

## COVID-19 Isolation & Quarantine Protocols

### If you test positive for COVID-19 (Isolation)

**Students and staff who test positive and/or display symptoms should isolate regardless of vaccination status:**

- Isolate at home for 5 days **AND** If symptoms have improved or you continue to have no symptoms, return to school, while wearing a well-fitted mask for days 6-10

**OR**

- Stay home for 10 days if symptoms are not improving or you are unable to wear a mask

*If you have a fever stay home until you are fever free for a period of 24 hours without the use of fever reducing medications.*

### If you were exposed to someone with COVID-19 (Quarantine)

**Close contacts of a COVID-19 case do not need to quarantine at home if they:**

- Had confirmed COVID-19 within the last 90 days; **AND/OR**  
**Are up to date on all recommended COVID-19 vaccines for which they are eligible**

*These contacts should still monitor their symptoms and wearing a mask is **Strongly Recommended** and encouraged for 10 days from the date of last exposure.*

---

**Close contacts from school who do not meet the criteria above may either:**

- Home quarantine for 10 days
- Stay in school and monitor for symptoms and wearing a mask is **Strongly Recommended** and encouraged for 10 days from the date of last exposure

*Students should monitor for symptoms throughout quarantine period (days 1-10) and get tested if symptoms develop.*

---

**Close contacts from home who do not meet the vaccination or 90 day criteria above:**

- Home quarantine for 10 days
