the return of SB 393.

In order to determine whether SB 393 had become law, as requested, the attorney general examined whether SB 393 was recalled by concurrent action of the house of representatives and the senate within the 14-day period afforded the governor for vetoing a bill under the last sentence of Const 1963, art 4, § 33: "SB 393 was presented to the Governor on September 8, 2003, at 5:00 p.m. The 14-day period afforded for consideration, measured in hours and minutes, therefore expired on September 22, 2003 at 5:00 p.m. While the Senate had acted to recall the bill within that 14-day period (on September 18, 2003), the House did not. Its action concurring in the request to recall SB 393 was not taken until September 23, 2003. In the absence of concurrent action by both houses of the Legislature within the 14-day period, SB 393 was not effectively recalled and 'further legislative action thereon' was not authorized." The attorney general declared that "in the absence of a return of the bill with objections, SB 393 therefore became law by operation of the last sentence of art 4, § 33." 380.504 Location; operation at other than single site; discrimination prohibited; enrollment; grades offered.

Sec. 504. (1) A public school academy may be located in all or part of an existing public school building. A public school academy shall not operate at a site other than the single site requested for the configuration of

grades that will use the site, as specified in the application required under section 502 and in the contract.

(2) A public school academy shall not charge tuition and shall not discriminate in its pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, or any other basis that would be illegal if used by a school district. However, a public school academy may limit admission to pupils who are within a particular range of age or grade level or on any other basis that would be legal if used by a school district.

(3) Except for a foreign exchange student who is not a United States citizen, a public school academy shall not enroll a pupil who is not a resident of this state. Enrollment in the public school academy may be open to all individuals who reside in this state who meet the admission policy and shall be open to all pupils who reside within the geographic boundaries, if any, of the authorizing body as described in section 502(2)(a) to (c) who meet the admission policy, except that admission to a public school academy authorized by the board of a community college to operate, or operated by the board of a community college, on the grounds of a federal military installation, as described in section 502(2)(c), shall be open to all pupils who reside in the county in which the federal military installation is located. For a public school academy authorized by a state public university, enrollment shall be open to all pupils who reside in this state who meet the admission policy. If there are more applications to enroll in the public school academy than there are spaces available, pupils shall be selected to attend using a random selection process. However, a public school academy may give enrollment priority to a sibling of a pupil enrolled in the public school academy. A public school academy shall allow any pupil who was enrolled in the public school academy in the immediately preceding school year to enroll in the public school academy in the appropriate grade unless the appropriate grade is not offered at that public school academy.

(4) A public school academy may include any grade up to grade 12 or any configuration of those grades, including kindergarten and early childhood education, as specified in its contract. If specified in its contract, a public school academy may also operate an adult basic education program, adult high school completion program, or general education development testing preparation program. The authorizing body may approve amendment of a contract with respect to ages of pupils or grades offered.

Bonds issued under this section shall be full faith and credit obligations of the public school academy, pledging the general funds or any other money available for such a purpose. (2) The governing board of a state public university may act as an authorizing body to issue a contract for the organization and operation of an urban high school academy under this part. Compiler's note: Senate Bill 393 (SB 393) was enrolled on August 13, 2003, and presented to the governor for her approval on September 8, 2003, at 5:00 p.m. On September 18, 2003, the senate requested that the bill be returned to the senate. The governor granted the senate's request on that same date and returned the bill to that body (without objections), where a motion was made to vacate the enrollment and the motion prevailed. On September 23, 2003, the house of representatives approved a motion to send a letter to the senate agreeing with the senate's request that the governor return SB 393. Neither the Senate Journal nor the House Journal entries reveal any other action taken by the house of representatives regarding the return of SB 393.

In order to determine whether SB 393 had become law, as requested, the attorney general examined whether SB 393 was recalled by concurrent action of the house of representatives and the senate within the 14-day period afforded the governor for vetoing a bill under the last sentence of Const 1963, art 4, § 33: "SB 393 was presented to the Governor on September 8, 2003, at 5:00 p.m. The 14-day period afforded for consideration, measured in hours and minutes, therefore expired on September 22, 2003 at 5:00 p.m. While the Senate had acted to recall the bill within that 14-day period (on September 18, 2003), the House did not. Its action concurring in the request to recall SB 393 was not taken until September 23, 2003. In the absence of concurrent action by both houses of the Legislature within the 14-day period, SB 393 was not effectively recalled and 'further legislative action thereon' was not authorized." The attorney general declared that "in the absence of a return of the bill with objections, SB 393 therefore became law by operation of the last sentence of art 4, § 33." 380.524 Site configuration; tuition; discrimination; admission; in-state residency; enrollment priority; grades 9 through 12.

Sec. 524. (1) An urban high school academy may be located in all or part of an existing public school building. Except as otherwise provided in this subsection, an urban high school academy shall not operate at a site other than the single site requested for the configuration of grades that will use the site, as specified in the contract. However, an authorizing body may include a provision in the contract allowing an urban high school academy to operate the same configuration of grades at more than 1 site. If an urban high school academy operates the same configuration of grades at more than 1 site, each of those sites shall be considered to be operated under a separate contract, and the operation shall be equivalent to the issuance of a contract, for the purposes of the limitation in section 522(2) on the number of contracts that may be issued under this part. For the purposes of this subsection, if an urban high school academy operates classes at more than 1 location, the urban high school academy shall be considered to be operating at a single site if all of the locations are within a 1-mile radius of the urban high school academy's central administrative office and if the total number of pupils enrolled in any particular grade at all of the locations does not exceed 125.

(2) An urban high school academy shall not charge tuition. Except as otherwise provided in this section, an urban high school academy shall not discriminate in its pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, or any other basis that would be illegal if used by a school district. However, an urban high school academy may limit admission to pupils who are within a particular range of age or grade level or on any other basis that would be legal if used by a school district and may give enrollment priority as provided in subsection (4).

(3) Except for a foreign exchange student who is not a United States citizen, an urban high school academy shall not enroll a pupil who is not a resident of this state. Enrollment in an urban high school academy shall be open to all pupils who reside in this state who meet the admission policy. Subject to subsection (4), if there are more applications to enroll in the urban high school academy than there are spaces available, pupils shall be selected to attend using a random selection process. An urban high school academy shall allow any pupil who was enrolled in the urban high school academy in the immediately preceding school year to enroll in the urban high school academy in the appropriate grade unless the appropriate grade is not offered at that urban high school academy.

(4) An urban high school academy may give enrollment priority to 1 or more of the following:

(a) A sibling of a pupil enrolled in the urban high school academy.

(b) A child of a person who is employed by or at the urban high school academy or who is on the board of directors of the urban high school academy. As used in this subdivision, "child" includes an adopted child or a legal ward.

(5) Subject to the terms of the contract authorizing the urban high school academy, an urban high school academy shall include at least grades 9 through 12 within 5 years after beginning operations and may include other grades or any configuration of those grades, including kindergarten and early childhood education, as specified in its contract. If specified in its contract, an urban high school academy may also operate an adult basic education program, adult high school completion program, or general education development testing preparation program.

had acted to recall the bill within that 14-day period (on September 18, 2003), the House did not. Its action concurring in the request to recall SB 393 was not taken until September 23, 2003. In the absence of concurrent action by both houses of the Legislature within the 14-day period, SB 393 was not effectively recalled and 'further legislative action thereon' was not authorized." The attorney general declared that "in the absence of a return of the bill with objections, SB 393 therefore became law by operation of the last sentence of art 4, § 33." 380.528 Authorizing body; contracts; agreements; fiscal agent; revocation, issuance, reissuance, or reconstitution of contract.

Sec. 528. (1) An authorizing body that issues a contract for an urban high school academy under this part shall do all of the following:

(a) Ensure that the contract and the application for the contract comply with the requirements of this part.

(b) Within 10 days after issuing the contract, submit to the department a copy of the contract.

(c) Adopt a resolution establishing the method of selection, length of term, and number of members of the board of directors of each urban high school academy that it authorizes.

(d) Oversee the operations of each urban high school academy operating under a contract issued by the authorizing body. The oversight shall be sufficient to ensure that the urban high school academy is in compliance with the terms of the contract and with applicable law. An authorizing body may enter into an agreement with 1 or more other authorizing bodies to oversee an urban high school academy operating under a contract issued by the authorizing body.

(e) Develop and implement a process for holding an urban high school academy board of directors accountable for meeting applicable academic performance standards set forth in the contract and for implementing corrective action for an urban high school academy that does not meet those standards.

(f) Take necessary measures to ensure that an urban high school academy board of directors operates independently of any educational management company involved in the operations of the urban high school academy.

(g) Oversee and ensure that the pupil admission process used by the urban high school academy is operated in a fair and open manner and is in compliance with the contract and this part.

(h) Ensure that the board of directors of the urban high school academy maintains and releases information as necessary to comply with applicable law.

(2) An authorizing body may enter into an agreement with 1 or more other authorizing bodies to carry out any function of an authorizing body under this act.

(3) The authorizing body for an urban high school academy is the fiscal agent for the urban high school academy. A state school aid payment for an urban high school academy shall be paid to the authorizing body that is the fiscal agent for that urban high school academy, which shall then forward the payment to the urban high school academy. Within 30 days after a contract is submitted to the department by an authorizing body under subsection (1), the department shall issue a district code to the urban high school academy for which the contract was issued. If the department does not issue a district code within 30 days after a contract is filed, the state treasurer shall assign a temporary district code in order for the urban high school academy to receive funding under the state school aid act of 1979.

(4) A contract issued under this part may be revoked by the authorizing body that issued the contract if the authorizing body determines that 1 or more of the following have occurred:

(a) Failure of the urban high school academy to abide by and meet the educational goals set forth in the contract.

(b) Failure of the urban high school academy to comply with all applicable law.

(c) Failure of the urban high school academy to meet generally accepted public sector accounting principles.

(d) The existence of 1 or more other grounds for revocation as specified in the contract.

(5) The decision of an authorizing body to issue, reissue, or reconstitute a contract under this part, or to revoke a contract under this section, is solely within the discretion of the authorizing body, is final, and is not subject to review by a court or any state agency. An authorizing body that does not issue, reissue, or reconstitute a contract under this part, or that revokes a contract under this section, is not liable for that action to the urban high school academy, the urban high school academy corporation, a pupil of the urban high school academy, the parent or guardian of a pupil of the urban high school academy, or any other person.

(6) Before an authorizing body revokes a contract, the authorizing body shall consider and take corrective measures to avoid revocation. An authorizing body shall reconstitute the urban high school academy in a final attempt to improve student educational performance or to avoid interruption of the educational process. An authorizing body shall include a reconstituting provision in the contract that identifies these corrective measures, including, but not limited to, removing 1 or more members of the board of directors, withdrawing approval to contract under section 525 for an agreement described in section 1320, or appointing a new board of directors or a trustee to take over operation of the urban high school academy.

(7) If an authorizing body revokes a contract, the authorizing body shall work with a school district or another public school, or with a combination of these entities, to ensure a smooth transition for the affected pupils. If the revocation occurs during the school year, the authorizing body, as the fiscal agent for the urban high school academy under this part, shall return any school aid funds received by the authorizing body that are attributable to the affected pupils to the state treasurer for deposit into the state school aid fund. The state treasurer shall distribute funds to the public school in which the pupils enroll after the revocation pursuant to a

methodology established by the department and the center for educational performance and information.

(8) If an authorizing body revokes a contract issued under this part, the authorizing body may issue a new contract within the 1-year period following the revocation without the new contract counting toward the maximum number of contracts that may be issued under this part.

(9) Not more than 10 days after an urban high school academy's contract terminates or is revoked, the authorizing body shall notify the superintendent of public instruction in writing of the name of the urban high school academy whose contract has terminated or been revoked and the date of contract termination or revocation.

(10) If an urban high school academy's contract terminates or is revoked, title to all real and personal property, interest in real or personal property, and other assets owned by the urban high school academy shall revert to the state. This property shall be distributed in accordance with the following:

(a) Within 30 days following the termination or revocation, the board of directors of an urban high school academy shall hold a public meeting to adopt a plan of distribution of assets and to approve the dissolution of the urban high school academy corporation, all in accordance with chapter 8 of the nonprofit corporation act, 1982 PA 162, MCL 450.2801 to 450.2864.

(b) The urban high school academy shall file a certificate of dissolution with the department of consumer and industry services within 10 business days following board approval.

(c) Simultaneously with the filing of the certificate of dissolution under subdivision (b), the urban high school academy board of directors shall provide a copy of the board of directors' plan of distribution of assets to the state treasurer for approval. Within 30 days, the state treasurer, or his or her designee, shall review and approve the board of directors' plan of distribution of assets. If the proposed plan of distribution of assets is not approved within 30 days, the state treasurer, or his or her designee, shall provide the board of directors with an acceptable plan of distribution of assets.

(d) The state treasurer, or his or her designee, shall monitor the urban high school academy's winding up of the dissolved corporation in accordance with the plan of distribution of assets approved or provided under subdivision (c).

(e) As part of the plan of distribution of assets, the urban high school academy board of directors shall designate the director of the department of management and budget, or his or her designee, to dispose of all real property of the urban high school academy corporation in accordance with the directives developed for disposition of surplus land and facilities under section 251 of the management and budget act, 1984 PA 431, MCL 18.1251.

(f) If the board of directors of an urban high school academy fails to take any necessary action under this section, the state treasurer, or his or her designee, may suspend the urban high school academy board of directors and appoint a trustee to carry out the board's plan of distribution of assets. Upon appointment, the trustee shall have all the rights, powers, and privileges under law that the urban high school academy board of directors had before being suspended.

(g) Following the sale of the real or personal property or interests in the real or personal property, and after payment of any urban high school academy debt secured by the property or interest in property, whether real or personal, the urban high school academy board of directors, or a trustee appointed under this section, shall forward any remaining money to the state treasurer. Following receipt, the state treasurer, or his or her designee, shall deposit this remaining money in the state school aid fund.

Sec. 605. (1) If constituent districts of more than 1 intermediate school district are reorganized into a single school district, the reorganized school district shall be constituent to the intermediate school district designated by the board of the reorganized school district. If a decision is not reached within 30 days after the effective date of the reorganization of the constituent districts, the determination shall be made by the state board.

Sec. 622a. (1) In addition to the annual financial audit required under section 622, an intermediate school district is subject to an audit of the matters described in this section conducted by an independent auditor under the direction of the department of treasury under this section. An audit conducted under this section shall be based in part on an examination of an intermediate school district's accounts, financial records, and accounting procedures and shall address at least 3 of the following aspects of the intermediate school district's operations, as directed by the department of treasury:

(a) Whether intermediate school board members, intermediate school district administrators, and intermediate school district employees are adhering to ethics policies adopted by the intermediate school board or required by state law.

(b) Whether intermediate school board members, intermediate school district administrators, and intermediate school district employees are adhering to conflict of interest policies adopted by the intermediate school board or required by state law. This includes, but is not limited to, policies and practices with regard to contracts in which an intermediate school board member, an intermediate school district administrator, or an intermediate school district employee who is involved in the contracting process, or a family member of an intermediate school board member, an intermediate school district administrator, or an intermediate school district employee who is involved in the contracting process, has a substantial conflict of interest; and policies and practices with regard to an intermediate school district administrator negotiating, handling, presenting, or recommending a contract in which the administrator or a family member of the administrator has a substantial conflict of interest. As used in this subdivision, "substantial conflict of interest" means that term as defined in section 634(5).

(c) Whether a modification to an existing contract was made during the audit period that resulted in an additional financial obligation to the intermediate school district and the modification was not competitively bid. As used in this subdivision, "competitively bid" means that a contract was entered into through a request for information, a request for proposal, or a formal competitive bid process that was advertised and open to the public, and includes a contract entered into on behalf of the intermediate school district by a federal, state, or local governmental entity that performed a request for information, request for proposal, or formal competitive bid process or by a nonprofit corporation or nonprofit association that performed a request for information, request for proposal, or formal competitive bid process.

(d) Whether the intermediate school district's policies and practices for responding to requests received under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, and the intermediate school district's actual responses to requests made during the audit period under that act, were in compliance with that act. This part of the audit shall include, but is not limited to, an examination of whether the costs charged for responding to requests exceeded the costs permitted under that act.

(e) Whether intermediate school board members, intermediate school district administrators, and intermediate school district employees are adhering to travel guidelines and practices adopted by the intermediate school board or required by state law.

(f) Whether the intermediate school district has accurately accounted for and reported all information relating to stipends, salaries, benefits, or other compensation paid to intermediate school district administrators.

(g) Whether the intermediate school district has used public funds in violation of law to pay for food, gifts, or other items that are not used for instructional purposes, as defined by the intermediate school board.

(h) Whether proceeds from a tax levied under section 681 for area vocational-technical education operating purposes or from a tax levied under section 1724a for special education operating purposes have been

expended for a purpose other than the purpose for which the tax was levied.

(2) The department of treasury shall direct the random audits of intermediate school districts under this section as follows:

(a) The department of treasury shall select the intermediate school districts to be audited under this section on a random basis.

(b) The department of treasury shall announce between July 1 and July 15 of each calendar year the intermediate school districts that will be subject that year to an audit under this section for the immediately preceding school fiscal year.

(c) The department of treasury shall select 5 intermediate school districts for audit under this section every 2 years.

(d) Upon request by the department of treasury, the intermediate school district shall notify the department of treasury of the name, address, and contact person of the independent auditor selected by the intermediate school board to perform the annual financial audit for the intermediate school district. The department of treasury shall enter into an agreed-upon procedures agreement with the selected independent auditor, identifying the matters to be audited and establishing the rate of payment, which shall be no more than the rate the department would charge for the same type of audit. The department of treasury shall oversee the conduct of the audit by the independent auditor to the extent the department of treasury considers necessary to meet the purposes of this section.

(e) An intermediate school board and intermediate school district officials shall provide all information requested by the independent auditors or the department of treasury and shall cooperate with them to the fullest extent possible.

(f) The independent auditor shall submit an audit report of the audit to the center for educational performance and information in the form and manner prescribed by the center for educational performance and information. The center for educational performance and information shall submit a copy of the audit report of each audit conducted under this section to the department of treasury, to the applicable intermediate school board, to the senate and house standing committees having jurisdiction over education legislation, to the department, and, subject to subdivision (g), to the attorney general if the department of treasury considers it appropriate.

(g) If the department of treasury determines that an audit conducted under this section has disclosed that the intermediate school board or any intermediate school district official or employee has violated any state law governing the financial operations of an intermediate school district, the department of treasury shall notify the intermediate school district of that determination. If the intermediate school district disputes the determination or claims that the situation has been corrected, within 15 days after receipt of the determination the intermediate school district may submit an appeal of the determination to the department of treasury. Within 90 days after receipt of the appeal, the department of treasury shall consider the appeal and make a determination of whether the initial determination was correct or incorrect and of whether the situation has been corrected. If the department of treasury finds that the initial determination was correct and that the situation has not been corrected, then the department of treasury shall file a copy of the report with the attorney general. The attorney general shall review the report and, if the attorney general considers it appropriate, shall commence or direct the prosecuting attorney for the county in which the violations occurred to commence appropriate proceedings against the intermediate school board or the official or employee. These proceedings shall include at least a civil action in a court of competent jurisdiction for the recovery of any public money determined by the audit to have been illegally expended and for the recovery of any public property determined by the audit to have been converted or misappropriated.

(3) In addition to the intermediate school districts selected for a random audit under subsection (2), the department of treasury may also direct an audit under this section of 1 or more additional intermediate school districts selected by the department of treasury if the department of treasury considers that additional audit or audits to be appropriate. Subsection (2)(d), (e), (f), and (g) applies to an audit under this subsection.

(4) The department and the department of treasury, in consultation with intermediate school districts, shall develop and make available to intermediate school districts the auditing criteria to be used for the purposes of this section.

(7) The department shall post on its website the audit reports it receives under subsection (2)(f).

Sec. 634. (1) Not later than July 1, 2005, each intermediate school board shall adopt and implement a conflict of interest policy designed to avoid conflicts of interest by intermediate school district officials and employees.

(2) Not later than July 1, 2005, each intermediate school board shall adopt and implement a policy to prohibit use of intermediate school district funds or other public funds under the control of the intermediate school district for purchasing alcoholic beverages, jewelry, gifts, fees for golf, or any item the purchase or possession of which is illegal. Subject to subsection (8), the policy may allow the use of public funds for the purchase of a plaque, medal, trophy, or other award for the recognition of an employee, volunteer, or pupil if the purchase does not exceed \$100.00 per recipient. As used in this subsection, "public funds" means funds generated from taxes levied under this act, state appropriations of state or federal funds, or payments made to the intermediate school district for services by a constituent district or any other person, but does not include voluntary contributions made for a specific purpose by an intermediate school board member, an intermediate school district employee, another individual, or a private entity.

(3) The department shall develop and distribute to intermediate school districts a model conflict of interest policy for the purposes of subsection (1) and a model policy meeting the requirements of subsection (2).

(4) Subject to subsection (8), in any 1-month period, an intermediate school board member or intermediate school district administrator shall not accept from a person who does business or seeks to do business of any kind with the intermediate school district any money, goods, or services with a value in excess of \$44.00 if the board member or administrator does not provide goods or services of equal value in exchange. This subsection does not apply to a gift or reward already prohibited under section 1805.

(5) If an intermediate school board member or intermediate school district administrator has a substantial conflict of interest in a proposed contract, the intermediate school board shall not enter into that contract. As used in this subsection, "substantial conflict of interest" means a conflict of interest on the part of an intermediate school board member or intermediate school district administrator in respect to a contract with the intermediate school district that is of such substance as to induce action on his or her part to promote the contract for his or her own personal benefit. In the following cases, there is no substantial conflict of interest:

(a) A contract between the intermediate school district and any of the following:

(i) A corporation in which an intermediate school board member or intermediate school district administrator is a stockholder owning 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owning stock that has a present market value of \$25,000.00 or less if the stock is listed on a stock exchange.

(ii) A corporation in which a trust, if an intermediate school board member or intermediate school district administrator is a beneficiary under the trust, owns 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owns stock that has a present market value of \$25,000.00 or less if the stock is listed on a stock exchange.

(iii) A professional limited liability company organized pursuant to the Michigan limited liability company act, 1993 PA 23, MCL 450.5101 to 450.6200, if an intermediate school board member or intermediate school district administrator is an employee but not a member of the company.

(b) A contract between the intermediate school district and any of the following:

(i) A corporation in which an intermediate school board member or intermediate school district administrator is not a director, officer, or employee.

(c) A contract between the intermediate school district and a constituent district.

(d) A contract awarded to the lowest qualified bidder, upon receipt of sealed bids pursuant to a published notice for bids if the notice does not bar, except as authorized by law, any qualified person, firm, corporation, or trust from bidding. This subdivision does not apply to amendments or renegotiations of a contract or to additional payments under the contract that were not authorized by the contract at the time of award.

(6) If an intermediate school board member, intermediate school district administrator, or an employee of an intermediate school district who recommends, negotiates, or is authorized to sign a contract on behalf of the intermediate school district either is employed by or under contract with a business enterprise with which the intermediate school district is considering entering into a contract or knows that he or she has a family member who has an ownership interest in or is employed by a business enterprise with which the intermediate school district is considering entering into a contract, the board member, administrator, or employee shall disclose this fact to the intermediate school board at a public meeting of the intermediate school board before the intermediate school board enters into the contract. If the intermediate school board receives a disclosure described in this subsection, the intermediate school board shall vote at a public meeting of the intermediate school board on whether or not it considers the relationship described in the disclosure to be a conflict of interest, and shall not enter into the contract without first voting at a public meeting of the intermediate school board to enter into the contract. As used in this subsection, "family member" means a person's spouse or spouse's sibling or child; a person's sibling or sibling's spouse or child; a person's child or child's spouse; or a person's parent or parent's spouse, and includes these relationships as created by adoption or marriage.

(7) An intermediate school board shall ensure that each employment contract with a school administrator employed by the intermediate school district includes both a provision prohibiting the school administrator from engaging in conduct involving moral turpitude and a provision allowing the intermediate school board to void the contract if the school administrator violates the provision prohibiting conduct involving moral turpitude.

(8) Beginning January 1, 2005, the monetary amounts specified in subsections (2) and (4) shall be adjusted each January 1 by multiplying the amount for the immediately preceding year by the percentage by which the average consumer price index for all items for the 12 months ending August 31 of the year in which the adjustment is made differs from that index's average for the 12 months ending on August 31 of the immediately preceding year and adding that product to the maximum amount that applied in the immediately preceding year, rounding to the nearest whole dollar. The adjustment shall apply only to expenditures or violations occurring after the date of the adjusting of the amount. The adjusted amount shall be determined and announced by the department on or before December 15 of each year and shall be provided to all persons requesting the adjusted amount. If the index is unavailable, the department shall make a reasonable approximation.

If the department of treasury determines from the audit report that the proceeds from the tax have been used for a purpose other than area vocational-technical education program operating purposes, as defined under subsection (7), the department of treasury shall notify the intermediate school district of that determination. If the intermediate school district disputes the determination or claims that the situation has been corrected, within 15 days after receipt of the determination the intermediate school district may submit an appeal of the determination to the department of treasury. The intermediate school district shall make this repayment from funds of the intermediate school district that lawfully may be used for making such a repayment.

(7) For the purposes of subsections (5) and (6), the department and the department of treasury, in consultation with intermediate school districts, shall develop and make available to intermediate school

380.690 Nonparticipation or participation by certain school districts in area vocational-technical education program; resolution; election; funding; expenditures; buildings, sites, and equipment.

Sec. 690. (1) A school district of not less than 18,000 pupils, a first class school district, or a school district offering or making available to its pupils a comprehensive vocational education program approved by the state board, may elect not to come under an area vocational-technical education program by resolution adopted by its board not later than 30 days after receipt of notice that the question of establishing the area vocational-technical education program will be submitted to the school electors of the district.

(2) A school district electing not to come under the area vocational-technical education program may thereafter elect to come under the program if at a special or regular school election a majority of the school electors voting approve the operation of the area vocational-technical education program and the annual tax rate for that purpose in effect in the other constituent districts of the intermediate school district.

(3) Except as provided in this subsection, in an intermediate school district where the school electors have voted upon and failed to approve the ballot question set forth in section 681, a combination of 2 or more contiguous constituent districts, by resolution of their boards, may elect to establish an area vocational-technical education program, if approved by resolution of the intermediate district board and designated by the state board. The requirement of contiguity of constituent districts does not apply if 1 or more of the districts that constitute the basis of contiguity declare their intent, by board resolution, not to be part of the proposed area vocational-technical education program. At any time within 6 months after the enactment of the resolution establishing the program in a local school district, school electors equal in number to not less than 5% of the votes cast in the most recent school election may petition their local school district board to submit the resolution to the school district filing official for submission to the electorate, in a form and manner to be prescribed by the secretary of state, and the district's participation in the program shall be terminated if not approved by a majority of the school electors voting on the question.

(4) Area vocational-technical education programs established under this section shall receive appropriate state funding or federal funding allocated by the state board on exactly the same basis as area vocational-technical education programs and centers established by intermediate school districts. Constituent districts establishing an approved area vocational-technical education program under this section may designate, by board resolution, specific amounts of either authorized operating millage or operating millage being requested from the school electors to be utilized solely for the area vocational-technical education program, in a manner to be prescribed by the state board, and the specified amount of millage shall be regarded as area vocational-technical education millage rather than local school district operating millage in all computations made by the state board to determine state aid. The revenue obtained from the millage designated, together with appropriate state and federal funds, may be expended for the same purposes specified for intermediate district programs in sections 684 and 685, including contracts with the intermediate school district, another local school district, or a community college for area vocational-technical education programs, facilities, and services. If constituent districts establish area vocational-technical education programs under this section, buildings, sites, and equipment may be jointly acquired, owned, or leased.

(5) A contiguous school district desiring to become part of an area vocational-technical education program established under this section may do so with the approval of each participating school district, the intermediate school district, and the state board. Constituent districts operating an approved area vocational-technical education program under this section may subsequently elect not to participate, or may thereafter elect to participate, in an intermediate school district vocational-technical education program in exactly the same manner prescribed in this section for school districts of not less than 18,000 pupils, a first class school district, or a school district offering or making available to its pupils a comprehensive vocational education program approved by the state board.

380.692 Charter building authority; section inapplicable after December 31, 1988.

Sec. 692. (1) In an intermediate school district that complies with the following criteria, there may be established pursuant to subsection (3) a charter building authority with boundaries, except as provided by

subsection (2), identical to the boundaries of the intermediate school district:

(a) The intermediate school district is operating under sections 681 to 690.

(b) More than 1 location within the intermediate school district has been designated by the state board of education for providing area vocational-technical education programs.

(c) A building at 1 of the designated locations for providing area vocational-technical education programs has been constructed without utilizing funds from the area vocational-technical education tax levy.

(2) The board of a constituent school district which is in a portion of the intermediate school district not to be served by proposed facilities for which the proposed charter building authority may impose property taxes may elect, by adoption of a resolution within 30 days after receipt of the notice required by subsection (3), not to be included within the charter building authority.

(3) A charter building authority created pursuant to this section shall be governed by the board of the intermediate school district. With the approval of the state board of education, the intermediate school district board may submit to the school electors of those constituent districts that have not elected to be excluded pursuant to subsection (2) the question of coming under this section and of authorizing the charter building authority to impose a specified ad valorem property tax millage rate for not more than 3 years to be used solely for acquiring, purchasing, constructing, and renovating sites and buildings for area vocational-technical education programs operated by the intermediate school district and for purchasing equipment for these facilities. This question shall be submitted at an annual election or at a special election held in each of the participating constituent school districts. The intermediate school district board shall determine the date of the election and shall give notice under section 662 to the secretary of each constituent district at least 60 days before the date of the election. Except as provided by this section, the election shall be called and conducted pursuant to sections 661 and 662.

(4) A charter building authority shall prepare a budget which shall be in the same form as that required in local school districts, and which shall be delivered to the county clerks of the counties in which the charter building authority is located. The county clerk of each county shall deliver the budget to the tax allocation board, which board shall treat the budget as local school district budgets are treated and shall allocate tax rates to the charter building authority for the purposes set forth by this section, except in counties which have established separate tax limitations. Allocations to charter building authorities shall not be made within the 15-mill limitation but shall be within the charter limitations of section 6 of article IX of the state constitution of 1963. The allocations shall not exceed the limit authorized by the election at which the charter building authority was established and any portion of the net limitation tax rate allocated shall be included within the total tax rate authorized to be levied by the charter building authority.

(5) Charter building authority taxes shall be levied, collected, and returned in the same manner as the levy of the intermediate school district.

(6) This section shall not apply after December 31, 1988 and a charter building authority, which may levy taxes within the limitation established by the election at which the charter building authority was established and expend tax revenues for those purposes for which the taxes may be levied, shall not impose a tax levy pursuant to this section that becomes a lien after December 31, 1988.

Sec. 701. (1) Two or more adjoining intermediate school districts may combine to form a single intermediate school district when the reorganization is approved by a majority of the electors of each intermediate school district voting on the question in the regular school elections of the constituent districts.

(2) The question of combining intermediate school districts may be submitted by a resolution of the intermediate school boards meeting in joint session.

(3) The question shall be submitted if petitions signed by a number of school electors of each intermediate school district equal to not less than 5% of the number of pupil memberships on the latest pupil membership count day of the combined constituent districts of the intermediate school district are filed with the school district filing official. Within 30 days after receiving sufficient petitions, the school district filing official shall notify the secretary of the intermediate school district and the secretary shall apply for approval to the superintendent of public instruction. The school district filing official shall submit the question in accordance

with section 661 at the next regular school election after the superintendent of public instruction approves the merger.

(4) The ballots for a ballot question under this section shall be in substantially the following form:

“Shall the following intermediate school districts be organized as a single intermediate school district?

(List names of intermediate school districts)

Yes ()

No ()”.

(5) If the consolidation is approved by a majority of the school electors voting on the question in each of the participating intermediate school districts, the reorganization is effective in the combined intermediate school districts 30 days after the regular school election at which the question is submitted. The reorganized intermediate school district is a single intermediate school district subject to this part.

(6) The members of the intermediate school boards of the original intermediate school districts shall act as an interim board until a board of the combined intermediate school district is elected. The interim board has all the powers and duties of an intermediate school board under this part. The person chosen by the interim intermediate school board as intermediate superintendent shall serve only until a successor is chosen by the elected intermediate school board. The secretary of the intermediate school board having the largest number of pupils in membership in its combined constituent districts at the time of reorganization shall call a meeting of the members of the interim intermediate school board for the purpose of organization within 15 days after the effective date of the reorganization. The school district filing official shall provide for the election of a board of the reorganized intermediate school district under chapter XIV of the Michigan election law, MCL 168.301 to 168.315. At the first election there shall be elected 3 members of a board for 6 years, 2 for 4 years, and 2 for 2 years. Their successors shall be elected biennially for terms of 6 years.

(7) The reorganized intermediate school district shall operate as a single intermediate school district from the effective date of the reorganization. Within 10 days after the reorganization, all accounts of the reorganized intermediate school districts shall be audited in the manner established by the interim intermediate school board. The contracts of the intermediate superintendents in force on the effective date of reorganization continue in effect until the time of their termination except as to position as intermediate superintendents.

(8) If, before reorganization of the intermediate school districts each of the combining intermediate school districts adopted special education programs by referendum as provided in part 30 and approved the same annual property tax rates for the education of handicapped persons, the special education programs and the annual property tax rates shall continue in effect in the reorganized intermediate school district.

Sec. 702. (1) An intermediate school district may be annexed to another intermediate school district if the intermediate school board of the annexing intermediate school district approves the annexation by resolution, and a majority of the school electors of the intermediate school district to be annexed voting on the question at a regular or special school election in the intermediate school district approve the annexation. If prior to annexation the annexing intermediate school district adopts a special education program by referendum as provided in part 30, the intermediate school electors of the intermediate school district to be annexed must vote to adopt that special education program and annual tax rate. The vote on the question shall be by ballot furnished by the school district filing official for the intermediate school district to be annexed. Before the election is held, the annexing intermediate school board shall obtain the approval of the superintendent of public instruction of the proposed annexation.

(2) Within 10 days after the election, the school district filing official shall file the result with the secretary of the intermediate school board, and 5 days later the intermediate school board secretary shall file the election result with the secretary of the intermediate school board of the annexing intermediate school district. Within 15 days after the annexation election the intermediate school board of the annexed intermediate school district shall account to the intermediate school board of the annexing intermediate school district for the money and property in its hands and shall turn over the money and property to that intermediate school board. Property and money belonging to the annexed intermediate school district becomes the property of the annexing intermediate school district. The outstanding indebtedness of the annexed intermediate school

district becomes the liability of the annexing intermediate school district. Upon receipt of the money and property, the members of the annexed intermediate school board shall be released from liability for the money and property and their offices terminated.

(3) The annexation is effective on the latest date on which the election was held in a constituent district of the annexed intermediate school district. The secretary of the intermediate school board of the annexing intermediate school district shall give written notice of the annexation to the superintendent of public instruction within 15 days after the annexation election. Within 30 days after annexation, the board of the annexing intermediate school district shall appoint 2 school electors of the annexed intermediate school district to membership on the intermediate school board of the reorganized intermediate school district, who shall serve until January 1 or, if the intermediate school district's regular school election is held in May, until July 1 after the next intermediate school district election. Notification of the appointments shall be filed with the superintendent of public instruction. If the appointments are not made within the 30 days, the superintendent of public instruction shall make the appointments. At the next intermediate school district election, members of the intermediate school board shall be elected in the number and for the terms required in section 701. The terms of the members of the intermediate school board whose terms have not expired shall determine the terms of the additional members to be elected.

Sec. 703. (1) An intermediate school district comprised of less than 5 constituent districts and having no bonded indebtedness may be disorganized and its constituent districts attached to contiguous intermediate school districts under this section.

(2) The board of each constituent district may request the intermediate school board to prescribe a plan for disorganization of the intermediate school district. Each request shall designate another intermediate school district to which the constituent district desires to be attached. The intermediate school board shall prescribe, by resolution, a plan under which each of the constituent districts will be attached in whole to contiguous intermediate school districts designated in the requests. If the designated intermediate school district is not contiguous, the intermediate school board's plan may prescribe attachment to a contiguous intermediate school district.

(3) The intermediate superintendent of the intermediate school district that is to be disorganized shall give 30 days' notice of the time and place of the meeting of the intermediate school board and of the proposed plan for disorganization by publication of the notice in a newspaper of general circulation in the intermediate school district. The intermediate school board shall present the adopted plan for dissolution to the board of each of its constituent districts and to the intermediate school board of each intermediate school district whose boundaries would be enlarged by the proposal.

(4) The intermediate superintendent of each intermediate school district whose boundaries would be enlarged by the dissolution shall give 30 days' notice of the time and place of the meeting of the intermediate school board and of the recommended plan for enlargement of the intermediate school district by publication of the notice in a newspaper of general circulation in the intermediate school district.

(5) If the intermediate school board of each affected intermediate school district approves the plan for disorganization, the intermediate school board of the intermediate school district to be dissolved shall refer the matter to the superintendent of public instruction for approval. The action of the superintendent of public instruction declaring the intermediate school district dissolved is final. Disorganization of the intermediate school district and attachment of its constituent districts to contiguous intermediate school districts takes effect on July 1 after the date of the approval of the superintendent of public instruction.

(6) The intermediate school boards of the intermediate school districts to which territory is attached by dissolution shall meet jointly, sitting as a single board, and make an equitable distribution of the money, property, and other assets belonging to the disorganized intermediate school district among the intermediate school districts affected. The territory of constituent districts transferred to other intermediate school districts by dissolution shall be subject to all taxes levied for purposes of the intermediate school district to which transferred, including taxes for the retirement of bonded indebtedness, special education programs, and area vocational-technical education programs.

(7) Within 30 days after a district attaches to a contiguous intermediate school district under this section, the board of the intermediate school district whose boundaries have been enlarged by the dissolution may appoint 2 school electors of constituent districts, 1 of whom shall be an elector of the attached district, to membership on the intermediate school board. Intermediate school board members appointed under this subsection serve until January 1 or, if the intermediate school district's regular school election is held in May, until July 1 after the next intermediate school district election. The intermediate school board may determine 1 initial term of less than 6 years for 1 of the additional members to be elected at the intermediate school district election. Notification of an appointment shall be filed with the superintendent of public instruction.

If the question is to be submitted to the intermediate school electors of an intermediate school district having a population of more than 1,400,000, the intermediate school board shall call a special election to be held at the next state primary or general election. If the resolution requirement is met more than 180 days before the next regular school district elections, and if requested in the resolutions, the intermediate school board shall submit the question of levying a regional enhancement property tax within the intermediate school district on the ballot at a special election called by the intermediate school board for that purpose not earlier than 90 days after the resolution requirements are met.

(3) Not later than 10 days after receipt by the intermediate school district of the revenue from the regional enhancement property tax, the intermediate school district shall calculate and pay to each of its constituent school districts an amount of the revenue calculated by dividing the total amount of the revenue by the combined membership of the constituent school districts within the intermediate district, as of the most recent pupil membership count day, and multiplying that quotient by the constituent school district's membership, as of the most recent pupil membership count day for which a final department-audited pupil count is available.

(4) Regional enhancement property tax under this section may be levied for a term not to exceed 20 years, as specified in the ballot question, and may be renewed for the same term with the approval of a majority of the intermediate school electors voting on the question.

380.961 Territory detached from school district having bonded indebtedness; taxes; bond issue; exemptions; collections; payment of present value of pro rata bonded indebtedness; certifications; settlement of bonded indebtedness.

Sec. 961. (1) If territory is detached from a school district which has bonded indebtedness and transferred to another school district, the territory shall remain as part of the district from which detached for the purpose of levying debt retirement taxes for the bonded indebtedness until the bonds are redeemed or sufficient funds are available in the debt retirement fund for that purpose. The transferred territory shall not be part of the school district from which detached for the purpose of a subsequent bond issue, nor shall the detached territory be part of the school district from which detached for tax levies imposed for the purpose of bonded indebtedness created or assumed at a time when the portion of detached territory was not a part of the district or territory approving or assuming the bonded indebtedness. The territory shall be a part of the school district to which transferred for all other purposes.

(2) The territory shall not be subject to debt retirement tax levies for bonded indebtedness of the school district to which transferred existing at the time of transfer until the bonded indebtedness of the school district from which the territory was transferred existing at the time of the transfer is retired or sufficient funds are available and earmarked in the debt retirement fund for that purpose. The board of the school district to which the property is attached, by resolution, may exempt the property from the debt tax levies for not more than 3 years. The school officials of the district to which the territory is attached shall certify required debt retirement levies for the bonds of the school district from which the territory was detached, and the territory over which the levies are to be spread, to the proper taxing officials when certifying other taxes to be levied by the school district. The tax collecting officials shall remit the collections with other tax collections to the school district to which the property is attached. The officials of that school district shall immediately transmit the collections to the school district from which the territory was detached.

(3) The school district to which territory is attached may pay to the school district from which the land is detached the present value of the pro rata bonded indebtedness of the detached territory. The intermediate school board shall certify to the department of treasury the fact of the transfer, the description of the territory transferred, the bonded indebtedness of the school district from which the territory is detached, the assessed valuation of the school district from which the territory is detached, the assessed valuation of the detached territory, and other information the department of treasury may require. The department of treasury shall determine the pro rata share of the bonded indebtedness of the detached territory to the board of the school district from which the territory is detached. The department of treasury shall certify the amount determined to the intermediate school board. The intermediate school board shall certify the amounts to the boards of the school districts affected. The school district to which the territory is transferred may pay the sum to the school district from which the territory has been detached. Settlement of the bonded indebtedness shall be made on the state equalized valuation in the year of transfer. The school district receiving the money shall apply it under the terms and tenor of the bond issue.

(4) A transfer made after September 1 in a given year shall be a part of the territory from which detached for the purpose of the succeeding December tax levy in the year of transfer. Upon settlement of the bonded indebtedness by the school district to which the territory has been attached, the territory is subject to the bond debt retirement tax levy for bonded indebtedness of the school district to which attached existing at the time of transfer. For the purpose of making the settlement, the school district to which the territory is attached may

use up to 15% of state school aid in 1 year.

Constitutionality: Shared time instruction of sectarian, nonpublic school students in and of itself is not violative of the Establishment Clause even where benefits to religion appear substantial; it is only where it is clear that the program was motivated wholly by religious considerations that a conflict with the clause would exist. *Snyder v. Charlotte Schools*, 421 Mich. 517, 365 N.W.2d 151 (1984).

Shared time instruction clearly is not intended to benefit one or all religions; rather, the purpose is secular: to provide educational opportunities at public schools for all resident school-age children whether they attend public or religious or secular nonpublic schools. *Snyder v. 380.1211 Mills levied for school operating purposes; limitation; reduction of mills from which homestead and qualified agricultural property are exempt; effect of insufficient mills allowed to be levied under subsection (1); additional mills; number of mills school district may levy after 1994; approval by school electors; excess tax revenue; shortfall; allocation under property tax limitation act; definitions.

Sec. 1211. (1) Except as otherwise provided in this section and section 1211c, the board of a school district shall levy not more than 18 mills for school operating purposes or the number of mills levied in 1993 for school operating purposes, whichever is less. A principal residence and qualified agricultural property are exempt from the mills levied under this subsection except for the number of mills by which that exemption is reduced under this subsection. The board of a school district with a foundation allowance calculated under section 20 of the state school aid act of 1979, MCL 388.1620, for the 1994-95 state fiscal year of more than \$6,500.00, may reduce the number of mills from which a principal residence and qualified agricultural property are exempted under this subsection by up to the number of mills, as certified under section 1211a, required to be levied on a principal residence and qualified agricultural property for the school district's combined state and local revenue per membership pupil for the school fiscal year ending in 1995 to be equal to the school district's foundation allowance for the state fiscal year ending in 1995, and the board also may levy in 1994 or a succeeding year that number of mills for school operating purposes on a principal residence and qualified agricultural property.

(2) Subject to subsection (3), if the department of treasury determines that the maximum number of mills allowed to be levied under subsection (1) on all classes of property is not sufficient for a school district's combined state and local revenue per membership pupil for the school fiscal year ending in 1995 to be equal to the school district's foundation allowance for that school fiscal year, the board of the school district may levy in 1994 or a succeeding year additional mills uniformly on all property up to the number of mills required for the school district's combined state and local revenue per membership pupil for the school fiscal year ending in 1995 to be equal to the school district's foundation allowance for the state fiscal year ending in 1995.

(3) After 1994, the number of mills a school district may levy under this section on any class of property shall not exceed the lesser of the number of mills the school district is certified by the department of treasury

under section 1211a to levy on that class of property under this section in 1994 or the number of mills required to be levied on that class of property under this section to ensure that the increase from the immediately preceding state fiscal year in the school district's combined state and local revenue per membership pupil, calculated as if the school district had levied the maximum number of mills the school district was allowed to levy under this section regardless of the number of mills the school district actually levied, does not exceed the lesser of the dollar amount of the increase in the basic foundation allowance under section 20 of the state school aid act of 1979, MCL 388.1620, from the immediately preceding state fiscal year or the percentage increase in the general price level in the immediately preceding calendar year. If the number of mills a school district is allowed to levy under this section in a year after 1994 is less than the number of mills the school district was allowed to levy under this section in the immediately preceding year, any reduction required by this subsection in the school district's millage rate shall be calculated by first reducing the number of mills the school district is allowed to levy under subsection (2) and then increasing the number of mills from which a principal residence and qualified agricultural property are exempted under subsection (1).

(4) Millage levied under this section must be approved by the school electors. For the purposes of this section, millage approved by the school electors before January 1, 1994 for which the authorization has not expired is considered to be approved by the school electors.

(5) If a school district levies millage for school operating purposes that is in excess of the limits of this section, the amount of the resulting excess tax revenue shall be deducted from the school district's next regular tax levy.

(6) If a school district levies millage for school operating purposes that is less than the limits of this section, the board of the school district may levy at the school district's next regular tax levy an additional number of mills not to exceed the additional millage needed to make up the shortfall.

(7) A school district shall not levy mills allocated under the property tax limitation act, 1933 PA 62, MCL 211.201 to 211.217a, other than mills allocated to a school district of the first class for payment to a public library commission under section 11(4) of the property tax limitation act, 1933 PA 62, MCL 211.211, after 1993.

(8) As used in this section:

(a) "Combined state and local revenue per membership pupil" means that term as defined in section 20 of the state school aid act of 1979, MCL 388.1620.

(b) "Foundation allowance" means a school district's foundation allowance as calculated under section 20 of the state school aid act of 1979, MCL 388.1620.

(c) "General price level" means that term as defined in section 33 of article IX of the state constitution of 1963.

(d) "Membership" means that term as defined in section 6 of the state school aid act of 1979, MCL 388.1606.

(e) "Owner", "person", "principal residence", and "qualified agricultural property" mean those terms as defined in section 7dd of the general property tax act, 1893 PA 206, MCL 211.7dd.

(f) "School operating purposes" includes expenditures for furniture and equipment, for alterations necessary to maintain school facilities in a safe and sanitary condition, for funding the cost of energy conservation improvements in school facilities, for deficiencies in operating expenses for the preceding year, and for paying the operating allowance due from the school district to a joint high school district in which the school district is a participating school district under former part 3a. Taxes levied for school operating purposes do not include any of the following:

(i) Taxes levied by a school district for operating a community college under part 25.

(ii) Taxes levied under section 1212.

(iii) Taxes levied under section 1356 for eliminating an operating deficit.

(iv) Taxes levied for operation of a library under section 1451 or for operation of a library established pursuant to 1913 PA 261, MCL 397.261 to 397.262, that were not included in the operating millage reported by the district to the department as of April 1, 1993. However, a district may report to the department not later than April 1, 1994 the number of mills it levied in 1993 for a purpose described in this subparagraph that the school district does not want considered as operating millage and then that number of mills is excluded under this section from taxes levied for school operating purposes.

(v) Taxes paid by a school district of the first class to a public library commission pursuant to section 11(4) of the property tax limitation act, 1933 PA 62, MCL 211.211.

(vi) Taxes levied under former section 1512 for operation of a community swimming pool. In addition, if a school district included the millage it levied in 1993 for operation of a community swimming pool as part of its operating millage reported to the department for 1993, the school district may report to the department not

later than June 17, 1994 the number of mills it levied in 1993 for operation of a community swimming pool that the school district does not want considered as operating millage and then that number of mills is excluded under this section from taxes levied for school operating purposes.

Sec. 1225. (1) Subject to restrictions of this section, the board of a local or intermediate school district may borrow money and issue its notes for the borrowed money to secure funds for school operations or to pay previous loans obtained for school operations under this or any other statute. The school board or intermediate school board shall pledge money to be received by it from state school aid for the payment of notes issued under this section. The notes are full faith and credit obligations of the school district or intermediate school district and are payable from tax levies or from unencumbered funds of the school district or intermediate school district in event of the unavailability or insufficiency of state school aid for any reason.

(2) Notes issued under this section shall become due not later than 12 months after the date on which they are issued, except as provided in this section. Except as otherwise provided in this subsection, notes issued within a fiscal year shall not exceed 70% of the difference between the total state aid funds apportioned to the school district or intermediate school district for that fiscal year and the portion already received or pledged, except secondary pledges made under section 1356. Until June 30, 1999, notes issued and sold to the Michigan municipal bond authority within a fiscal year shall not exceed 70% of the difference between the total state aid funds apportioned to the school district or intermediate school district for that fiscal year and the portion already received.

(3) A school district or intermediate school district that is not able to redeem its notes within 12 months after the date on which the notes were issued may enter into a multi-year agreement with a lending institution to repay its obligation. A repayment agreement shall not be executed without the prior approval of an authorized representative of the state board or, for notes sold to the Michigan municipal bond authority only, without the approval of an authorized representative of the department of treasury.

(4) During the last 4 months of a fiscal year, notes may be issued pledging state school aid for the next succeeding fiscal year. Except as otherwise provided in this subsection, the notes shall not exceed 50% of the state school aid apportioned to the school district or intermediate school district for the next succeeding fiscal year or, if the apportionment has not been made, 50% of the apportionment for the then current fiscal year. For the 1997-98 fiscal year only, with the approval of the state treasurer or the department, notes may be issued that shall not exceed 70% of the state school aid apportioned to the school district or intermediate school district for the next succeeding fiscal year or, if the apportionment has not been made, 70% of the apportionment for the then current fiscal year. For the 1998-99 fiscal year only, with the approval of the state treasurer or the department, notes may be issued that shall not exceed 60% of the state school aid apportioned to the school district or intermediate school district for the next succeeding fiscal year or, if the apportionment has not been made, 60% of the apportionment for the then current fiscal year. The notes shall mature not later than 12 months after the date of issuance.

(5) Notes issued under this section are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. Failure of a school district or intermediate school district to receive state school aid does not affect the validity or enforceability of a note issued under this section.

(6) A school board or intermediate school board may make more than 1 borrowing under this section during a school year.

(7) In addition to other powers under this section, with the approval of the state treasurer, the board of a local or intermediate school district may obtain a line of credit to secure funds for school operations or to pay previous loans obtained for school operations under this or any other statute. The school board or intermediate school board shall pledge not more than 30% of the state school aid apportioned to the school district or intermediate school district for that fiscal year for repayment of funds received pursuant to a line of credit obtained under this subsection. However, the school board or intermediate school board shall not borrow against the line of credit an amount greater than the difference, as of the date of the borrowing, between the

total state school aid funds apportioned to the school district or intermediate school district for that fiscal year and the portion already received or pledged, except secondary pledges made under section 1356. To obtain approval for obtaining a line of credit under this subsection, a school board or intermediate school board shall apply to the state treasurer in the form and manner prescribed by the state treasurer, and shall provide information as requested by the state treasurer for evaluating the application. The state treasurer shall approve or disapprove an application and notify the school board or intermediate school board within 20 business days after receiving a proper application. If the state treasurer disapproves an application, the state treasurer shall include the reasons for disapproval in the notification to the school board or intermediate school board.

The department shall make the model form available to public school academies. A district, public school academy, or nonpublic school shall use the model form for the purposes of this subsection.

(3) If an individual is employed as a conditional employee under subsection (2) and the report described in subsection (8) is not the same as the individual's statement under subsection (2), the board or governing body may void the individual's employment contract. If an employment contract is voided under this subsection, the individual's employment is terminated, a collective bargaining agreement that would otherwise apply to the individual's employment does not apply to the termination, and the district, public school academy, or nonpublic school or the board or governing body is not liable for the termination.

(4) For an applicant for a position as a substitute teacher, instead of requesting a criminal history check under subsection (1), a school district, intermediate school district, public school academy, or nonpublic school may use a report received by another district, public school academy, or nonpublic school or maintained by the department to confirm that the individual does not have any criminal history. If that confirmation is not available, subsection (1) applies to the applicant.

(5) If an applicant is being considered for employment by more than 1 school district, intermediate school district, public school academy, or nonpublic school and if the applicant agrees in writing to allow a district, public school academy, or nonpublic school to share the report described in subsection (8) with another district, public school academy, or nonpublic school, a district, public school academy, or nonpublic school may satisfy the requirements of subsection (1) by obtaining a copy of the report described in subsection (8) from another district, public school academy, or nonpublic school.

(6) An applicant for employment shall give written consent at the time of application for the criminal records division of the department of state police to conduct the criminal history check required under this section.

(7) A school district, intermediate school district, public school academy, or nonpublic school shall make a request to the criminal records division of the department of state police for a criminal history check required under this section on a form and in a manner prescribed by the criminal records division of the department of state police.

(8) Within 30 days after receiving a proper request by a school district, intermediate school district, public school academy, or nonpublic school for a criminal history check on an individual under this section, the criminal records division of the department of state police shall conduct the criminal history check and, after conducting the criminal history check and within that time period, provide a report of the results of the criminal history check to the district, public school academy, or nonpublic school. The report shall contain

any criminal history record information on the individual maintained by the criminal records division of the department of state police.

(9) If the report received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (8) discloses that an individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If the report received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (8) discloses that an individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school each specifically approve the employment or work assignment in writing. As used in this subsection, "listed offense" means that term as defined in section 2 of the sex offenders registration act, 1994 PA 295, MCL 28.722.

(10) Criminal history record information received from the criminal records division of the department of state police under subsection (8) shall be used by a school district, intermediate school district, public school academy, or nonpublic school only for the purpose of evaluating an individual's qualifications for employment or assignment in the position for which he or she has applied or been assigned and for the purposes of subsections (3), (4), and (5). A member of the board of a district or of the governing body of a public school academy or nonpublic school or an employee of a district, public school academy, or nonpublic school shall not disclose the report or its contents, except any felony conviction or a misdemeanor conviction involving sexual or physical abuse, to any person who is not directly involved in evaluating the applicant's qualifications for employment or assignment. However, for the purposes of subsections (4) and (5), a person described in this subsection may confirm to an employee of another district, public school academy, or nonpublic school that a report under subsection (8) has revealed that an individual does not have any criminal history or may disclose that no report under subsection (8) has been received concerning the individual, and for the purposes of subsection (5), a person described in this subsection may provide a copy of the report under subsection (8) concerning the individual to an appropriate representative of another district, public school academy, or nonpublic school. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804.

(11) As used in this section, "criminal history record information" means that term as defined in section 1a of 1925 PA 289, MCL 28.241a.

380.1230a Criminal records check through federal bureau of investigation; employment as conditional employee; voiding contract and terminating employment; application as substitute teacher; obtaining copy of results from another district, public school academy, or nonpublic school; consent; form and manner of request; use and disclosure of results; violation as misdemeanor; penalty; initiation of criminal records check by department of state police; disclosure that individual convicted of listed offense or other felony; "listed offense" defined.

Sec. 1230a. (1) In addition to the criminal history check required under section 1230, the board of a school district or intermediate school district or the governing body of a public school academy or nonpublic school shall request the department of state police to conduct a criminal records check through the federal bureau of investigation on an applicant for, or an individual who is hired for, any full-time or part-time employment or who is assigned to regularly and continuously work under contract in any of its schools. Except as otherwise provided in this section, a board or governing body shall not employ an individual or allow an individual to regularly and continuously work under contract in any of its schools until after the board or governing body receives the results of the criminal records check. A board or governing body requesting a criminal records check under this section shall require the individual to submit his or her fingerprints to the department of state police for that purpose. The department of state police may charge a fee for conducting the criminal records check. A board or governing body shall require an individual to submit his or her fingerprints for the purposes of this section only at the time the individual initially applies for employment with the board or governing body or is initially employed by the board or governing body or is initially assigned to work under contract in

any of its schools.

(2) If the board of a school district or intermediate school district or the governing body of a public school academy or nonpublic school determines it necessary to hire an individual for a particular school year during that school year or within 30 days before the beginning of that school year, the board or governing body may employ the individual as a conditional employee under this subsection without first receiving the results of the criminal records check under subsection (1) if all of the following apply:

(a) The board or governing body requests the criminal records check under subsection (1) before conditionally employing the individual.

(b) The individual signs a statement identifying all crimes for which he or she has been convicted, if any, and agreeing that, if the results of the criminal records check under subsection (1) reveal information that is inconsistent with the individual's statement, his or her employment contract is voidable at the option of the board or governing body. The department shall develop and distribute to districts and nonpublic schools a model form for the statement required under this subdivision. The department shall make the model form available to public school academies. A district, public school academy, or nonpublic school shall use the model form for the purposes of this subsection.

(3) If an individual is employed as a conditional employee under subsection (2) and the results of the criminal records check under subsection (1) reveal information that is inconsistent with the individual's statement under subsection (2), the board or governing body may void the individual's employment contract. If an employment contract is voided under this subsection, the individual's employment is terminated, a collective bargaining agreement that would otherwise apply to the individual's employment does not apply to the termination, and the district, public school academy, or nonpublic school or the board or governing body is not liable for the termination.

(4) For an applicant for a position as a substitute teacher, instead of requesting a criminal records check under subsection (1), a school district, intermediate school district, public school academy, or nonpublic school may use results received by another district, public school academy, or nonpublic school or maintained by the department to confirm that the individual does not have any criminal history. If that confirmation is not available, subsection (1) applies to the applicant.

(5) If an applicant is being considered for employment by more than 1 school district, intermediate school district, public school academy, or nonpublic school and if the applicant agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal records check with another district, public school academy, or nonpublic school, then a district, public school academy, or nonpublic school may satisfy the requirements of subsection (1) by obtaining a copy of the results of the criminal records check from another district, public school academy, or nonpublic school.

(6) An applicant for employment shall give written consent at the time of application for the criminal records division of the department of state police to conduct the criminal records check required under this section.

(7) A school district, intermediate school district, public school academy, or nonpublic school shall make a request to the department of state police for a criminal records check under this section on a form and in a manner prescribed by the department of state police.

(8) The results of a criminal records check under this section shall be used by a school district, intermediate school district, public school academy, or nonpublic school only for the purpose of evaluating an individual's qualifications for employment or assignment in the position for which he or she has applied or been assigned and for the purposes of subsections (3), (4), and (5). A member of the board of a district or of the governing body of a public school academy or nonpublic school or an employee of a district, public school academy, or nonpublic school shall not disclose those results, except any felony conviction or a misdemeanor conviction involving sexual or physical abuse, to any person who is not directly involved in evaluating the individual's qualifications for employment or assignment. However, for the purposes of subsections (4) and (5), a person described in this subsection may provide a copy of the results under subsection (1) concerning the individual to an appropriate representative of another district, public school academy, or nonpublic school. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804.

(9) Within 30 days after receiving a proper request by a school district, intermediate school district, public school academy, or nonpublic school for a criminal records check on an individual under this section, the criminal records division of the department of state police shall initiate the criminal records check through the federal bureau of investigation. After conducting the criminal records check required under this section for a school district, intermediate school district, or public school academy, the criminal records division of the department of state police shall provide the results of the criminal records check to the district or public school academy. After conducting the criminal records check required under this section for a nonpublic

school, the criminal records division of the department of state police shall notify the nonpublic school of whether or not the criminal records check disclosed any criminal history that is not disclosed in the report on the individual provided to the nonpublic school under section 1230.

(10) If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (9) disclose that an individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (9) disclose that an individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school each specifically approve the employment or work assignment in writing.

(11) As used in this section, "listed offense" means that term as defined in section 2 of the sex offenders registration act, 1994 PA 295, MCL 28.722.

380.1230b Applicant for employment; information regarding unprofessional conduct to be provided by previous employer; signed statement authorizing disclosure; request; immunity from civil liability; prohibition; use of information; violation of subsection (5) as misdemeanor; effect of contract or agreement; other information; definitions.

Sec. 1230b. (1) Before hiring an applicant for employment, a school district, local act school district, public school academy, intermediate school district, or nonpublic school shall request the applicant for employment to sign a statement that does both of the following:

(a) Authorizes the applicant's current or former employer or employers to disclose to the school district, local act school district, public school academy, intermediate school district, or nonpublic school any unprofessional conduct by the applicant and to make available to the school district, local act school district, public school academy, intermediate school district, or nonpublic school copies of all documents in the employee's personnel record maintained by the current or former employer relating to that unprofessional conduct.

(b) Releases the current or former employer, and employees acting on behalf of the current or former employer, from any liability for providing information described in subdivision (a), as provided in subsection (3), and waives any written notice required under section 6 of the Bullard-Plawecki employee right to know act, Act No. 397 of the Public Acts of 1978, being section 423.506 of the Michigan Compiled Laws.

(2) Before hiring an applicant for employment, a school district, local act school district, public school academy, intermediate school district, or nonpublic school shall request at least the applicant's current employer or, if the applicant is not currently employed, the applicant's immediately previous employer to provide the information described in subsection (1)(a), if any. The request shall include a copy of the statement signed by the applicant under subsection (1).

(3) Not later than 20 business days after receiving a request under subsection (2), an employer shall provide the information requested and make available to the requesting school district, local act school district, public school academy, intermediate school district, or nonpublic school copies of all documents in the employee's personnel record relating to the unprofessional conduct. An employer, or an employee acting on behalf of the employer, that discloses information under this section in good faith is immune from civil liability for the disclosure. An employer, or an employee acting on behalf of the employer, is presumed to be acting in good faith at the time of a disclosure under this section unless a preponderance of the evidence establishes 1 or more of the following:

(a) That the employer, or employee, knew the information disclosed was false or misleading.

(b) That the employer, or employee, disclosed the information with a reckless disregard for the truth.

(c) That the disclosure was specifically prohibited by a state or federal statute.

(4) The board or governing body of a school district, local act school district, public school academy, intermediate school district, or nonpublic school shall not hire an applicant who does not sign the statement described in subsection (1).

(5) Information received under this section shall be used by a school district, local act school district, public school academy, intermediate school district, or nonpublic school only for the purpose of evaluating an applicant's qualifications for employment in the position for which he or she has applied. Except as otherwise provided by law, a board member or employee of a school district, local act school district, public school academy, intermediate school district, or nonpublic school shall not disclose the information to any person, other than the applicant, who is not directly involved in the process of evaluating the applicant's qualifications for employment. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804.

(6) The board or an official of a school district, local act school district, public school academy, intermediate school district, or nonpublic school shall not enter into a collective bargaining agreement, individual employment contract, resignation agreement, severance agreement, or any other contract or agreement that has the effect of suppressing information about unprofessional conduct of an employee or former employee or of expunging information about that unprofessional conduct from personnel records. Any provision of a contract or agreement that is contrary to this subsection is void and unenforceable. This subsection does not restrict the expungement from a personnel file of information about alleged unprofessional conduct that has not been substantiated.

(7) This section does not prevent a school district, local act school district, public school academy, intermediate school district, or nonpublic school from requesting or requiring an applicant for employment to provide information other than that described in this section.

(8) As used in this section:

(a) "Personnel record" means that term as defined in section 1 of Act No. 397 of the Public Acts of 1978, being section 423.501 of the Michigan Compiled Laws.

(b) "Unprofessional conduct" means 1 or more acts of misconduct; 1 or more acts of immorality, moral turpitude, or inappropriate behavior involving a minor; or commission of a crime involving a minor. A criminal conviction is not an essential element of determining whether or not a particular act constitutes unprofessional conduct.

(2) As used in this section, "listed offense" means that term as defined in section 2 of the sex offenders registration act, 1994 PA 295, MCL 28.722.

380.1230d Employee or applicant for employment of school district, intermediate school district, public school academy, or nonpublic school charged with crime; requirements; violation of subsection (1) or (2); person not convicted of crime; forwarding of form; development and implementation of automated program; "listed offense" defined.

Sec. 1230d. (1) If a person who is employed in any capacity by a school district, intermediate school district, public school academy, or nonpublic school; who has applied for a position with a school district, intermediate school district, public school academy, or nonpublic school and has had an initial criminal history check under section 1230 or criminal records check under section 1230a; or who is regularly and continuously working under contract in a school district, intermediate school district, public school academy, or nonpublic school, is charged with a crime listed in section 1535a(1) or a violation of a substantially similar law of another state, a political subdivision of this state or another state, or of the United States, the person shall report to the department and to the school district, intermediate school district, public school academy, or nonpublic school that he or she has been charged with the crime. All of the following apply to this reporting requirement:

(a) The person shall make the report on a form prescribed by the department.

(b) The person shall submit the report to the department and to the superintendent of the school district or intermediate school district or chief administrator of the public school academy or nonpublic school.

(c) The person shall submit the report within 3 business days after being arraigned for the crime.

(2) If a person who is employed in any capacity by or is regularly and continuously working under contract in a school district, intermediate school district, public school academy, or nonpublic school enters a plea of guilt or no contest to or is the subject of a finding of guilt by a judge or jury of any crime after having been initially charged with a crime described in section 1535a(1) or 1539b(1), then the person immediately shall disclose to the court, on a form prescribed by the state court administrative office, that he or she is employed by or working under contract in a school district, intermediate school district, public school academy, or nonpublic school. The person shall immediately provide a copy of the form to the prosecuting attorney in charge of the case, to the superintendent of public instruction, and to the superintendent or chief administrator of the school district, intermediate school district, public school academy, or nonpublic school.

(3) A person who violates subsection (1) or (2) is guilty of a crime, as follows:

(a) If the person violates either subsection (1) or (2) and the crime involved in the violation is a misdemeanor that is a listed offense or is a felony, the person is guilty of a felony punishable by imprisonment for not more than 2 years or a fine of not more than \$2,000.00, or both.

(b) If the person violates either subsection (1) or (2) and the crime involved in the violation is a misdemeanor that is not a listed offense, the person is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than \$1,000.00, or both.

(4) A person who violates subsection (1) or (2) may be discharged from his or her employment or have his or her contract terminated. If the board of a school district or intermediate school district or board of directors of a public school academy finds, after providing notice and the opportunity for a hearing, that a person employed by the school district, intermediate school district, or public school academy has violated subsection (1) or (2), the board or board of directors may discharge the person from his or her employment. However, if a collective bargaining agreement that applies to the affected person is in effect as of the effective date of this section, and if that collective bargaining agreement is not in compliance with this subsection, then this subsection does not apply to that school district, intermediate school district, or public school academy until after the expiration of that collective bargaining agreement.

(5) If a person submits a report that he or she has been charged with a crime, as required under subsection (1), and the person is subsequently not convicted of any crime after the completion of judicial proceedings resulting from that charge, then the person may request the department and the school district, intermediate school district, public school academy, or nonpublic school to delete the report from its records concerning the person. Upon receipt of the request from the person and of documentation verifying that the person was not convicted of any crime after the completion of judicial proceedings resulting from that charge, the department or a school district, intermediate school district, public school academy, or nonpublic school shall delete the report from its records concerning the person.

(6) If the prosecuting attorney in charge of a case receives a form as provided under subsection (2), the prosecuting attorney shall notify the superintendent of public instruction and the superintendent or chief administrator of any school district, intermediate school district, public school academy, or nonpublic school in which the person is employed by forwarding a copy of the form to each of them not later than 7 days after receiving the form. If the court receives a form as provided under subsection (2), the court shall notify the superintendent of public instruction and the superintendent or chief administrator of any school district, intermediate school district, public school academy, or nonpublic school in which the person is employed by forwarding to each of them a copy of the form and information regarding the sentence imposed on the person not later than 7 days after the date of sentencing, even if the court is maintaining the file as a nonpublic record.

(7) The department of information technology shall work with the department and the department of state police to develop and implement an automated program that does a comparison of the department's list of registered educational personnel with the conviction information received by the department of state police. Unless otherwise prohibited by law, this comparison shall include convictions contained in a nonpublic record. The department and the department of state police shall perform this comparison during January and June of each year until July 1, 2008. If a comparison discloses that a person on the department's list of registered educational personnel has been convicted of a crime, the department shall notify the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school in which the person is employed of that conviction.

(8) As used in this section, "listed offense" means that term as defined in section 2 of the sex offenders registration act, 1994 PA 295, MCL 28.722.

If a criminal arrest fingerprint card is subsequently submitted to the department of state police and matches against a fingerprint that was submitted under section 1230a or 1230g and stored in the AFIS database, the department of state police shall notify the department.

Sec. 1230g. (1) Not later than July 1, 2008, the board of a school district or intermediate school district, the board of directors of a public school academy, or the governing body of a nonpublic school shall do both of the following for each individual who, as of January 1, 2006, is either a full-time or part-time employee of the school district, intermediate school district, public school academy, or nonpublic school or is assigned to regularly and continuously work under contract in any of its schools:

(a) Request from the criminal records division of the department of state police a criminal history check on the individual.

(b) Request the department of state police to conduct a criminal records check on the individual through the federal bureau of investigation. The board, board of directors, or governing board shall require the individual to submit his or her fingerprints to the department of state police for the purposes of this subdivision. The department of state police may charge a fee for conducting the criminal records check.

(2) For an individual employed or working under contract as a substitute teacher, instead of requesting a criminal history check and criminal records check under subsection (1), a school district, intermediate school district, public school academy, or nonpublic school may use results received by another district, public school academy, or nonpublic school or maintained by the department to confirm that the individual does not have any criminal history. If that confirmation is not available, subsection (1) applies to the individual.

(3) If an individual described in subsection (1) is employed by or working under contract in more than 1 school district, intermediate school district, public school academy, or nonpublic school and if the individual agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal history check or criminal records check with another district, public school academy, or nonpublic school, then a district, public school academy, or nonpublic school may satisfy the requirements of subsection (1) by obtaining a copy of the results of the criminal history check or criminal records check from another district, public school academy, or nonpublic school.

(4) An individual described in subsection (1) shall give written consent for the criminal records division of the department of state police to conduct the criminal history check and criminal records check required under this section and shall submit his or her fingerprints to the department of state police for the purposes of the criminal records check.

(5) A school district, intermediate school district, public school academy, or nonpublic school shall make a request to the department of state police for the criminal history check and criminal records check under this section on a form and in a manner prescribed by the department of state police.

(6) The results of a criminal history check and criminal records check under this section shall be used by a school district, intermediate school district, public school academy, or nonpublic school only for the purpose of evaluating an individual's qualifications for employment or assignment in his or her position and for the purposes of subsections (2) and (3). A member of the board of a school district or intermediate school district, of the board of directors of a public school academy, or of the governing body of a nonpublic school or an employee of a district, public school academy, or nonpublic school shall not disclose those results, except any felony conviction or a misdemeanor conviction involving sexual or physical abuse, to any person who is not directly involved in evaluating the individual's qualifications for employment or assignment. However, for the purposes of subsections (2) and (3), a person described in this subsection may provide a copy of the results under subsection (1) concerning the individual to an appropriate representative of another district, public school academy, or nonpublic school. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804.

(7) Within 30 days after receiving a proper request by a school district, intermediate school district, public school academy, or nonpublic school for a criminal history check and criminal records check on an individual under this section, the criminal records division of the department of state police shall do both of the following:

(a) Conduct the criminal history check and, after conducting the criminal history check and within that time period, provide a report of the results of the criminal history check to the district, public school academy, or nonpublic school. The report shall contain any criminal history record information on the individual that is maintained by the criminal records division of the department of state police.

(b) Initiate the criminal records check through the federal bureau of investigation. After conducting the criminal records check required under this section for a school district, intermediate school district, or public school academy, the criminal records division of the department of state police shall provide the results of the criminal records check to the district or public school academy. After conducting the criminal records check required under this section for a nonpublic school, the criminal records division of the department of state police shall notify the nonpublic school of whether or not the criminal records check disclosed any criminal history that is not disclosed in the criminal history check report on the individual provided to the nonpublic school under subdivision (a).

(8) If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (7) disclose that an individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (7) disclose that an individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school each specifically approve the employment or work assignment in writing. As used in this subsection, "listed offense" means that term as defined in section 2 of the sex offenders registration act, 1994 PA 295, MCL 28.722.

The contracts shall specify the wages agreed upon.

(2) A teacher's contract shall be filed with the secretary of the board and a duplicate copy of the contract shall be furnished to the teacher.

model core academic curriculum content standards developed under subsection (2). The state board model core academic curriculum content standards shall encompass academic and cognitive instruction only. For purposes of this section, the state board model core academic curriculum content standards shall not include attitudes, beliefs, or value systems that are not essential in the legal, economic, and social structure of our society and to the personal and social responsibility of citizens of our society.

(2) Recommended model core academic curriculum content standards shall be developed and periodically updated by the state board, shall be in the form of knowledge and skill content standards that are recommended as state standards for adoption by public schools in local curriculum formulation and adoption, and shall be distributed to each school district in the state. The recommended model core academic curriculum content standards shall set forth desired learning objectives in math, science, reading, history, geography, economics, American government, and writing for all children at each stage of schooling and be based upon the "Michigan K-12 program standards of quality" to ensure that high academic standards, academic skills, and academic subject matters are built into the instructional goals of all school districts for all children. The state board also shall ensure that the Michigan educational assessment program and the Michigan merit examination are based on the state recommended model core curriculum content standards, are testing only for proficiency in basic and advanced academic skills and academic subject matter, and are not used to measure pupils' values or attitudes.

(3) The board of each school district, considering academic curricular objectives defined and recommended pursuant to subsection (2), shall do both of the following:

(a) Establish a core academic curriculum for its pupils at the elementary, middle, and secondary school levels. The core academic curriculum shall define academic objectives to be achieved by all pupils and shall be based upon the school district's educational mission, long-range pupil goals, and pupil performance objectives. The core academic curriculum may vary from the model core academic curriculum content standards recommended by the state board pursuant to subsection (2).

(b) After consulting with teachers and school building administrators, determine the aligned instructional program for delivering the core academic curriculum and identify the courses and programs in which the core academic curriculum will be taught.

(5) For all pupils, the subjects or courses, and the delivery of those including special assistance, that constitute the curriculum the pupils engage in shall assure the pupils have a realistic opportunity to learn all subjects and courses required by the district's core academic curriculum. A subject or course required by the core academic curriculum pursuant to subsection (3) shall be provided to all pupils in the school district by a school district, a consortium of school districts, or a consortium of 1 or more school districts and 1 or more intermediate school districts.

(6) To the extent practicable, the state board may adopt or develop academic objective-oriented high standards for knowledge and life skills, and a recommended core academic curriculum, for special education pupils for whom it may not be realistic or desirable to expect achievement of initial mastery of the state board recommended model core academic content standards objectives or of a high school diploma.

(7) The state board shall make available to all nonpublic schools in this state, as a resource for their consideration, the model core academic curriculum content standards developed for public schools pursuant to subsection (2) for the purpose of assisting the governing body of a nonpublic school in developing its core academic curriculum.

(8) Excluding special education pupils, pupils having a learning disability, and pupils with extenuating circumstances as determined by school officials, a pupil who does not score satisfactorily on the 4th or 7th grade Michigan educational assessment program reading test shall be provided special assistance reasonably expected to enable the pupil to bring his or her reading skills to grade level within 12 months.

380.1279 State assessments to high school pupils.

Sec. 1279. (1) Subject to subsection (13) and section 1279g, until the end of the 2005-2006 school year, the board of a school district or board of directors of a public school academy shall administer state assessments to high school pupils in the subject areas of English language arts, mathematics, science, and social studies. The board shall include on the pupil's high school transcript all of the following:

(a) For each high school graduate who has completed a subject area assessment under this section, the pupil's scaled score on the assessment.

(b) If the pupil's scaled score on a subject area assessment falls within the range required under subsection (2) for "exceeds expectations", "meets expectations", or "basic", an indication that the pupil has achieved state endorsement for that subject area.

(c) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(2) The superintendent of public instruction shall develop scaled scores for reporting subject area assessment results for each of the subject areas under this section. The superintendent of public instruction shall establish 4 categories for each subject area indicating exceeds expectations, meets expectations, basic, and below basic, and shall establish the scaled score range required for each category. The superintendent of public instruction shall design and distribute to school districts, intermediate school districts, public school academies, and nonpublic schools a simple and concise document that describes these categories in each subject area and indicates the scaled score ranges for each category in each subject area. A school district or public school academy may award a high school diploma to a pupil who successfully completes local school district or public school academy requirements established in accordance with state law for high school graduation, regardless of whether the pupil is eligible for any state endorsement.

(3) The assessments administered for the purposes of this section shall be administered to pupils during the last 90 school days of grade 11. The superintendent of public instruction shall ensure that the assessments are scored and the scores are returned to pupils, their parents or legal guardians, and school districts or public school academies not later than the beginning of the pupil's first semester of grade 12. The returned scores shall indicate the pupil's scaled score for each subject area assessment, the range of scaled scores for each subject area, and the range of scaled scores required for each category established under subsection (2). In reporting the scores to pupils, parents, and schools, the superintendent of public instruction shall provide specific, meaningful, and timely feedback on the pupil's performance on the assessment.

(4) Beginning with assessments conducted in the 2005-2006 school year, all of the following apply to the assessments under this section:

(a) The superintendent of public instruction shall ensure that any contractor used for scoring the assessment supplies an individual report for each pupil that will identify for the pupil's parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil's parents and teachers to assess and remedy problems before the pupil moves to the next grade.

(b) The superintendent of public instruction shall ensure that any contractor used for scoring, developing, or processing an assessment instrument meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the software engineering institute of Carnegie Mellon university for the 2005-2006 school year assessments and at least meeting level 3 of the capability maturity model for subsequent assessments.

(c) The superintendent of public instruction shall ensure that any contract it enters into for scoring, administering, or developing an assessment instrument includes specific deadlines for all steps of the assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.

(d) The superintendent of public instruction shall ensure that the assessment instruments meet all of the following:

(i) Are designed to test pupils on grade level content expectations or course content expectations, as appropriate, in all subjects tested.

(ii) Comply with requirements of the no child left behind act of 2001, Public Law 107-110.

(iii) Are consistent with the code of fair testing practices in education prepared by the joint committee on testing practices of the American psychological association.

(iv) Are factually accurate. If the superintendent of public instruction determines that a question is not factually accurate and should be removed from an assessment instrument, the state board and the superintendent of public instruction shall ensure that the question is removed from the assessment instrument.

(5) For each pupil who does not achieve proficiency in 1 or more subject areas, the board of the school district or public school academy in which the pupil is enrolled shall provide that there be at least 1 meeting attended by at least the pupil and a member of the school district's or public school academy's staff or a local or intermediate school district consultant who is proficient in the measurement and evaluation of pupils. The school district or public school academy may provide the meeting as a group meeting for pupils in similar circumstances. If the pupil is a minor, the school district or public school academy shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the meeting and shall mail a notice of the meeting to the pupil's parent, legal guardian, or person in loco parentis. The purpose of this meeting and any subsequent meeting under this subsection shall be to determine an educational program for the pupil designed to have the pupil achieve state endorsement in each subject area in which he or she did not achieve state endorsement. In addition, a school district or public school academy may provide for subsequent meetings with the pupil conducted by a high school counselor or teacher designated by the pupil's high school principal, and shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the subsequent meetings. The school district or public school academy shall provide special programs for the pupil or develop a program using the educational programs regularly provided by the district unless the board of the school district or public school academy decides otherwise and publishes and explains its decision in a public justification report.

(6) A pupil who wants to repeat an assessment administered under this section may repeat the assessment, without charge to the pupil, in the next school year or after graduation. An individual may repeat an assessment at any time the school district or public school academy administers an applicable assessment instrument or during a retesting period under subsection (8).

(7) The superintendent of public instruction shall ensure that the length of the assessments used for the purposes of this section and the combined total time necessary to administer all of the assessments are the shortest possible that will still maintain the degree of reliability and validity of the assessment results determined necessary by the superintendent of public instruction. The superintendent of public instruction shall ensure that the maximum total combined length of time that schools are required to set aside for administration of all of the assessments used for the purposes of this section does not exceed 8 hours. However, this subsection does not limit the amount of time that individuals may have to complete the assessments.

(8) The superintendent of public instruction shall establish, schedule, and arrange periodic retesting periods throughout the year until the end of the 2006-2007 school year for individuals who desire to repeat an assessment under this section. The superintendent of public instruction shall coordinate the arrangements for administering the repeat assessments and shall ensure that the retesting is made available at least within each intermediate school district and, to the extent possible, within each school district.

(9) A school district or public school academy shall provide accommodations to a pupil with disabilities for the assessments required under this section, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes.

(10) For the purposes of this section, the superintendent of public instruction shall develop or select and approve assessment instruments to measure pupil performance in English language arts, mathematics, social studies, and science. The assessment instruments shall be based on grade level content expectations or course content expectations, as appropriate.

(11) All assessment instruments developed or selected and approved by the state under any statute or rule for a purpose related to K to 12 education shall be objective-oriented and consistent with grade level content expectations or course content expectations, as appropriate.

(12) Until the end of the 2006-2007 school year, a person who has graduated from high school after 1996 and who has not previously taken an assessment under this section may take an assessment used for the purposes of this section, without charge to the person, at the school district from which he or she graduated from high school at any time that school district administers the assessment or during a retesting period scheduled under subsection (8) and have his or her scaled score on the assessment included on his or her high school transcript. If the person's scaled score on a subject area assessment falls within the range required under subsection (2) for a category established under subsection (2), the school district shall also indicate on the person's high school transcript that the person has achieved state endorsement for that subject area.

(13) Until the end of the 2006-2007 school year, a person who has previously taken an assessment under this section may take a retest on the assessment for the purposes of qualifying for a Michigan merit award under the Michigan merit award scholarship act, 1999 PA 94, MCL 390.1451 to 390.1459. The person may take the retest, without charge to the person, at the school district in which he or she is enrolled or resides or,

if it is not available in that school district, at another location within the intermediate school district in which he or she resides, at a regular testing time scheduled for the assessment or during a retesting period scheduled under subsection (8).

(14) A child who is a student in a nonpublic school or home school may take an assessment under this section. To take an assessment, a child who is a student in a home school shall contact the school district in which the child resides, and that school district shall administer the assessment, or the child may take the assessment at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent of public instruction shall supply assessments and the nonpublic school may administer the assessment. If a school district administers an assessment under this subsection to a child who is not enrolled in the school district, the scores for that child are not considered for any purpose to be scores of a pupil of the school district.

(15) The purpose of the assessment under this section is to assess pupil performance in mathematics, science, social studies, and communication arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards. These standards are based upon the expectations of what pupils should know and be able to do by the end of grade 11.

Sec. 1279g. (1) Beginning in the 2006 calendar year, the board of a school district or board of directors of a public school academy shall comply with this section and shall administer the state assessments under section 1279 or the Michigan merit examination to pupils in grade 11 as provided in this section, as follows:

(a) For pupils in grade 11 in the 2005-2006 school year, the provisions concerning state assessments under section 1279 apply to all pupils in grade 11 and the Michigan merit examination shall be administered to a sample of pupils in grade 11 statewide, as identified by the department. The pupils to be included in this sample shall be determined by the department as the department determines necessary to seek the approval of the United States department of education to use the Michigan merit examination for the purposes of the federal no child left behind act of 2001, Public Law 107-110.

(b) Subject to subdivision (c), for pupils in grade 11 in the 2006-2007 school year and subsequent school years, the Michigan merit examination shall be offered to all pupils in grade 11.

(c) If the United States department of education has not approved the use of the Michigan merit examination for the purposes of the federal no child left behind act of 2001, Public Law 107-110, by December 31, 2006, all of the following apply:

(i) The provisions concerning state assessments under section 1279 shall continue to apply to all pupils in grade 11 until the next calendar year that begins after that approval occurs.

(ii) The Michigan merit examination shall be offered to all pupils in grade 11 beginning in the next calendar year that begins after that approval occurs.

(2) The department shall take all steps necessary, including, but not limited to, conducting a content alignment study and statistical analyses, to obtain the approval of the United States department of education to

use the Michigan merit examination for the purposes of the federal no child left behind act of 2001, Public Law 107-110, by not later than December 31, 2006 or as soon thereafter as possible.

(3) For the purposes of this section, the department of management and budget shall contract with 1 or more providers to develop, supply, and score the Michigan merit examination. The Michigan merit examination shall consist of all of the following:

(a) Assessment instruments that measure English language arts, mathematics, reading, and science and are used by colleges and universities in this state for entrance or placement purposes.

(c) A social studies component.

(d) Any other component that is necessary to obtain the approval of the United States department of education to use the Michigan merit examination for the purposes of the federal no child left behind act of 2001, Public Law 107-110.

(4) In addition to all other requirements of this section, all of the following apply to the Michigan merit examination:

(a) The department of management and budget and the superintendent of public instruction shall ensure that any contractor used for scoring the Michigan merit examination supplies an individual report for each pupil that will identify for the pupil's parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil's parents and teachers to assess and remedy problems before the pupil moves to the next grade.

(b) The department of management and budget and the superintendent of public instruction shall ensure that any contractor used for scoring, developing, or processing the Michigan merit examination meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the software engineering institute of Carnegie Mellon university for the first year the Michigan merit examination is offered to all grade 11 pupils and at least meeting level 3 of the capability maturity model for subsequent years.

(c) The department of management and budget and the superintendent of public instruction shall ensure that any contract for scoring, administering, or developing the Michigan merit examination includes specific deadlines for all steps of the assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.

(d) The superintendent of public instruction shall ensure that the Michigan merit examination meets all of the following:

(i) Is designed to test pupils on grade level content expectations or course content expectations, as appropriate, in all subjects tested.

(ii) Complies with requirements of the no child left behind act of 2001, Public Law 107-110.

(iii) Is consistent with the code of fair testing practices in education prepared by the joint committee on testing practices of the American psychological association.

(iv) Is factually accurate. If the superintendent of public instruction determines that a question is not factually accurate and should be removed from an assessment instrument, the state board and the superintendent of public instruction shall ensure that the question is removed from the assessment instrument.

(5) Beginning with pupils completing grade 11 in 2006, a school district or public school academy that operates a high school shall include on each pupil's high school transcript all of the following:

(a) For each high school graduate who has completed the Michigan merit examination under this section, the pupil's scaled score on each subject area component of the Michigan merit examination.

(b) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(6) The superintendent of public instruction shall work with the provider or providers of the Michigan merit examination to produce Michigan merit examination subject area scores for each pupil participating in the Michigan merit examination, including scaling and merging of test items for the different subject area components. The superintendent of public instruction shall design and distribute to school districts, public school academies, intermediate school districts, and nonpublic schools a simple and concise document that describes the scoring for each subject area and indicates the scaled score ranges for each subject area.

(7) The Michigan merit examination shall be administered each year after March 1 and before June 1 to pupils in grade 11. The superintendent of public instruction shall ensure that the Michigan merit examination is scored and the scores are returned to pupils, their parents or legal guardians, and schools not later than the beginning of the pupil's first semester of grade 12. The returned scores shall indicate at least the pupil's

scaled score for each subject area component and the range of scaled scores for each subject area. In reporting the scores to pupils, parents, and schools, the superintendent of public instruction shall provide standards-specific, meaningful, and timely feedback on the pupil's performance on the Michigan merit examination.

(8) A pupil who does not qualify for a Michigan merit award scholarship under the Michigan merit award scholarship act, 1999 PA 94, MCL 390.1451 to 390.1459, and who wants to repeat the Michigan merit examination may repeat the Michigan merit examination in the next school year on a designated testing date. The first time a pupil repeats the Michigan merit examination under this subsection shall be without charge to the pupil, but the pupil is responsible for paying the cost of any subsequent repeat.

(9) The superintendent of public instruction shall ensure that the length of the Michigan merit examination and the combined total time necessary to administer all of the components of the Michigan merit examination are the shortest possible that will still maintain the degree of reliability and validity of the Michigan merit examination results determined necessary by the superintendent of public instruction. The superintendent of public instruction shall ensure that the maximum total combined length of time that schools are required to set aside for administration of all of the components of the Michigan merit examination does not exceed 8 hours.

(10) A school district or public school academy shall provide accommodations to a pupil with disabilities for the Michigan merit examination, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes. The provider or providers of the Michigan merit examination and the superintendent of public instruction shall mutually agree upon the accommodations to be provided under this subsection.

(11) To the greatest extent possible, the Michigan merit examination shall be based on grade level content expectations or course content expectations, as appropriate.

(12) A child who is a student in a nonpublic school or home school may take the Michigan merit examination under this section. To take the Michigan merit examination, a child who is a student in a home school shall contact the school district in which the child resides, and that school district shall administer the Michigan merit examination, or the child may take the Michigan merit examination at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent of public instruction shall direct the provider or providers to supply the Michigan merit examination to the nonpublic school and the nonpublic school may administer the Michigan merit examination. If a school district administers the Michigan merit examination under this subsection to a child who is not enrolled in the school district, the scores for that child are not considered for any purpose to be scores of a pupil of the school district.

(13) In contracting under subsection (3), the department of management and budget shall consider a contractor that provides electronically-scored essays with the ability to score constructed response feedback in multiple languages and provide ongoing instruction and feedback.

(14) The purpose of the Michigan merit examination is to assess pupil performance in mathematics, science, social studies, and English language arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards and promotes pupil participation in higher level mathematics, science, social studies, and English language arts courses. These standards are based upon the expectations of what pupils should learn through high school and are aligned with national standards.

(a) "English language arts" means reading and writing.

(b) "Social studies" means United States history, world history, world geography, economics, and American government.

380.1280 Accreditation.

Sec. 1280. (1) The board of a school district that does not want to be subject to the measures described in this section shall ensure that each public school within the school district is accredited.

(2) As used in subsection (1), and subject to subsection (6), "accredited" means certified by the superintendent of public instruction as having met or exceeded standards established under this section for 6 areas of school operation: administration and school organization, curricula, staff, school plant and facilities,

school and community relations, and school improvement plans and student performance. The building-level evaluation used in the accreditation process shall include, but is not limited to, school data collection, self-study, visitation and validation, determination of performance data to be used, and the development of a school improvement plan.

(3) The department shall develop and distribute to all public schools proposed accreditation standards. Upon distribution of the proposed standards, the department shall hold statewide public hearings for the purpose of receiving testimony concerning the standards. After a review of the testimony, the department shall revise and submit the proposed standards to the superintendent of public instruction. After a review and revision, if appropriate, of the proposed standards, the superintendent of public instruction shall submit the proposed standards to the senate and house committees that have the responsibility for education legislation. Upon approval by these committees, the department shall distribute to all public schools the standards to be applied to each school for accreditation purposes.

(4) The superintendent of public instruction shall develop and distribute to all public schools standards for determining that a school is eligible for summary accreditation under subsection (6). The standards shall be developed, reviewed, approved, and distributed using the same process as prescribed in subsection (3) for accreditation standards, and shall be finally distributed and implemented not later than December 31, 1994.

(5) The standards for accreditation or summary accreditation under this section shall include pupil performance on Michigan education assessment program (MEAP) tests and the percentage of pupils achieving state endorsement under section 1279 as criteria, but shall not be based solely on pupil performance on MEAP tests or on the percentage of pupils achieving state endorsement under section 1279. The standards shall also include multiple year change in pupil performance on MEAP tests and multiple year change in the percentage of pupils achieving state endorsement under section 1279 as criteria. If it is necessary for the superintendent of public instruction to revise accreditation or summary accreditation standards established under subsection (3) or (4) to comply with this subsection, the revised standards shall be developed, reviewed, approved, and distributed using the same process as prescribed in subsection (3).

(6) If the superintendent of public instruction determines that a public school has met the standards established under subsection (4) or (5) for summary accreditation, the school is considered to be accredited without the necessity for a full building-level evaluation under subsection (2).

(7) If the superintendent of public instruction determines that a school has not met the standards established under subsection (4) or (5) for summary accreditation but that the school is making progress toward meeting those standards, or if, based on a full building-level evaluation under subsection (2), the superintendent of public instruction determines that a school has not met the standards for accreditation but is making progress toward meeting those standards, the school is in interim status and is subject to a full building-level evaluation as provided in this section.

(8) If a school has not met the standards established under subsection (4) or (5) for summary accreditation and is not eligible for interim status under subsection (7), the school is unaccredited and subject to the measures provided in this section.

(9) Beginning with the 2002-2003 school year, if at least 5% of a public school's answer sheets from the administration of the Michigan educational assessment program (MEAP) tests are lost by the department or by a state contractor and if the public school can verify that the answer sheets were collected from pupils and forwarded to the department or the contractor, the department shall not assign an accreditation score or school report card grade to the public school for that subject area for the corresponding year for the purposes of determining state accreditation under this section. The department shall not assign an accreditation score or school report card grade to the public school for that subject area until the results of all tests for the next year are available.

(10) Subsection (9) does not preclude the department from determining whether a public school or a school district has achieved adequate yearly progress for the school year in which the answer sheets were lost for the purposes of the no child left behind act of 2001, Public Law 107-110, 115 Stat. 1425. However, the department shall ensure that a public school or the school district is not penalized when determining adequate yearly progress status due to the fact that the public school's MEAP answer sheets were lost by the department or by a state contractor, but shall not require a public school or school district to retest pupils or produce scores from another test for this purpose.

(11) The superintendent of public instruction shall annually review and evaluate for accreditation purposes the performance of each school that is unaccredited and as many of the schools that are in interim status as permitted by the department's resources.

(12) The superintendent of public instruction shall, and the intermediate school district to which a school district is constituent, a consortium of intermediate school districts, or any combination thereof may, provide technical assistance, as appropriate, to a school that is unaccredited or that is in interim status upon request of

the board of the school district in which the school is located. If requests to the superintendent of public instruction for technical assistance exceed the capacity, priority shall be given to unaccredited schools.

(13) A school that has been unaccredited for 3 consecutive years is subject to 1 or more of the following measures, as determined by the superintendent of public instruction:

(a) The superintendent of public instruction or his or her designee shall appoint at the expense of the affected school district an administrator of the school until the school becomes accredited.

(b) A parent, legal guardian, or person in loco parentis of a child who attends the school may send his or her child to any accredited public school with an appropriate grade level within the school district.

(c) The school, with the approval of the superintendent of public instruction, shall align itself with an existing research-based school improvement model or establish an affiliation for providing assistance to the school with a college or university located in this state.

(d) The school shall be closed.

(14) The superintendent of public instruction shall evaluate the school accreditation program and the status of schools under this section and shall submit an annual report based upon the evaluation to the senate and house committees that have the responsibility for education legislation. The report shall address the reasons each unaccredited school is not accredited and shall recommend legislative action that will result in the accreditation of all public schools in this state.

Sec. 1281. (1) The state board shall:

(a) Require each board, each public school academy board of directors, each intermediate school board, and the officers of each of those boards to observe the laws relating to schools.

(b) Require each board to maintain school or to provide educational opportunities for resident children for the statutory period.

(c) Prescribe appropriate uniform pupil and finance accounting records for use in school districts, public school academies, and intermediate school districts and promulgate rules for their adoption.

(d) Require each board, each public school academy board of directors, and each intermediate school board to carry out the state board's recommendations relative to the safety of school buildings, equipment, and appurtenances, including any condition that may endanger the health or life of pupils.

(2) The state board may examine and audit the official records and accounts of school districts, public school academies, and intermediate school districts, and may compel proper accounting by legal action instituted by direction of the attorney general.

(3) Upon application by a school district, public school academy, university school, or intermediate school district, the state board may grant to the school district, public school academy, university school, or intermediate school district a limited time waiver from a state board or department rule interpreting or implementing a provision of this act. The state board may grant a waiver only if the school district, public school academy, university school, or intermediate school district demonstrates that it can address the intent of the rule in a more effective, efficient, or economical manner or that the waiver is necessary to stimulate improved pupil performance. A waiver shall not be granted for more than 3 years, but may be renewed. The state board may place conditions on a waiver or its renewal. The state board may revoke a waiver if it determines that the waiver no longer meets the criteria of this subsection, compromises equal opportunities for learning, or is detrimental to the educational interests of pupils. The state board may not grant a waiver from the duty to comply with a provision of this act, and may not grant a waiver from the duty to comply with another state statute unless and to the extent that a waiver is specifically allowed by that other state statute.

Sec. 1282. (1) The board of a school district shall establish and carry on the grades, schools, and departments it considers necessary or desirable for the maintenance and improvement of its schools and determine the courses of study to be pursued.

(2) The board of a school district shall provide a core academic curriculum, learning processes, special assistance particularly for students with reading disorders or who have demonstrated marked difficulty in achieving success on standardized tests, and sufficient access to each of these so that all pupils have a fair opportunity to achieve a state endorsement under section 1279. The board shall use Michigan education assessment program (MEAP) test results as an indicator of which pupils need special assistance to have a fair opportunity to achieve state endorsement under section 1279 and of whether the school district's curriculum is adequately aligned to prepare pupils to achieve that state endorsement. This special assistance may include at least 1 meeting attended by at least the pupil and a member of the school district's staff or a local or intermediate school district consultant who is knowledgeable in the measurement and evaluation of pupils. The school district may provide the meeting as a group meeting for pupils in similar circumstances. In addition, the school district may provide for subsequent meetings with the pupil conducted by a counselor or teacher designated by the pupil's principal, and shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the subsequent meetings. However, except as otherwise provided in subsections (2) and (3), if the board does not want the school district's or public school academy's state school aid payments to be withheld as described in section 101 of the state school aid act of 1979, MCL 388.1701, the board shall ensure that the minimum number of days of pupil instruction in a school year is 180 through the 1996-1997 school year and is 181 in the 1997-1998 school year, 182 in the 1998-1999 school year, 183 in the 1999-2000 school year, 184 in the 2000-2001 school year, 185 in the 2001-2002 school year, 186 in the 2002-2003 school year, 187 in the 2003-2004 school year, 188 in the 2004-2005 school year, 189 in the 2005-2006 school year, and 190 in the 2006-2007 school year and each succeeding school year, and shall ensure that the minimum number of hours of pupil instruction in a school year is 900 for the 1994-95 school year, 990 for the 1995-96 and 1996-97 school years, 1,041 for the 1997-1998 school year, 1,047 for the 1998-1999 school year, 1,098 for the 1999-2000 school year, 1,104 for the 2000-2001 school year, 1,110 for the 2001-2002 school year, 1,116 for the 2002-2003 school year, 1,122 for the 2003-2004 school year, 1,128 for the 2004-2005 school year, 1,134 for the 2005-2006 school year, and 1,140 for the 2006-2007 school year and each succeeding school year.

For the next school year after a school year for which there is no increase in the required minimum number of days and hours of pupil instruction under subsection (1) because of the operation of this subsection, and if the first sentence of this subsection does not apply, the increase in the required minimum number of days and hours of pupil instruction shall only be 1 day and the corresponding number of hours. This subsection shall apply and shall operate to limit increases under subsection (1) until the required minimum number of days and hours of pupil instruction under this section is 190 days and 1,140 hours.

(3) The board of a school district or public school academy, by resolution, may choose to provide less than the number of days of pupil instruction required under subsection (1), but shall provide at least 180 days of pupil instruction and at least the number of hours of pupil instruction required under subsection (1).

(4) Not later than August 1, the board of each school district and of each public school academy shall certify to the state board the number of days and hours of pupil instruction in the previous school year.

(2) Except as otherwise provided in subsections (3) and (4), the board of a school district or intermediate school district or board of directors of a public school academy shall ensure that the district's or public school academy's pupils are not required to begin a school year before Labor day.

(3) If a collective bargaining agreement that provides a complete school calendar is in effect for employees of a school district, public school academy, or intermediate school district as of the effective date of the amendatory act that added subsection (2), and if that school calendar is not in compliance with subsection (2), then subsection (2) does not apply to that school district, public school academy, or intermediate school

(a) The program shall meet all of the following staffing requirements:

(i) Shall have at least 2 adult program staff members present at all times when children are present.

(ii) Shall have a child to adult program staff member ratio that meets the following:

(d) If food is served, the food service shall comply with the same nutrition requirements that apply to food service by the school district, public school academy, or intermediate school district during the regular school day.

(e) If the school district, public school academy, or intermediate school district uses its employees to staff the program, before assigning a staff member to work in the program, the school district, public school academy, or intermediate school district shall comply with sections 1230 and 1230a with respect to that individual to the same extent as if the individual were being hired as a teacher. If the school district, public school academy, or intermediate school district contracts for the operation or staffing of the program, the contract shall contain assurance that the contracting person or entity, before assigning an individual to work in the program, will comply with sections 1230 and 1230a with respect to that individual to the same extent as if the person or entity were a school district employing the individual as a teacher. The department of state police shall provide information to a school district, public school academy, intermediate school district, or contracting person or entity requesting information under this subdivision to the same extent as if the school district, public school academy, intermediate school district, or person or entity were a school district making the request under section 1230 or 1230a.

(f) The board of the school district or intermediate school district or board of directors of the public school academy, in consultation with the director of the program and the principal of the school at which the program is operated, shall develop, adopt, and annually review a policy concerning the program that, at a minimum, addresses safety procedures for the program, including first aid, food safety, discipline, dispensing and storage of medication, and access to student emergency information and telephones.

In developing these model standards, the department shall give substantial consideration to similar factors in the requirements placed on child care centers under 1973 PA 116, MCL 722.111 to 722.128. A school district, public school academy, or intermediate school district is not required to follow these model standards.

(4) Beginning July 1, 2003, the board of a school district or intermediate school district or board of directors of a public school academy shall ensure that any written information published or distributed by the school district, public school academy, or intermediate school district concerning a before- or after-school program it operates under subsection (2) includes a statement in at least 10-point type notifying the public whether the program follows or deviates from the model standards developed under subsection (3).

(1) Subject to subsection (2), the school board, or the school district superintendent, a school building principal, or another school district official if designated by the school board, may authorize or order the suspension or expulsion from school of a pupil guilty of gross misdemeanor or persistent disobedience if, in the judgment of the school board or its designee, as applicable, the interest of the school is served by the authorization or order. If there is reasonable cause to believe that the pupil is handicapped, and the school district has not evaluated the pupil in accordance with rules of the state board to determine if the student is handicapped, the pupil shall be evaluated immediately by the intermediate school district of which the school district is constituent in accordance with section 1711.

(2) If a pupil possesses in a weapon free school zone a weapon that constitutes a dangerous weapon, commits arson in a school building or on school grounds, or commits criminal sexual conduct in a school building or on school grounds, the school board, or the designee of the school board as described in subsection (1) on behalf of the school board, shall expel the pupil from the school district permanently, subject to possible reinstatement under subsection (5). However, a school board is not required to expel a pupil for possessing a weapon if the pupil establishes in a clear and convincing manner at least 1 of the following:

Except if a school district operates or participates cooperatively in an alternative education program appropriate for individuals expelled pursuant to subsection (2) and in its discretion admits the individual to that program, and except for a strict discipline academy established under sections 1311b to 1311l, an individual expelled pursuant to subsection (2) is expelled from all public schools in this state and the officials of a school district shall not allow the individual to enroll in the school district unless the individual has been reinstated under subsection (5). Except as otherwise provided by law, a program operated for individuals expelled pursuant to subsection (2) shall ensure that those individuals are physically separated at all times during the school day from the general pupil population. (4) If a school board expels an individual pursuant to subsection (2), the school board shall ensure that, within 3 days after the expulsion, an official of the school district refers the individual to the appropriate county department of social services or county community mental health agency and notifies the individual's parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, notifies the individual of the referral.

(5) The parent or legal guardian of an individual expelled pursuant to subsection (2) or, if the individual is at least age 18 or is an emancipated minor, the individual may petition the expelling school board for reinstatement of the individual to public education in the school district. If the expelling school board denies a petition for reinstatement, the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may petition another school board for reinstatement of the individual in that other school district. All of the following apply to reinstatement under this subsection:

(a) For an individual who was enrolled in grade 5 or below at the time of the expulsion and who has been expelled for possessing a firearm or threatening another person with a dangerous weapon, the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may initiate a petition for reinstatement at any time after the expiration of 60 school days after the date of expulsion. (e) Sections 1134, 1135, 1146, 1153, 1263(3), 1267, and 1274.

(f) Except for part 6a, all provisions of this act that explicitly apply to public school academies established under part 6a.

(7) A strict discipline academy and its incorporators, board members, officers, employees, and volunteers have governmental immunity as provided in section 7 of 1964 PA 170, MCL 691.1407. An authorizing body and its board members, officers, and employees are immune from civil liability, both personally and professionally, for any acts or omissions in authorizing a strict discipline academy if the authorizing body or the person acted or reasonably believed he or she acted within the authorizing body's or the person's scope of authority.

(8) A strict discipline academy is exempt from all taxation on its earnings and property. Instruments of conveyance to or from a strict discipline academy are exempt from all taxation including taxes imposed by 1966 PA 134, MCL 207.501 to 207.513. A strict discipline academy may not levy ad valorem property taxes or any other tax for any purpose. However, operation of 1 or more strict discipline academies by a school district or intermediate school district does not affect the ability of the school district or intermediate school district to levy ad valorem property taxes or any other tax.

(9) A strict discipline academy may acquire by purchase, gift, devise, lease, sublease, installment purchase agreement, land contract, option, or by any other means, hold and own in its own name buildings and other property for school purposes, and interests therein, and other real and personal property, including, but not limited to, interests in property subject to mortgages, security interests, or other liens, necessary or convenient to fulfill its purposes. For the purposes of condemnation, a strict discipline academy may proceed under the uniform condemnation procedures act, 1980 PA 87, MCL 213.51 to 213.75, excluding sections 6 to 9 of that act, MCL 213.56 to 213.59, or other applicable statutes, but only with the express, written permission of the authorizing body in each instance of condemnation and only after just compensation has been determined and paid.

380.1311f Levy of taxes or issuance of bonds by school district.

Sec. 1311f. If a school district or intermediate school district applies for and obtains a contract to operate 1 or more strict discipline academies under sections 1311b to 1311l, the power of the school district or intermediate school district to levy taxes for any purpose under this act is not affected by the operation of a strict discipline academy by the school district or intermediate school district. Revenue from taxes levied by a school district or intermediate school district under this act or bonds issued by a school district or intermediate school district under this act may be used to support the operation or facilities of a strict discipline academy operated by the school district or intermediate school district in the same manner as that revenue may be used under this act by the school district or intermediate school district to support school district or intermediate school district operations and facilities. This section does not authorize a school district or intermediate school district to levy taxes or to issue bonds for any purpose that is not otherwise authorized under this act.

380.1311g Strict discipline academy; location; tuition; admission policies or practices; enrollment; types of students; special education; individuals committed to high-security or medium-security juvenile facility; residence requirements; age of pupils or grades.

Sec. 1311g. (1) A strict discipline academy may be located in all or part of an existing public school building. Except for a strict discipline academy that includes pupils who are the responsibility of a county juvenile agency, a strict discipline academy shall not operate at a site other than the single site requested for the configuration of grades that will use the site, as specified in the application required under section 1311d and in the contract.

(2) A strict discipline academy shall not charge tuition. Except as otherwise provided in subsection (5), a

strict discipline academy shall not discriminate in its pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, or any other basis that would be illegal if used by a school district. However, a strict discipline academy may limit admission to pupils who are within a particular range of age or grade level or on any other basis that would be legal if used by a school district.

(3) A strict discipline academy shall be established under sections 1311b to 1311l specifically for enrolling 1 or more of the following types of pupils:

(a) Pupils placed in the strict discipline academy by a court or by the department of human services or a county juvenile agency under the direction of a court.

(b) Pupils who have been expelled under section 1311(2).

(c) Pupils who have been expelled under section 1311a or another provision of this act.

(d) Other pupils who have been expelled from school, or pupils who have been suspended from school for a suspension that is for a period in excess of 10 school days, and who are referred to the strict discipline academy by that pupil's school and placed in the strict discipline academy by the pupil's parent or legal guardian. However, a suspended pupil shall be allowed to attend the strict discipline academy only for the duration of the suspension.

(4) In addition to the types of pupils specified in subsection (3), a strict discipline public school academy shall be open for enrollment of a special education pupil who does not meet the requirements of subsection (3) if the special education pupil's individualized education program team recommends that the special education pupil be placed in the strict discipline public school academy. As used in this subsection, "individualized education program team" means that term as defined in section 614 of part B of title VI of the individuals with disabilities education act, 20 USC 1414.

(5) A strict discipline academy shall enroll only 1 or more of the types of pupils described in subsection (3) or (4). A strict discipline academy is not required to keep any group of pupils described in subsection (3) or (4) physically separated from another group of those pupils, as might otherwise be required under section 1311, section 1311a, or another provision of this act.

(6) Strict discipline academies are not intended to enroll or otherwise be used to educate individuals who are committed to a high-security or medium-security juvenile facility operated by the department of human services or another state department or agency. Further, if the department of human services, department of corrections, or another state department or agency has custody of or jurisdiction over a child, that state department or agency has the financial responsibility for educating the child.

(7) Except for a foreign exchange student who is not a United States citizen, a strict discipline academy shall not enroll a pupil who is not a resident of this state. Enrollment in the strict discipline academy may be open to all individuals who reside in this state who meet the admission policy under subsections (3) and (4) and shall be open to all pupils who reside within the geographic boundaries, if any, of the authorizing body as described in section 1311d who meet the admission policy under subsections (3) and (4), except that admission to a strict discipline academy authorized by the board of a community college to operate, or operated by the board of a community college, on the grounds of a federal military installation, as described in section 1311d, shall be open to all pupils who reside in the county in which the federal military installation is located who meet the admission policy under subsections (3) and (4). For a strict discipline academy authorized by a state public university, enrollment shall be open to all pupils who reside in this state who meet the admission policy under subsections (3) and (4). If there are more applications to enroll in the strict discipline academy than there are spaces available, pupils shall be selected to attend using a random selection process. However, a strict discipline academy may give enrollment priority to a sibling of a pupil enrolled in the strict discipline academy. Except for a suspended pupil who is attending the strict discipline academy for the duration of the suspension, a strict discipline academy shall allow any pupil who was enrolled in the strict discipline academy in the immediately preceding school year to enroll in the strict discipline academy in the appropriate grade unless the appropriate grade is not offered at that strict discipline academy.

(8) A strict discipline academy may include any grade up to grade 12 or any configuration of those grades, including kindergarten and early childhood education, as specified in its contract. The authorizing body may approve amendment of a contract with respect to ages of pupils or grades offered.

Sec. 1311l. (1) The authorizing body for a strict discipline academy is the fiscal agent for the strict discipline academy. A state school aid payment for a strict discipline academy shall be paid to the authorizing body that is the fiscal agent for that strict discipline academy, which shall then forward the payment to the strict discipline academy. An authorizing body has the responsibility to oversee a strict discipline academy's compliance with the contract and all applicable law. Sec. 1312. (1) As used in this section, “corporal punishment” means the deliberate infliction of physical pain by hitting, paddling, spanking, slapping, or any other physical force used as a means of discipline.

(2) Corporal punishment does not include physical pain caused by reasonable physical activities associated with athletic training.

(3) A person employed by or engaged as a volunteer or contractor by a local or intermediate school board or public school academy shall not inflict or cause to be inflicted corporal punishment upon any pupil under any circumstances.

(4) A person employed by or engaged as a volunteer or contractor by a local or intermediate school board or public school academy may use reasonable physical force upon a pupil as necessary to maintain order and control in a school or school-related setting for the purpose of providing an environment conducive to safety and learning. In maintaining that order and control, the person may use physical force upon a pupil as may be necessary for 1 or more of the following:

(a) To restrain or remove a pupil whose behavior is interfering with the orderly exercise and performance of school district or public school academy functions within a school or at a school-related activity, if that pupil has refused to comply with a request to refrain from further disruptive acts.

(b) For self-defense or the defense of another.

(c) To prevent a pupil from inflicting harm on himself or herself.

(d) To quell a disturbance that threatens physical injury to any person.

(e) To obtain possession of a weapon or other dangerous object upon or within the control of a pupil.

(f) To protect property.

(5) A person employed by or engaged as a volunteer or contractor by a local or intermediate school board or public school academy who exercises necessary reasonable physical force upon a pupil, or upon another person of school age in a school-related setting, as described in subsection (4) is not liable in a civil action for damages arising from the use of that physical force and is presumed not to have violated subsection (3) by the use of that physical force. This subsection does not alter or limit a person's immunity from liability provided under 1964 PA 170, MCL 691.1401 to 691.1415.

(6) A person who willfully or through gross negligence violates subsection (3) or who willfully or through gross negligence violates subsection (4) may be appropriately disciplined by his or her school board or public school academy. This subsection does not limit a school board's or public school academy's authority to discipline an employee for a violation of its own policies.

(7) In determining whether an employee, volunteer, or contractor has acted in accordance with subsection (4), deference shall be given to reasonable good-faith judgments made by that person.

(8) A local or intermediate school district or a public school academy shall develop and implement a code of student conduct and shall enforce its provisions with regard to pupil misconduct in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school sponsored activity or event whether or not it is held on school premises.

(9) The department shall develop a model list of alternatives to the use of corporal punishment. This model list shall be developed in consultation with organizations that represent the interests of teachers, school employees, school boards, school administrators, pupils, parents, and child advocates, plus any other

organization that the state board of education may wish to consult. The department shall send this model list to each school district, public school academy, and intermediate school district in the state and to each nonpublic school in the state that requests it. A local or intermediate school board or public school academy shall approve and cause to be distributed to each employee, volunteer, and contractor a list of alternatives to the use of corporal punishment. (2) If a school official finds that a dangerous weapon is in the possession of a pupil as described in subsection (1), the school official may confiscate the dangerous weapon or shall request a law enforcement agency to respond as soon as possible and to confiscate the dangerous weapon. If the dangerous weapon is a pistol, the law enforcement agency also shall check the state pistol registration records to determine the legal owner. If the law enforcement agency is able to determine the legal owner of the dangerous weapon, and if the legal owner did not knowingly provide the dangerous weapon to the pupil or lawfully provided the dangerous weapon to the pupil but did not know or have reason to know that the pupil would possess the dangerous weapon while in attendance at school or a school activity or while en route to or from school on a school bus, the law enforcement agency shall send by certified mail to the legal owner a notice that the agency is in possession of the dangerous weapon and that the legal owner has 90 days from receipt of the notice to claim the dangerous weapon.

Sec. 1351. (1) Until May 1, 1994, a school district may borrow money and issue bonds of the district to defray all or a part of the cost of purchasing, erecting, completing, remodeling, improving, furnishing, refurbishing, equipping, or reequipping school buildings, including library buildings, structures, athletic fields, playgrounds, or other facilities, or parts of or additions to those facilities; acquiring, preparing, developing, or improving sites, or parts of or additions to sites, for school buildings, including library buildings, structures, athletic fields, playgrounds, or other facilities; purchasing school buses; participating in the administrative costs of an urban renewal program through which the school district desires to acquire a site or addition to a site for school purposes; refunding all or part of existing bonded indebtedness; or accomplishing a combination of the purposes set forth in this subsection. In addition, until December 31, 1991 a school district may borrow money and issue bonds to defray all or part of the cost of purchasing textbooks.

(2) Except as otherwise provided in this subsection, a school district shall not borrow money or issue bonds for a sum that, together with the total outstanding bonded indebtedness of the district, exceeds 5% of the state equalized valuation of the taxable property within the district, unless the proposition of borrowing the money or issuing the bonds is submitted to a vote of the school electors of the district at a regular or special school election and approved by the majority of the school electors voting on the question. Regardless of the amount of outstanding bonded indebtedness of the school district, a vote of the school electors is not necessary in order to issue bonds for a purpose described in section 1274a or to issue bonds under section 11i of the state school aid act of 1979, MCL 388.1611i. For the purposes of this subsection, bonds issued under section 11i of the state school aid act of 1979, MCL 388.1611i, shall not be included in computing the total outstanding bonded indebtedness of a school district.

(3) A school district shall not issue bonds under this part for an amount greater than 15% of the total assessed valuation of the district, except as provided in section 1356. A bond qualified under section 16 of article IX of the state constitution of 1963 and implementing legislation shall not be included for purposes of calculating the 15% limitation. Bonds issued under this part are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, except that bonds issued for a purpose described in section 1274a may be sold at a public or publicly negotiated sale at the time or times, at the price or prices, and at a discount as determined by the board of the school district.

(4) Bonds or notes issued by a school district or intermediate school district under this part or section 442, 629, or 1274a shall be full faith and credit tax limited obligations of the district pledging the general funds, voted and allocated tax levies, or any other money available for such a purpose and shall not allow or provide for the levy of additional millage for payment of the bond or note without a vote of the qualified electorate of the district.

Sec. 1356. (1) Notwithstanding section 1351, a school district that has an operating or projected operating deficit in excess of \$100.00 per membership pupil may borrow and issue its negotiable interest bearing notes or bonds for the purpose of funding the deficit in accordance with this section. This authority is in addition to and not in derogation of any power granted to a school district by any other provision of this act. However, except for the purpose of funding an operating or projected operating deficit resulting from a state tax tribunal order or a court order, a school district shall not initiate the procedures to borrow money or issue notes or bonds under this section after January 1, 1994.

(2) Before a board of a school district issues notes or bonds under this section, the board shall provide by resolution for the submission of the following certified and substantiated information to the department of treasury:

(a) There exists or will exist an operating deficit in the school district in excess of \$100.00 per membership pupil.

(b) During or before the fiscal year in which the application is made, the school district has made every available effort to offset the deficit, including submission of a question to the school electors of the district to increase the rate of ad valorem property taxes levied in the school district.

(c) The school district has a plan approved by the school board that outlines actions to be taken to balance future expenditures with anticipated revenues.

(3) The existence of the operating or projected operating deficit and the amount of the operating or projected operating deficit shall be determined by the department of treasury, using normal school accounting practices. If a financial audit is required to arrive at a conclusive determination as to the amount of the deficit, the state treasurer shall charge all necessary expenses for the audit, including per diem and travel expenses, to the school district, and the school district shall make payment to the state treasurer for these expenses. The determination by the department of treasury is final and conclusive as to the existence of an operating or projected operating deficit, the amount of the deficit, and the amount of the deficit per membership pupil.

(4) The notes or bonds may be issued in 1 or more series by resolution adopted by the school board, which resolution in each case shall make reference to the determination of the department of treasury. The amount of a note or bond issued shall not exceed the amount of the operating deficit as shown by the determination.

The first principal installment on the notes or bonds shall be due not more than 18 months from the date of the notes or bonds, and a principal installment on the notes shall not be less than 1/3 of the principal amount of a subsequent principal installment. The notes or bonds may be made subject to redemption before maturity with or without premium in a manner and at times provided in the resolution authorizing the issuance of the notes or bonds.

(7) Notes or bonds issued under this section are valid and binding general obligations of the school district, it being the intent and purpose that the notes or bonds and the interest on the notes or bonds be promptly paid when due from the first money available to the district not pledged for other indebtedness and except to the extent that the use is restricted by the state constitution of 1963 or the laws of the United States.

(8) Except as otherwise provided in this section, bonds and notes issued under this section are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(9) The proceeds of the sale of notes authorized under this section, after payment of the costs of issuance of the notes or bonds and interest on the notes or bonds for a period not to exceed 9 months, shall be used solely for the purpose of paying necessary operating expenses of the school district, including the payment of principal of and interest on notes or bonds of the school district issued for operating purposes under this or any other act.

(10) A board of a school district that borrows pursuant to subsections (1) to (9) shall submit its budget for review and approval to the department of education. The department of education shall take necessary steps, subject to the school district's contracts and statutory obligations, to assure that the expenditures of a school district that receives money under this part shall not exceed revenues on an annual basis and that the school district maintains a balanced budget.

Sec. 1531. (1) Except as provided in this act, the superintendent of public instruction shall determine the requirements for and issue all licenses and certificates for teachers, including preprimary teachers, and the requirements for an endorsement of teachers as qualified counselors and an endorsement of teachers for teaching a foreign language in an elementary grade in the public schools of the state.

(2) Except as otherwise provided in this act, the superintendent of public instruction shall only issue a teaching certificate to a person who has passed appropriate examinations as follows:

(a) For a secondary level teaching certificate, has passed both the basic skills examination and the appropriate available subject area examination for each subject area in which he or she applies to be certified.

(b) For an elementary level teaching certificate, has passed the basic skills examination and, if it is available, the elementary certification examination, and has passed the appropriate available subject area examination for each subject area, if any, in which he or she applies to be certified.

(3) Except as otherwise provided in this act, the superintendent of public instruction shall issue a Michigan teaching certificate to a person holding a certificate from another state or a teaching degree from an out-of-state teacher preparation institution who applies for a Michigan teaching certificate only if the person passes appropriate examinations as follows:

(a) For a secondary level teaching certificate, pass both the basic skills examination and the appropriate available subject area examination for each subject area in which he or she applies to be certified. The superintendent of public instruction may accept passage of an equivalent examination approved by the superintendent of public instruction to meet 1 or both of these requirements.

(b) For an elementary level teaching certificate, pass the basic skills examination and, if it is available, the elementary certification examination, and pass the appropriate available subject area examination for each subject area, if any, in which he or she applies to be certified. The superintendent of public instruction may accept passage of an equivalent examination approved by the superintendent of public instruction to meet 1 or more of these requirements.

(4) Except as otherwise provided in this act, the superintendent of public instruction shall only issue a teaching certificate to a person who has met the elementary or secondary, as applicable, reading credit requirements established under superintendent of public instruction rule. Not later than 1 year after the

effective date of the amendatory act that added this subsection, the superintendent of public instruction, in cooperation with appropriate curriculum specialists and teacher educators, shall revise existing reading standards to recognize reading disorders and to enable teachers to make referrals for instruction and support for pupils with reading disorders.

(5) Subject to subsection (7), if a person holding a teaching certificate from another state applies to the superintendent of public instruction for a Michigan teaching certificate and meets the requirements of this subsection, the superintendent of public instruction shall issue to the person a Michigan professional education teaching certificate and applicable endorsements comparable to those the person holds in the other state, without requiring the person to pass a basic skills examination or the applicable subject area examination otherwise required under subsection (2) or (3). To be eligible to receive a Michigan professional education teaching certificate under this subsection, a person shall provide evidence satisfactory to the department that he or she meets all of the following requirements:

(a) Has taught successfully for at least 3 years in a position for which the person's teaching certification from the other state was valid.

(b) Has earned, after his or her initial certification in another state, at least 18 semester credit hours in a planned course of study at an institution of higher education approved by the superintendent of public instruction or has earned, at any time, a master's or doctoral degree approved by the superintendent of public instruction.

(c) Has met the elementary or secondary, as applicable, reading credit requirement established under superintendent of public instruction rule.

(6) A person who receives a teaching certificate and endorsement or endorsements under subsection (5) is eligible to receive 1 or more additional endorsements comparable to endorsements the person holds in another state only if the person passes the appropriate subject area examinations required under subsection (2) or (3).

(7) The superintendent of public instruction shall deny a Michigan teaching certificate to a person described in subsection (5) for fraud, material misrepresentation, or concealment in the person's application for a certificate or for a conviction for which a person's teaching certificate may be revoked under section 1535a.

(8) The department, based upon criteria recommended pursuant to subsection (10), shall provide to approved teacher education institutions guidelines and criteria approved by the superintendent of public instruction for use in the development or selection of a basic skills examination and approved guidelines and criteria for use in the development or selection of subject area examinations.

(9) For the purposes of this section, the superintendent of public instruction, based upon criteria recommended pursuant to subsection (10), shall develop, select, or develop and select 1 or more basic skills examinations and subject area examinations. In addition, the superintendent of public instruction, based upon criteria recommended pursuant to subsection (10), shall approve an elementary certification examination and a reading subject area examination.

(10) The superintendent of public instruction shall appoint an 11-member teacher examination advisory committee comprised of representatives of approved teacher education institutions and Michigan education organizations and associations. Not more than 1/2 of the members comprising this committee shall be certified teachers. This committee shall recommend criteria to be used by the superintendent of public instruction in the development, selection, or development and selection of 1 or more basic skills examinations, and criteria to be used by the superintendent of public instruction in the development, selection, or development and selection of subject area examinations. In addition, the committee shall recommend guidelines for the use and administration of those examinations. The basic skills examinations referred to in this subsection may be developed by the superintendent of public instruction or selected by the superintendent of public instruction from commercially or university developed examinations. In addition, an approved teacher education institution, pursuant to guidelines and criteria described in subsection (8), may develop an examination at its own expense for approval by the superintendent of public instruction. An approved teacher education institution that develops its own examination is liable for any litigation that results from the use of its examination.

(11) The superintendent of public instruction shall appoint a 7-member standing technical advisory council comprised of persons who are experts in measurement and assessment. This council shall advise the superintendent of public instruction and the teacher examination committee on the validity, reliability, and other technical standards of the examinations that will be used or are being used and of the administration and use of those examinations.

(12) Not later than November 30 of each year, the superintendent of public instruction shall submit in writing a report on the development or selection and use of the basic skills examination, the elementary certification examination, and the subject area examinations to the house and senate education committees.

The report shall also contain a financial statement regarding revenue received from the assessment of fees levied pursuant to subsection (14) and the amount of and any purposes for which that revenue was expended.

(13) The basic skills examination, the elementary certification examination, and the subject area examinations required by this section may be taken at different times during an approved teacher preparation program, but the basic skills examination must be passed before a person is enrolled for student teaching and the elementary certification examination and the subject area examinations, as applicable, must be passed before a person is recommended for certification.

(14) The department, or if approved by the superintendent of public instruction, a private testing service, may assess fees for taking the basic skills examination, elementary certification examination, and the subject area examinations. The fees, which shall be set by the superintendent of public instruction, shall not exceed \$50.00 for a basic skills examination or \$75.00 for an elementary certification examination or a subject area examination. However, if a subject area examination for vocational education includes a performance examination, an additional fee may be assessed for taking the performance examination, not to exceed the actual cost of administering the performance examination. Fees received by the department shall be expended solely for administrative expenses that it incurs in implementing this section.

(15) If a person holding a teaching certificate from another state applies for a Michigan teaching certificate and meets all requirements for the Michigan teaching certificate except passage of the appropriate examinations under subsection (3), the superintendent of public instruction shall issue a nonrenewable temporary teaching certificate, good for 1 year, to the person. The superintendent of public instruction shall not issue a Michigan teaching certificate to the person after expiration of the temporary teaching certificate unless the person passes appropriate examinations as described in subsection (3).

(16) As used in this section:

(a) "Basic skills examination" means an examination developed or selected by the superintendent of public instruction or developed pursuant to subsection (10) by an approved teacher education institution for the purpose of demonstrating the applicant's knowledge and understanding of basic language and mathematical skills and other skills necessary for the certificate sought, and for determining whether or not an applicant is eligible for a provisional Michigan teaching certificate.

(b) "Elementary certification examination" means a comprehensive examination for elementary certification that has been developed or selected by the superintendent of public instruction for demonstrating the applicant's knowledge and understanding of the core subjects normally taught in elementary classrooms and for determining whether or not an applicant is eligible for an elementary level teaching certificate.

(c) "Subject area examination" means an examination related to a specific area of certification, which examination has been developed or selected by the superintendent of public instruction for the purpose of demonstrating the applicant's knowledge and understanding of the subject matter and determining whether or not an applicant is eligible for a Michigan teaching certificate.

(17) The superintendent of public instruction shall promulgate rules for the implementation of this section.

(18) Notwithstanding any rule to the contrary, the superintendent of public instruction shall continue to issue state elementary or secondary continuing education certificates pursuant to R 390.1132(1) of the Michigan administrative code to persons who completed the requirements of that rule by December 31, 1992 and who apply for that certificate not later than March 15, 1994. If the superintendent of public instruction has issued a state elementary or secondary professional education certificate to a person described in this section, the superintendent of public instruction shall consider the person to have a state elementary or secondary, as applicable, continuing education certificate.

Subject to subsection (2), the superintendent of public instruction may suspend the person's teaching certificate based upon the issues and evidence presented at the hearing. (2) If a person who holds a teaching certificate that is valid in this state has been convicted of a crime described in this subsection, the superintendent of public instruction shall find that the public health, safety, or welfare requires emergency action and shall order summary suspension of the person's teaching certificate under section 92 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.292, and shall subsequently provide an opportunity for a hearing as provided under that section. (k) A violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(l) Any other crime listed in subsection (1), if the superintendent of public instruction determines the public health, safety, or welfare requires emergency action based on the circumstances underlying the conviction.

(3) The superintendent of public instruction after a hearing shall not take action against a person's teaching certificate under subsection (1) or (2) unless the superintendent of public instruction finds that the conviction is reasonably and adversely related to the person's present fitness to serve in an elementary or secondary school in this state or that the conviction demonstrates that the person is unfit to teach in an elementary or secondary school in this state. Further, the superintendent of public instruction may take action against a person's teaching certificate under subsection (1) or (2) based on a conviction that occurred before the effective date of the amendatory act that added this subsection if the superintendent of public instruction finds that the conviction is reasonably and adversely related to the person's present fitness to serve in an elementary or secondary school in this state or that the conviction demonstrates that the person is unfit to teach in an elementary or secondary school in this state.

(4) If a person who has entered a plea of guilt or no contest to or who is the subject of a finding of guilt by a judge or jury of a crime listed in subsection (2) has been suspended from active performance of duty by a public school, school district, intermediate school district, or nonpublic school during the pendency of proceedings under this section, the public school, school district, intermediate school district, or nonpublic school employing the person shall discontinue the person's compensation until the superintendent of public instruction has made a final determination of whether or not to suspend or revoke the person's teaching certificate. If the superintendent of public instruction does not suspend or revoke the person's teaching certificate, the public school, school district, intermediate school district, or nonpublic school shall make the person whole for lost compensation, without interest. However, if a collective bargaining agreement is in effect as of the effective date of this subsection for employees of a school district, intermediate school district, or public school academy, and if the terms of that collective bargaining agreement are inconsistent with this subsection, then this subsection does not apply to that school district, intermediate school district, or public school academy until after the expiration of that collective bargaining agreement.

(5) Except as otherwise provided in this subsection, after the completion of a person's sentence, the person may request a hearing before the superintendent of public instruction on reinstatement of his or her teaching certificate. Based upon the issues and evidence presented at the hearing, the superintendent of public instruction may reinstate, continue the suspension of, or permanently revoke the person's teaching certificate. The superintendent of public instruction shall not reinstate a person's teaching certificate unless the superintendent of public instruction finds that the person is currently fit to serve in an elementary or secondary school in this state and that reinstatement of the person's teaching certificate will not adversely affect the health, safety, and welfare of pupils. If a person's conviction was for a listed offense, the person is not entitled to request a hearing on reinstatement under this subsection, and the superintendent of public instruction shall not reinstate the person's teaching certificate under this subsection.

(6) All of the following apply to a person described in this section whose conviction is reversed upon final appeal:

(a) The person's teaching certificate shall be reinstated upon his or her notification to the superintendent of public instruction of the reversal.

(b) If the suspension of the person's teaching certificate under this section was the sole cause of his or her discharge from employment, the person shall be reinstated, upon his or her notification to the appropriate local or intermediate school board of the reversal, with full rights and benefits, to the position he or she would have had if he or she had been continuously employed.

(c) If the person's compensation was discontinued under subsection (4), the public school, school district, intermediate school district, or nonpublic school shall make the person whole for lost compensation.

(7) If the prosecuting attorney in charge of a case receives a form as provided under section 1230d, the prosecuting attorney shall notify the superintendent of public instruction, and any public school, school district, intermediate school district, or nonpublic school in which the person is employed by forwarding a copy of the form to each of them not later than 7 days after receiving the form. If the court receives a form as provided under section 1230d, the court shall notify the superintendent of public instruction and any public school, school district, intermediate school district, or nonpublic school in which the person is employed by forwarding to each of them a copy of the form and information regarding the sentence imposed on the person not later than 7 days after the date of sentencing, even if the court is maintaining the file as a nonpublic record.

(8) Not later than 7 days after receiving notification from the prosecuting attorney or the court under subsection (7) or learning through an authoritative source that a person who holds a teaching certificate has been convicted of a crime listed in subsection (1), the superintendent of public instruction shall request the

court to provide a certified copy of the judgment of conviction and sentence or other document regarding the disposition of the case to the superintendent of public instruction and shall pay any fees required by the court. The court shall provide this certified copy within 7 days after receiving the request and fees under this section or after entry of the judgment or other document, whichever is later, even if the court is maintaining the judgment or other document as a nonpublic record.

(9) If the superintendent of a school district or intermediate school district, the chief administrative officer of a nonpublic school, the president of the board of a school district or intermediate school district, or the president of the governing board of a nonpublic school is notified or learns through an authoritative source that a person who holds a teaching certificate and who is employed by the school district, intermediate school district, or nonpublic school has been convicted of a crime described in subsection (1) or (2), the superintendent, chief administrative officer, or board president shall notify the superintendent of public instruction of that conviction within 15 days after learning of the conviction.

(10) For the purposes of this section, a certified copy of the judgment of conviction and sentence is conclusive evidence of conviction of a crime described in this section. For the purposes of this section, conviction of a crime described in this section is considered to be reasonably and adversely related to the ability of the person to serve in an elementary or secondary school and is sufficient grounds for suspension or revocation of the person's teaching certificate.

(11) For any hearing under subsection (1), if the superintendent of public instruction does not complete the hearing procedures and make a final decision and order within 120 working days after receiving the request for the hearing, as required under subsection (1), the superintendent of public instruction shall submit a report detailing the reasons for the delay to the standing committees and appropriations subcommittees of the senate and house of representatives that have jurisdiction over education and education appropriations. The failure of the superintendent of public instruction to complete the hearing procedures and make a final decision and order within this 120 working day time limit, or the failure of any other official or agency to meet a time limit prescribed in this section, does not affect the validity of an action taken under this section affecting a person's teaching certificate.

(12) Beginning July 1, 2004, the superintendent of public instruction shall submit to the legislature a quarterly report of all final actions he or she has taken under this section affecting a person's teaching certificate during the preceding quarter. The report shall contain at least all of the following with respect to each person whose teaching certificate has been affected:

(a) The person's name, as it appears on the teaching certificate.

(b) The school district, intermediate school district, public school academy, or nonpublic school in which the person was employed at the time of the conviction, if any.

(b) Limit the rights and powers granted to a school district or intermediate school district under a collective bargaining agreement, this act, or another statute to discipline or discharge a person who holds a teaching certificate.

(14) The superintendent of public instruction may promulgate, as necessary, rules to implement this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

Unless otherwise prohibited by law, this comparison shall include convictions contained in a nonpublic record. The department and the department of state police shall perform this comparison during January and June of each year until July 1, 2008. If a comparison discloses that a person on the department's list of individuals holding a teaching certificate or state board approval has been convicted of a crime, the department shall notify the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school in which the person is employed of that conviction.

Sec. 1539b. (1) Subject to subsection (2), if a person who holds state board approval has been convicted of a crime described in this subsection, within 10 working days after receiving notice of the conviction the superintendent of public instruction shall notify the person in writing that his or her state board approval may be suspended because of the conviction and of his or her right to a hearing before the superintendent of public instruction. The hearing shall be conducted as a contested case under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. If the person does not avail himself or herself of this right to a hearing within 15 working days after receipt of this written notification, the person's state board approval shall be suspended. If a hearing takes place, the superintendent of public instruction shall complete the proceedings and make a final decision and order within 120 working days after receiving the request for a hearing. Subject to subsection (2), the superintendent of public instruction may suspend the person's state board approval, based upon the issues and evidence presented at the hearing. This subsection applies to any of the following crimes:

(a) Any felony.

(vii) Any misdemeanor that is a listed offense.

(c) A violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(2) If a person who holds state board approval has been convicted of a crime described in this subsection, the superintendent of public instruction shall find that the public health, safety, or welfare requires emergency action and shall order summary suspension of the person's state board approval under section 92 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.292, and shall subsequently provide an opportunity for a hearing as required under that section. This subsection does not limit the superintendent of public instruction's ability to order summary suspension of a person's state board approval for a reason other than described in this subsection. This subsection applies to conviction of any of the following crimes:

(a) Criminal sexual conduct in any degree, assault with intent to commit criminal sexual conduct, or an attempt to commit criminal sexual conduct in any degree.

(b) Felonious assault on a child, child abuse in the first degree, or an attempt to commit child abuse in the first degree.

(c) Cruelty, torture, or indecent exposure involving a child.

(e) A violation of section 83, 89, 91, 145a, 145b, 145c, 316, 317, 350, 448, 455, or 529 of the Michigan penal code, 1931 PA 328, MCL 750.83, 750.89, 750.91, 750.145a, 750.145b, 750.145c, 750.316, 750.317, 750.350, 750.448, 750.455, and 750.529, or a felony violation of section 145d of the Michigan penal code, 1931 PA 328, MCL 750.145d.

(j) An attempt or conspiracy to commit an offense listed in subdivision (a), (e), (f), (g), (h), or (i).

(k) A violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(l) Any other crime listed in subsection (1), if the superintendent of public instruction determines the public health, safety, or welfare requires emergency action based on the circumstances underlying the conviction.

(3) The superintendent of public instruction after a hearing shall not take action against a person's state board approval under subsection (1) or (2) unless the superintendent of public instruction finds that the conviction is reasonably and adversely related to the person's present fitness to serve in an elementary or secondary school in this state or that the conviction demonstrates that the person is unfit to teach in an elementary or secondary school in this state. Further, the superintendent of public instruction may take action against a person's state board approval under subsection (1) or (2) based on a conviction that occurred before the effective date of the amendatory act that added this subsection if the superintendent of public instruction finds that the conviction is reasonably and adversely related to the person's present fitness to serve in an elementary or secondary school in this state.

(4) If a person who has entered a plea of guilt or no contest to or who is the subject of a finding of guilt by a judge or jury of a crime listed in subsection (2) has been suspended from active performance of duty by a public school, school district, intermediate school district, or nonpublic school during the pendency of proceedings under this section, the public school, school district, intermediate school district, or nonpublic school employing the person shall discontinue the person's compensation until the superintendent of public instruction has made a final determination of whether or not to suspend or revoke the person's state board approval. If the superintendent of public instruction does not suspend or revoke the person's state board approval, the public school, school district, intermediate school district, or nonpublic school shall make the person whole for lost compensation, without interest. However, if a collective bargaining agreement is in effect as of the effective date of this subsection for employees of a school district, intermediate school district, or public school academy, and if the terms of that collective bargaining agreement are inconsistent with this

subsection, then this subsection does not apply to that school district, intermediate school district, or public school academy until after the expiration of that collective bargaining agreement.

(5) Except as otherwise provided in this subsection, after the completion of the person's sentence, the person may request a hearing before the superintendent of public instruction on reinstatement of his or her state board approval. Based upon the issues and evidence presented at the hearing, the superintendent of public instruction may reinstate, continue the suspension of, or permanently revoke the person's state board approval. The superintendent of public instruction shall not reinstate a person's state board approval unless the superintendent of public instruction finds that the person is currently fit to serve in an elementary or secondary school in this state and that reinstatement of the person's state board approval will not adversely affect the health, safety, and welfare of pupils. If a person's conviction was for a listed offense, the person is not entitled to request a hearing on reinstatement under this subsection, and the superintendent of public instruction shall not reinstate the person's state board approval under this subsection.

(6) All of the following apply to a person described in this section whose conviction is reversed upon final appeal:

(a) The person's state board approval shall be reinstated upon his or her notification to the superintendent of public instruction of the reversal.

(b) If the suspension of the state board approval was the sole cause of his or her discharge from employment, the person shall be reinstated upon his or her notification to the appropriate local or intermediate school board of the reversal, with full rights and benefits, to the position he or she would have had if he or she had been continuously employed.

(c) If the person's compensation was discontinued under subsection (4), the public school, school district, intermediate school district, or nonpublic school shall make the person whole for lost compensation.

(7) If the prosecuting attorney in charge of a case receives a form as provided under section 1230d, the prosecuting attorney shall notify the superintendent of public instruction, and any public school, school district, intermediate school district, or nonpublic school in which the person is employed by forwarding a copy of the form to each of them not later than 7 days after receiving the form. If the court receives a form as provided under section 1230d, the court shall notify the superintendent of public instruction and any public school, school district, intermediate school district, or nonpublic school in which the person is employed by forwarding to each of them a copy of the form and information regarding the sentence imposed on the person not later than 7 days after the date of the sentencing, even if the court is maintaining the file as a nonpublic record.

(8) Not later than 7 days after receiving notification from the prosecuting attorney or the court under subsection (7) or learning through an authoritative source that a person who holds state board approval has been convicted of a crime listed in subsection (1), the superintendent of public instruction shall request the court to provide a certified copy of the judgment of conviction and sentence or other document regarding the disposition of the case to the superintendent of public instruction and shall pay any fees required by the court. The court shall provide this certified copy within 7 days after receiving the request and fees under this section or after entry of the judgment or other document, whichever is later, even if the court is maintaining the judgment or other document as a nonpublic record.

(9) If the superintendent of a school district or intermediate school district, the chief administrative officer of a nonpublic school, the president of the board of a school district or intermediate school district, or the president of the governing board of a nonpublic school is notified or learns through an authoritative source that a person who holds state board approval and who is employed by the school district, intermediate school district, or nonpublic school has been convicted of a crime described in subsection (1) or (2), the superintendent, chief administrative officer, or board president shall notify the superintendent of public instruction of that conviction within 15 days after learning of the conviction.

(10) For the purposes of this section, a certified copy of the judgment of conviction and sentence is conclusive evidence of conviction of a crime described in this section. For the purposes of this section, conviction of a crime described in this section is considered to be reasonably and adversely related to the ability of the person to serve in an elementary or secondary school and is sufficient grounds for suspension or revocation of the person's state board approval.

(11) For any hearing under subsection (1), if the superintendent of public instruction does not complete the hearing procedures and make a final decision and order within 120 working days after receiving the request for the hearing, as required under subsection (1), the superintendent of public instruction shall submit a report detailing the reasons for the delay to the standing committees and appropriations subcommittees of the senate and house of representatives that have jurisdiction over education and education appropriations. The failure of the superintendent of public instruction to complete the hearing procedures and make a final decision and order within this 120 working day time limit, or the failure of any other official or agency to meet a time limit

prescribed in this section, does not affect the validity of an action taken under this section affecting a person's state board approval.

(12) Beginning July 1, 2004, the superintendent of public instruction shall submit to the legislature a quarterly report of all final actions he or she has taken under this section affecting a person's state board approval during the preceding quarter. The report shall contain at least all of the following with respect to each person whose state board approval has been affected:

(a) The person's name, as it appears on the state board approval.

(b) The school district, intermediate school district, public school academy, or nonpublic school in which the person was employed at the time of the conviction, if any.

(c) The offense for which the person was convicted and the date of the offense and date of the conviction.

(d) Whether the action taken by the superintendent of public instruction was a summary suspension, suspension due to failure to request a hearing, suspension, revocation, or reinstatement of the state board approval.

(13) This section does not do any of the following:

(a) Prohibit a person who holds state board approval from seeking monetary compensation from a school board or intermediate school board if that right is available under a collective bargaining agreement or another statute.

(b) Limit the rights and powers granted to a school district or intermediate school district under a collective bargaining agreement, this act, or another statute to discipline or discharge a person who holds state board approval.

(c) Exempt a person who holds state board approval from the operation of section 1535a if the person holds a certificate subject to that section.

(d) Limit the ability of a state licensing body to take action against a person's license or registration for the same conviction.

(14) The superintendent of public instruction may promulgate, as necessary, rules to implement this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(15) The department of information technology shall work with the department and the department of state police to develop and implement an automated program that does a comparison of the department's list of individuals holding a teaching certificate or state board approval with the conviction information received by the department of state police. Unless otherwise prohibited by law, this comparison shall include convictions contained in a nonpublic record. The department and the department of state police shall perform this comparison during January and June of each year until July 1, 2008. If a comparison discloses that a person on the department's list of individuals holding a teaching certificate or state board approval has been convicted of a crime, the department shall notify the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school in which the person is employed of that conviction.

(16) As used in this section:

(a) "Conviction" means a judgment entered by a court upon a plea of guilty, guilty but mentally ill, or nolo contendere or upon a jury verdict or court finding that a defendant is guilty or guilty but mentally ill.

(b) "Listed offense" means that term as defined in section 2 of the sex offenders registration act, 1994 PA 295, MCL 28.722.

(c) "Prosecuting attorney" means the prosecuting attorney for a county, an assistant prosecuting attorney for a county, the attorney general, the deputy attorney general, an assistant attorney general, a special prosecuting attorney, or, in connection with the prosecution of an ordinance violation, an attorney for the political subdivision that enacted the ordinance upon which the violation is based.

(d) "State board approval" means a license, certificate, approval not requiring a teaching certificate, or other evidence of qualifications to hold a particular position in a school district or intermediate school district or in a nonpublic school, other than a teacher's certificate subject to section 1535a, that is issued to a person by the state board or the superintendent of public instruction under this act or a rule promulgated under this act.

COMPULSORY SCHOOL ATTENDANCE

380.1561 Compulsory attendance at public school; enrollment dates; exceptions.

Sec. 1561. (1) Except as otherwise provided in this section, every parent, guardian, or other person in this state having control and charge of a child from the age of 6 to the child's sixteenth birthday shall send that child to a public school during the entire school year. The child's attendance shall be continuous and consecutive for the school year fixed by the school district in which the child is enrolled. In a school district that maintains school during the entire calendar year and in which the school year is divided into quarters, a child is not required to attend the public school more than 3 quarters in 1 calendar year, but a child shall not be absent for 2 or more consecutive quarters.

(2) A child becoming 6 years of age before December 1 shall be enrolled on the first school day of the school year in which the child's sixth birthday occurs. A child becoming 6 years of age on or after December 1 shall be enrolled on the first school day of the school year following the school year in which the child's sixth birthday occurs.

(3) A child is not required to attend a public school in any of the following cases:

(a) The child is attending regularly and is being taught in a state approved nonpublic school, which teaches subjects comparable to those taught in the public schools to children of corresponding age and grade, as determined by the course of study for the public schools of the district within which the nonpublic school is located.

(b) The child is less than 9 years of age and does not reside within 2-1/2 miles by the nearest traveled road of a public school. If transportation is furnished for pupils in the school district of the child's residence, this subdivision does not apply.

(c) The child is age 12 or 13 and is in attendance at confirmation classes conducted for a period of 5 months or less.

(d) The child is regularly enrolled in a public school while in attendance at religious instruction classes for not more than 2 class hours per week, off public school property during public school hours, upon written request of the parent, guardian, or person in loco parentis under rules promulgated by the state board.

(e) The child has graduated from high school or has fulfilled all requirements for high school graduation.

(f) The child is being educated at the child's home by his or her parent or legal guardian in an organized educational program in the subject areas of reading, spelling, mathematics, science, history, civics, literature, writing, and English grammar.

(4) For a child being educated at the child's home by his or her parent or legal guardian, exemption from the requirement to attend public school may exist under either subsection (3)(a) or (3)(f), or both.

Constitutionality: Shared time instruction of sectarian, nonpublic school students in and of itself is not violative of the Establishment Clause even where benefits to religion appear substantial; it is only where it is clear that the program was motivated wholly by religious considerations that a conflict with the clause would exist. *Snyder v. Charlotte Schools*, 421 Mich. 517, 365 N.W.2d 151 (1984).

Shared time instruction clearly is not intended to benefit one or all religions; rather, the purpose is secular: to provide educational opportunities at public schools for all resident school-age children whether they attend public or religious or secular nonpublic schools. *Snyder v. Charlotte Schools*, 421 Mich. 517, 365 N.W.2d 151 (1984).

(2) If a city or township and the school district or intermediate school district fail to reach an agreement pursuant to subsection (1) for the collection of the summer property tax levy of a school district or intermediate school district subject to subsection (3), the school district or intermediate school district then may negotiate, until April 1, a proposed agreement with the county treasurer to collect its summer property tax levy against property located in that city or township. If a proposed agreement with the county treasurer has not been reached by April 1, the school district or intermediate school district may determine to serve as the property tax collecting unit and collect its own summer property tax levy against property in that city or township.

(3) If, pursuant to subsection (2), the school district or intermediate school district has determined to collect its own summer property tax levy or has reached a proposed agreement with a county treasurer on the collection of its summer property tax levy against property located in a city or township with which an agreement to collect this levy could not be made pursuant to subsection (1), the school district shall notify by April 15 that city or township of the terms of the statement required by subsection (4)(b) and the city or township shall have 15 days in which to exercise an option to collect the school district's or intermediate school district's summer property tax levy pursuant to the terms of section 1611 or 1612.

(4) Collection of all or part of a school district's or intermediate school district's property tax levy by a county treasurer or by the school district or intermediate school district shall comply with all of the following:

(a) Collection shall be either 1/2 or the total of the property tax levy against the properties, as specified for that year in the resolution of the district.

(b) The actual cost of the collection which the school district or intermediate school district has agreed to incur itself or to pay the county treasurer that is in addition to any fees imposed pursuant to subdivision (g), and the aggregate amount of costs of collection the district has agreed to incur or the county treasurer may receive from district payments and from fees and charges imposed pursuant to subdivision (g) shall be stated in writing and reported to the state treasurer.

(c) Before June 30 the county treasurer or, if the district is collecting its own summer property tax levy, the treasurer of the school district or intermediate school district shall spread the taxes being collected in terms of millages on the assessment roll, assess the amount of tax levied in proportion to the state equalized valuation, and prepare a tax roll which commands the appropriate treasurer to collect on July 1 the taxes indicated as due on the tax roll.

(d) Taxes authorized to be collected shall become a lien against the property on which assessed, and due from the owner of that property, on July 1.

(e) Taxes shall be collected on or before September 14 and all taxes and interest imposed pursuant to subdivision (f) unpaid before March 1 shall be returned as delinquent on March 1. Taxes delinquent under this subdivision shall be collected pursuant to Act No. 206 of the Public Acts of 1893, as amended.

(f) Interest shall be added to taxes collected after September 14 at that rate imposed by section 59 of Act No. 206 of the Public Acts of 1893, being section 211.59 of the Michigan Compiled Laws, on delinquent property tax levies which became a lien in the same year.

(g) All or a portion of fees or charges, or both, authorized under section 44 of Act No. 206 of the Public Acts of 1893, being section 211.44 of the Michigan Compiled Laws, may be imposed on taxes paid before March 1 and shall be retained by the treasurer actually performing the collection of the summer property tax levy of the school district or intermediate school district, regardless of whether all or part of these fees or charges, or both, have been waived by the township or city.

(5) An agreement for the collection of a summer property tax levy of a school district or intermediate school district with a county treasurer shall include a schedule for delivering collections to the school district or intermediate school district.

(6) To the extent applicable and consistent with the requirements of this section, the provisions of Act No. 206 of the Public Acts of 1893, shall apply to proceedings in relation to the assessment, spreading, and collection of taxes pursuant to this section. Additionally, in relation to the assessment, spreading, and collection of taxes pursuant to this section, the county treasurer or, if the district is collecting its own summer property tax levy, the treasurer of the school district or intermediate school district shall have powers and duties similar to those prescribed by Act No. 206 of the Public Acts of 1893, for township supervisors, township clerks, and township treasurers. However, this section shall not be considered to transfer any authority over the assessment of property.

(7) If a county treasurer or the treasurer of a school district or intermediate school district collects the summer property tax levy of the district, the township or city shall deliver by June 1 a certified copy of the assessment roll containing state equalized valuations for each parcel of taxable property in the township or city to the treasurer collecting the summer property tax levy of the school district or intermediate school district. The county treasurer or the treasurer of a school district or intermediate school district receiving this certified copy of the assessment roll shall remit the necessary cost incident to the reproduction of the assessment roll to the township or city.

(8) A county treasurer or treasurer of a school district or intermediate school district collecting taxes pursuant to this section shall be bonded for tax collection in the same amount and in the same manner as a township treasurer would be for undertaking the duties prescribed by this section.

(9) An agreement for the collection of a summer property tax levy between a school district or intermediate school district and a county may cover summer collections for 2 years. If an agreement covers summer collections for 2 years, the resolution and request required by subsection (1), the notice required by subsection (2), and the option to reconsider provided by subsection (3) shall not apply for summer collections in the second year.

(10) If collections are made pursuant to this section by a county treasurer or by the treasurer of a school district or intermediate school district, all payments from a school district or intermediate school district for collecting its summer property tax levy and all revenues generated from collection fees shall be deposited, when received or collected, in a current school tax collection fund, which fund shall be used by the county treasurer or treasurer of the school district or intermediate school district to pay for the cost of collecting the district's summer property tax levy. The current school tax collection fund shall be segregated from all other funds and once the current school tax collection fund has been established money shall not be withdrawn except upon an order, check, or draft of the collecting treasurer for the purpose of paying 1 or more of the following costs:

(a) The cost of special deputy treasurers and equipment directly involved in the collection of current property taxes.

(b) The cost of all services determined necessary by the collecting treasurer to collect the summer property tax levy of the school district or intermediate school district.

(c) The contract payments to any person, firm, or corporation employed by the collecting treasurer to assist in the collection of the current property taxes.

(11) All surplus money in a current school tax collection fund shall be invested by the collecting treasurer in any investment authorized by Act No. 20 of the Public Acts of 1943, being sections 129.91 to 129.93 of the Michigan Compiled Laws. The county treasurer and the treasurer of a school district or intermediate school district shall publish, on March 1 of the year after the treasurer first collects the summer property tax levy of a school district or intermediate school district and each year thereafter, an annual report on the status of the fund for the last year ending December 31. The report shall show the total charges, expenses, and year-end

surplus.

(12) Money in the current school tax collection fund shall not be transferred to the general fund of the county, school district, or intermediate school district or made the subject of appropriation by the county, school district, or intermediate school district. Any surplus in a current school tax collection fund shall be used by the county treasurer, school district treasurer, or intermediate school district treasurer to reduce the following costs for the next summer property tax levy of a school district or intermediate school district that is collected by the county treasurer, school district treasurer, or intermediate school district treasurer:

- (a) The costs of collection, in excess of fees and charges, incurred or paid pursuant to subsection (4)(b).
- (b) The fees and charges imposed pursuant to subsection (4)(g).

(13) A city treasurer, township treasurer, county treasurer, school district treasurer, or intermediate school district treasurer that collects pursuant to this section, section 1611, or section 1612 the summer property tax levy of a school district or intermediate school district against property eligible for a deferral of summer property taxes under section 51 of Act No. 206 of the Public Acts of 1893, being section 211.51 of the Michigan Compiled Laws, and, if not otherwise eligible for deferral thereunder, against property classified as agricultural real property if the gross receipts of the agricultural or horticultural operations in the previous year or the average gross receipts of such operations in the previous 3 years are not less than the household income of the owner in the previous year shall defer the collection of these summer property taxes without penalty or interest until the following February 15 upon a filing by the taxpayer of an intent to defer with the property tax collecting treasurer in the same manner as provided by section 51 of Act No. 206 of the Public Acts of 1893. The treasurer of a city, township, school district, intermediate school district, or county who collects the summer property tax levy of a school district or intermediate school district also shall comply with the publication and assistance requirements of section 51 of Act No. 206 of the Public Acts of 1893, with respect to property eligible for a deferral under this subsection.

380.1724a Property taxes levied by intermediate school district for special education.

Sec. 1724a. (1) Beginning in 1995, and subject to section 625b, the board of an intermediate school district may levy ad valorem property taxes for special education purposes under sections 1722 to 1729 at a rate not to exceed 1.75 times the number of mills of those taxes authorized in the intermediate school district in 1993. All or part of the millage levied under this section may be renewed as provided in this article. Approval of the intermediate school electors is not required for the levy under this section of previously authorized mills until that authorization expires.

(2) An intermediate school district that levies a tax for special education operating purposes shall not use proceeds from the tax for any purpose other than special education operating purposes and shall submit to the department of treasury a copy of the audit report from the audit of the intermediate school district conducted under section 622a. If the department of treasury determines from the audit report that the proceeds from the tax have been used for a purpose other than special education operating purposes, as defined under subsection (4), the department of treasury shall notify the intermediate school district of that determination. If the intermediate school district disputes the determination or claims that the situation has been corrected, within 15 days after receipt of the determination the intermediate school district may submit an appeal of the determination to the department of treasury. Within 90 days after receipt of the appeal, the department of treasury shall consider the appeal and make a determination of whether the initial determination was correct or incorrect and of whether the situation has been corrected. If the department of treasury finds that the initial determination was correct and that the situation has not been corrected, then the department of treasury shall file a copy of the report with the attorney general. The attorney general shall review the report and, if the attorney general considers it appropriate, shall commence or direct the prosecuting attorney for the county in which the violations occurred to commence appropriate proceedings against the intermediate school board or the official or employee. These proceedings shall include at least a civil action in a court of competent jurisdiction for the recovery of any public money determined by the audit to have been illegally expended and for the recovery of any public property determined by the audit to have been converted or misappropriated.

(3) If the attorney general determines from a report filed under subsection (2) that an intermediate school district has misspent tax proceeds as described in subsection (2) and notifies the intermediate school district of this determination, the intermediate school district shall repay to its special education operating fund an amount equal to the amount the department of treasury determined under subsection (2) has been used for a purpose other than special education operating purposes. The intermediate school district shall make this repayment from funds of the intermediate school district that lawfully may be used for making such a repayment.

(4) For the purposes of subsections (2) and (3), the department and the department of treasury, in consultation with intermediate school districts, shall develop and make available to intermediate school districts a definition of special education operating purposes.

(5) An intermediate district shall not hold more than 2 elections in a calendar year concerning the authorization of a millage rate for special education purposes under sections 1722 to 1729.
